The Great American Songbook Charles Denison, Chuck Denison, 2010 From Tin Pan Alley to Broadway and Hollywood, The Great American Songbook: The Stories Behind the Standards tells the stories of our most popular songs with humor, drama and insight. This is timeless music written in unique ways that is constantly being reinterpreted by each generation. Isaac Stern made this distinction between talent and genius: A person possesses talent; genius possesses the person. This is a book about singers, musicians, lyricists and composers taking their talent into the atmosphere of immortality. They are fascinating, and they set the standards by which popular music is measured. They may not have lived easy lives, but their creativity drove them to new heights and they changed the face of American music forever. Music by a wide variety of artists is covered. Some chapters tell the story of just one song; others sketch the life stories of the artists. Music lovers will find new facts and deeper understanding about old friends in The Great American Songbook: The Stories Behind the Standards.

**The Great American Songbook** Steven Suskin, 2023-04-01 In an age of ubiquitous music and countless new songs releasing every minute, the Great American Songbook endures. After all, the Songbook—that sprawling canon of popular songs, standards, and show tunes from roughly the 1920s through the 1950s—is a foundational text of American pop music. Rare indeed is the song that doesn't in some way draw on this magnificent corpus, and rare is the person who hasn't heard at least a few of its most enduring melodies. Nonetheless, the Songbook is broader and deeper than most listeners can imagine, and on the margins, the question of whether this or that song should be included is the source of regular arguments among scholars and buffs alike. Attempting to plumb its depths can be a daunting prospect. Enter Steven Suskin, who has been writing about music since the days that Rodgers, Arlen, and Berlin still roamed the streets of Manhattan. In this carefully curated and cheerfully opinionated guidebook, Suskin surveys 201 of the most significant selections from the Songbook, ranging from celebrated masterpieces to forgotten gems. Year by year, he puts songwriters and their contributions in their context, and explains what makes each song such a distinctive treat—whether felicitous melody, colorful harmony,

compositional originality, or merely the sheer, irreducible joy of listening to it. Old and new favorites await all readers of this painstakingly compiled, enthusiastically written catalog.

Listening for America Rob Kapilow, 2019-11-05 Finalist • The Marfield Prize [National Award for Arts Writing] “Not since the late Leonard Bernstein has classical music had a combination salesman-teacher as irresistible as Kapilow.” —Kansas City Star “If you want to understand American history, listen to its popular music,” writes renowned NPR host Rob Kapilow. “If you want to understand America’s popular music, listen to its history.” Through the songs of eight legendary American composers—Kern, Porter, Gershwin, Arlen, Berlin, Rodgers, Bernstein, and Sondheim—Kapilow listens for the history not just of musical theater, but of America itself. Combining close readings of Broadway hits like “Summertime” and “Stormy Weather” with a wide-angled historical point of view, *Listening for America* shows us how we too can listen along as America discovered its identity through the epochal transformations of the twentieth century.

*City Songs and American Life, 1900-1950* Michael L. Lasser, 2019 Nothing defines the songs of the great American songbook more richly and persuasively than their urban sensibility. During the first half of the twentieth century, songwriter such as Harold Arlen, Irving Berlin, Dorothy Fields, George and Ira Gershwin, and Thomas 'Fats' Waller flourished in New York City, the home of Tin Pan Alley, Broadway, and Harlem. Many of these remarkably deft and forceful creators were

native New Yorkers. Others got to Gotham as fast as they could. Either way, it was as if, from their vantage point on the West Side of Manhattan, these artists were describing America--not its geography or politics, but its heart--to Americans and to the world at large. In *City songs and American life, 1900-1950*, renowned author and broadcaster Michael Lasser offers an evocative and probing account of the popular songs--including some written originally for the stage or screen--that America heard, and sang, and danced to during the turbulent first half of the twentieth century. Lasser demonstrates how the spirit of the teeming city pervaded these wildly diverse songs. Often that spirit took form overtly in songs that portrayed the glamor of Broadway or the energy and jazz age culture of Harlem. But a city-bred spirit--or even a specifically New York City way of feeling and talking--also infused many other widely known and loved songs, stretching from the early decades of the century to the twenties (the age of the flapper, bathtub gin, and women's right to vote), the Great Depression, and, finally, World War II. Throughout this remarkable book, Lasser emphasizes how the soul of city life, as echoes in the nation's songs, developed and changed in tandem with economic, social, and political currents in America as a whole--Dust jacket flap.

My Melancholy Baby Michael G. Garber, 2021-06-28 2022 Association for Recorded Sound Collections Awards for Excellence—Certificate of Merit in the category of Best Historical Research in Recorded Rock and Popular Music Ten songs, from “Bill Bailey, Won’t You Please Come Home” (1902) to “You Made Me Love You” (1913), ignited the development of the classic pop ballad. In this exploration of how the style of the Great American Songbook evolved, Michael G. Garber unveils the complicated, often-hidden origins of these enduring, pioneering works. He riffs on colorful stories that amplify the rising of an American folk art composed by innovators both famous and obscure. Songwriters, and also the publishers, arrangers, and performers, achieved together a collective genius that moved hearts worldwide to song. These classic ballads originated all over the nation—Louisiana, Colorado, Illinois, Michigan—and then the Tin Pan Alley industry, centered in New York, made the tunes unforgettable sensations. From ragtime to bop, cabaret to radio, new styles of music and modes for its dissemination invented and reinvented the intimate, personal American love ballad, creating something both swinging and tender. Rendered by Frank Sinatra, Ella Fitzgerald, and a host of others, recordings and movies carried these songs across the globe. Using previously underexamined sources, Garber demonstrates how these songs shaped the music industry and the lives of ordinary Americans. Besides covering famous composers like Irving Berlin, this history also introduces such little-known figures as Maybelle Watson, who had to sue to get credit and royalties for creating the central content of the lyric for “My Melancholy Baby.” African American Frank Williams contributed to the seminal “Some of These Days” but was forgotten for decades. The ten ballads explored here permanently transformed American popular song.
