American Serfdom Vs. Eternal Vigilance Is the Price of Liberty Bridger Daquan, 2009-09-04 The citizens of the United States are being held hostage by international banking cartels, the Federal Reserve System, and fundamentalist Christian views. In *American Serfdom vs. Eternal Vigilance is the Price of Liberty*, author Bridger Daquan searches for the truth and explores this topic by examining the history and the issues that have led to this serfdom. In this serious discussion, Daquan advocates disbanding the Federal Reserve System, which was established in 1913. He recommends that the United States, its leaders, and its citizens remain true to the country's original founding documents including the Declaration of Independence, the Constitution, and the Bill of Rights. *American Serfdom vs. Eternal Vigilance is the Price of Liberty* strongly urges United States citizens and its leaders to oppose a one world banking and currency system that will destroy the Constitution and the principles identified in the nation's founding documents. Daquan seeks to avoid the enslavement of the American people.

Unmasking the Pagan Christ Stanley E. Porter, Stephen J. Bedard, 2006 Rabbi or Messiah? Prophet or the Son of God? People have debated the identity of Jesus of Nazareth since the first century. But what if there was no Jesus? What if there was no Mary or Joseph, no twelve apostles? What if the story of Jesus was no more than a myth to convey spiritual truth? These claims have been around for hundreds of years and have become more prominent with well-known religion columnist Tom Harpur's recent book, *The Pagan Christ*. Harpur claims that Jesus was not a historical figure, but was one version of an

ancient myth that can be traced from ancient Egyptian religion to the Roman mystery cults. Stanley Porter and Stephen Bedard tackle this radical claim by looking at the roots of the pagan Christ idea, examining the supposed pagan parallels and presenting the evidence for the historical Jesus. The authors demonstrate that the suggestion of pagan origins for the Gospel story is not based on historical or textual evidence, but rather on a desire to create a universalistic spirituality revolving around a Cosmic Christ within each person. A fair examination of both the mythological and biblical texts reveal that the traditional understanding of an actual historical figure known as Jesus of Nazareth appearing two thousand years ago is indeed the only logical conclusion. Stanley E. Porter is President and Dean, and Professor of New Testament at McMaster Divinity College, Hamilton, Ontario, Canada. Porter has M.A. degrees from Claremont Graduate School and Trinity Evangelical Divinity School, and the Ph.D. from the University of Sheffield. He has written widely on issues of concern in study of the New Testament, such as Jesus, Paul, the book of Acts, and John. He has a passion for education in the church, and preaches and teaches regularly. Stephen J. Bedard is the pastor of Woodford Baptist Church and First Baptist Church, Meaford, Ontario, Canada. He holds the M.Div. and M.Th. degrees from McMaster Divinity College, and is actively engaged in further graduate study. Bedard is an advocate of informed preaching and teaching, and is devoted to the ministry of the local church.

Mistake of Gods. Warning against experiments with human genome Valeriy Zhiglov, 2016-06-27 This is a science education book that discloses the age and the origins of the human civilization. It reveals the most mysterious and the most unknowable – aliens, visiting the ancient Earth, and their amazing genetic experiments, which they carried out here. Based on multiple evidences, the author describes the significant difference between Celestials and ordinary Earth humans in every detail, and possible reasons to have the humans destroyed with the Flood are also listed.

Creation vs. Evolution Frederick Guttman, In the last two centuries, a powerful war has begun against all classes that call themselves theists. Clearly the Catholic occultism of 14 centuries left strong meya, especially in Europe. The Inquisition, that is, the persecutions, the murders, the arbitrariness, the robberies and the monopoly of Rome, arrived even at the dawn of the Second World War, but the worst damage caused by them was to make the world see in Catholicism the representative image of God, and as such, a great hatred was created for everything related to religion. We know that Catholicism was born in the year 325 AD in the days of Constantine, but the religious dictatorship was not born there, because 3 centuries later, another pioneer revived religious wars, putting them at the level of battle lines. Between Islam and Catholicism they led the

free world to they detested God, because in them they saw a reflection of the God that the Bible spoke of. Although the true message of God was lost at the end of the first century at the time of its precursors, the Messianic Jews or Christian Jews - as they were called in Antioch - had perished.

Monumental Christianity, or The art and symbolism of the primitive church as witnesses and teachers of one Catholic faith and practice John Patterson Lundy,1875

A Fairy Tale Created Original Sin Reginald E. Nixon,2006 Christians are taught to believe that creation and original sin in Genesis actually occurred. They must believe that God created a tree of the knowledge of good and evil, a talking serpent capable of beguiling Eve, and magic fruit that made Adam and Eve aware that they are naked. And, as if by magic, this became original sin and we are all guilty. God cannot forgive until he receives a human sacrifice. This book supplies the evidence to confirm that an ancient fairy tale created original sin. The book questions claims made by organized religions, the existence of the soul and the benefit of prayer. The book asks and investigates: If original sin is a fairy tale what other claims made by organized religion may be in doubt? This book rejects fairy tales but not the existence of God.
