**Combat Death in Contemporary American Culture** Agnieszka Soltysik Monnet, 2020-12-16 *Combat Death in Contemporary American Culture: Popular Cultural Conceptions of War since World War II* explores how war has been portrayed in the United States since World War II, with a particular focus on an emotionally charged but rarely scrutinized topic: combat death. Agnieszka Soltysik Monnet argues that most stories about war use three main building blocks: melodrama, adventure, and horror. Monnet examines how melodrama and adventure have helped make war seem acceptable to the American public by portraying combat death as a meaningful sacrifice and by making military killing look necessary and often even pleasurable. Horror no longer serves its traditional purpose of making the bloody realities of war repulsive, but has instead been repurposed in recent years to intensify the positivity of melodrama and adventure. Thus this book offers a fascinating diagnosis of how war stories perform ideological and emotional work and why they have such a powerful grip on the American imagination.

**The Cambridge History of the Gothic: Volume 3, Gothic in the Twentieth and Twenty-First Centuries** Catherine Spooner, Dale Townshend, 2021-08-19 The third volume of *The Cambridge History of the Gothic* is the first book to provide an in-depth history of Gothic literature, film, television and culture in the twentieth and twenty-first centuries (c. 1896-present). Identifying key historical shifts from the birth of film to the threat of apocalypse, leading international scholars offer comprehensive coverage of the ideas, events, movements and contexts that shaped the Gothic as it entered a dynamic period of diversification across all forms of media. Twenty-three chapters plus an extended introduction provide in-depth accounts of topics including Modernism, war, postcolonialism, psychoanalysis, counterculture, feminism, AIDS, neo-liberalism, globalisation, multiculturalism, the war on terror and environmental crisis. Provocative and cutting edge, this will be an essential reference volume for anyone studying modern and contemporary Gothic culture.

The Complete Kubrick David Hughes, 2013-05-31 With just thirteen feature films in half a century, Stanley Kubrick

established himself as one of the most accomplished directors in motion picture history. Kubrick created a landmark and a benchmark with every film; working in almost every genre imaginable, including film noir, war movie, SF, horror, period drama, historical epic, love story and satire - yet transcended traditional genre boundaries with every shot. Examining every feature film, from the early shorts through to classics such as *Paths of Glory*, *Dr Strangelove*, *2001: A Space Odyssey*, *A Clockwork Orange*, *The Shining*, *Full Metal Jacket* and finally, *Eyes Wide Shut*, *The Complete Kubrick* provides a unique insight into understanding the work of cinema's most enigmatic, iconoclastic and gifted auteur.

*The American South and the Vietnam War* Joseph A. Fry, 2015-06-19 To fully comprehend the Vietnam War, it is essential to understand the central role that southerners played in the nation's commitment to the war, in the conflict's duration, and in the fighting itself. President Lyndon B. Johnson of Texas and Secretary o

**Friendly Fire : American Images of the Vietnam War** Riverside Katherine Kinney Associate Professor of English University of California, 2000-10-09 Hundreds of memoirs, novels, plays, and movies have been devoted to the American war in Vietnam. In spite of the great variety of mediums, political perspectives and the degrees of seriousness with which the war has been treated, Katherine Kinney argues that the vast majority of these works share a single story: that of Americans killing Americans in Vietnam. *Friendly Fire*, in this instance, refers not merely to a tragic error of war, it also refers to America's war with itself during the Vietnam years. Starting from this point, this book considers the concept of friendly fire from multiple vantage points, and portrays the Vietnam age as a crucible where America's cohesive image of itself is shattered--pitting soldiers against superiors, doves against hawks, feminism against patriarchy, racial fear against racial tolerance. Through the use of extensive evidence from the film and popular fiction of Vietnam (i.e. Kovic's *Born on the Fourth of July*, Didion's *Democracy*, O'Brien's *Going After Cacciato*, Rabe's *Sticks and Bones* and *Streamers*), Kinney draws a powerful picture of a nation politically, culturally, and socially divided, and a war that has been memorialized as a contested site of art, media, politics, and ideology.

**War, Literature, and the Arts** ,2007

**American Soldiers** Peter S. Kindsvatter, 2003 Some warriors are drawn to the thrill of combat and find it the defining moment of their lives. Others fall victim to fear, exhaustion, impaired reasoning and despair. This book synthesizes the wartime experiences of American soldiers, from the doughboys of World War I to the grunts of Vietnam. Focusing on both soldiers and marines, it draws on histories and memoirs, oral histories, psychological and sociological studies and even fiction to show that their experiences remain fundamentally the same regardless of the enemy, terrain, training or weaponry.

*The West and the American Dream* Yonka Krasteva, 2000

**Black Prisoner of War** James A. Daly, Lee Bergman, 2000 Among the few autobiographical works about Vietnam by a black author, this memoir by Daly (1946-98), a Jehovah's Witness who renounced the US position after five years in the

infamous Hanoi Hilton, controversially explores race relations and the less than courageous. The introduction provides context. Originally published by Bobbs-Merrill as A Hero's Welcome. Annotation copyrighted by Book News Inc., Portland, OR

**Fractured Selves: the Psychological Impact of the Vietnam War** Leila Dressi, Max Nänny (Anlist), 1998

**Depth of Field** Geoffrey Cocks, James Diedrick, Glenn Perusek, 2006-06-23 Analyzes Stanley Kubrick's films from a variety of perspectives. This is a study of one of the controversial filmmakers of the twentieth century. It ends with three viewpoints on Kubrick's final film, Eyes Wide Shut, placing it in the contexts of film history, the history and theory of psychoanalysis, and the sociology of sex and power.

**The Remasculinization of America** Susan Jeffords, 1989 In this book the author examines representations of the Vietnam experience in film, oral history, novels, and short stories and finds that the media have helped remasculinize, or regender social relations. She argues that the war, instead of leading to a reexamination of the US value system, has spurred a revitalization of the traditional values of capitalism and bourgeois individualism.--Amazon.com.

**Cross-cultural Studies** Mirko Jurak, 1988

**The Vietnam War** Kenton J. Clymer, 1998 In March 1996, A Public Symposium: The History, Literature and Music of the Vietnam War, was held in El Paso, Texas. Nationally renowned experts on the Vietnam War offered lectures, poetry readings and music related to this turbulent era in American history. Although more than twenty years have passed since America's involvement in Vietnam, the participants in this symposium put forth deeply passionate and moving analyses of the topics they addressed. The Vietnam War: Its History, Literature and Music is a compilation of the papers presented at the symposium. They cover a broad range of themes and ideas, but the overall thematic unity in all of these works is the trauma the war caused, both in Vietnam and the United States.--BOOK JACKET.
