Living with a SEAL Jesse Itzler, 2015-11-03 Entrepreneur Jesse Itzler chronicles his month of living and extreme fitness training with a Navy SEAL in the New York Times and #1 LA Times bestseller Living With a Seal, now with two bonus chapters. Entrepreneur Jesse Itzler will try almost anything. His life is about being bold and risky. So when Jesse felt himself

drifting on autopilot, he hired a rather unconventional trainer to live with him for a month-an accomplished Navy SEAL widely considered to be the toughest man on the planet! Living With a Seal is like a buddy movie if it starred the Fresh Prince of Bel-Air. . .and Rambo. Jesse is about as easy-going as you can get. SEAL is. . . not. Jesse and SEAL's escapades soon produce a great friendship, and Jesse gains much more than muscle. At turns hilarious and inspiring, Living With a Seal ultimately shows you the benefits of stepping out of your comfort zone.

Summary of Jesse Itzler's Living With A SEAL Everest Media,2022-03-19T22:59:00Z Please note: This is a companion version & not the original book. Sample Book Insights: #1 I saw SEAL at a twenty-four-hour relay race in San Diego. He was the only African American in the race, and he weighed over 260 pounds. He seemed pissed. #2 I met a Navy SEAL named Matt who ran a 24-hour ultramarathon alone. He was a cross between a gladiator and the G. I. Joe action hero my son has. I was intimidated by his appearance, but his demeanor was magnetic. #3 I met with SEAL, who trained me how to disappear. He asked me to move into his house to train me. I did everything he said, and he pushed me to extremes. I was able to do a thousand push-ups in a day by the end of our training. #4 In extreme heat, you have to get medieval. Embrace it! Grind it out. Think about how others are suffering. Enjoy the pain.

Living with the Monks Jesse Itzler, 2018-05-29 Equal parts memoir and road map to living a less stressful and more vibrant life, bestselling author Jesse Itzler offers an illuminating, entertaining, and unexpected trip for anyone looking to feel calmer and more controlled in our crazy, hectic world. Entrepreneur, endurance athlete, and father of four Jesse Itzler only knows one speed: Full Blast. But when he felt like the world around him was getting too hectic, he didn't take a vacation or get a massage. Instead, Jesse moved into a monastery for a self-imposed time-out. In *Living with the Monks*, the follow-up to his New York Times bestselling *Living with a SEAL*, Jesse takes us on a spiritual journey like no other. Having only been exposed to monasteries on TV, Jesse arrives at the New Skete religious community in the isolated mountains of upstate New York with a shaved head and a suitcase filled with bananas. To his surprise, New Skete monks have most of their hair. They're Russian Orthodox, not Buddhist, and they're also world-renowned German shepherd breeders and authors of dog-training books that have sold in the millions. As Jesse struggles to fit in amongst the odd but lovable monks, self-doubt begins to beat like a tribal drum. Questioning his motivation to embark on this adventure and missing his family (and phone), Jesse struggles to balance his desire for inner peace with his need to check Twitter. But in the end, Jesse discovers the undeniable power of the monks and their wisdom, and the very real benefits of taking a well-deserved break as a means of self-preservation in our fast-paced world.

**The Way of the Iceman** Wim Hof, Koen de Jong, 2017-02-26 Science has now proved that the legendary Wim Hof Method of breath control and cold-training can dramatically enhance energy levels, improve circulation, reduce stress, boost the immune system, strengthen the body and successfully combat many diseases. While Wim Hof himself has run marathons in -30 C in shorts, swum hundreds of meters under the ice, sat in a tank of ice for 90 minutes without his core temperature changing and boosted his metabolism by over 300%, The Way of The Iceman documents how anyone can use Wim's methods to transform their health and strength, quickly and safely. After teaching specialized breathing techniques to SEALs for years, helping them focus, stay warm in the cold ocean and get centered in combat, I can attest to the authenticity and power of Wim Hof's methods. Wim Hof is providing a great service with his new book The Way of The Iceman by bringing breath training and simple, powerful health practices into mainstream consciousness. -- Mark Divine, US Navy SEAL (ret), Founder SEALFIT, Best selling author of Unbeatable Mind and Way of the SEAL I am continuously searching for ways to expand my mind, body and spirit--Wim Hof and The Way of The Iceman have done just that! He shows us that human potential is limitless and we are ALL capable of anything we set our minds to. -- Lewis Howes, New York Times bestselling author of The

School of Greatness What fascinates me most about Wim Hof's method is the potential application for athletes...the science in this book shows that we can all amplify our recovery, maximize our pain tolerance, massively jack up energy levels and even learn to control inflammation...and it can be done without resorting to toxic drugs. In fact, the system outlined in this manual might just be the key to producing a generation of enhanced but drug-free athletes. -- Paul Coach Wade, author of *Convict Conditioning* Inspiration inspires. What I like most about Wim and his book is how he taught me to trust my body, overcome fear and give me the best opportunity for success. He mixes personal experience and science--which becomes truly motivating. Wim provides the tools you need to master self-discipline, gain courage and live a vibrant life. He is Aquaman and Tony Robbins rolled into one. He is The Iceman! -- Jesse Itzler, author of *Living With A SEAL* Homo sapiens is a species that is uniquely and tragically ill-adapted to our environment. Maladies ranging from heart disease to diabetes to autoimmune disorders are generated by the mismatch between the natural world we evolved to live in and the artificial realms in which we find ourselves today. Wim Hof's teachings show us how to recalibrate our bodies in a way that recognizes the extremes of our natural environment as teachers to be celebrated and consulted, rather than enemies to be insulated against. Wim's deepest insights resonate with our hunter-gatherer ancestors, who understood the wisdom of adapting to the natural world rather than trying to dominate and control it. -- Christopher Ryan, PhD., New York Times best-selling author of *Sex at Dawn* We live in a chaotic modern world with daily assaults on our health from frenetic schedules, poor sleep, high stress, chronic disease, and infectious illness. Our brain and nervous system have been hijacked by this toxic environment, always on high alert with real consequences to our physical and mental health. With *The Way of The Iceman*, Wim Hof has given a profound gift to public health. The science is solid and the results actual and measureable. As you follow his remarkable life story it is readily apparent that this man is no charlatan or snake oil salesman. Through years of commitment and self-experimentation, Wim has empirically figured out how to exert significant control over the autonomic nervous system, a feat once thought impossible. His method has held up to scrutiny under the dispassionate lens of science, expanding our knowledge of what is possible with dedicated training in what is now known as the Wim Hof Method. Deceptively simple, and incredibly powerful, *The Way of the Iceman* gives you not only the scientific framework, but actionable steps you can implement to take back control over your high-jacked brain, increase resilience from illness, and start healing yourself from the inside out. The Wim Hof Method has become a cornerstone in my personal daily wellness plan, and as a public health physician, I cannot recommend it highly enough. --Dr. Chris Hardy, D.O. MPH, CSCS, Public Health Physician, Integrative Medicine Specialist *The Way of The Iceman* is one of only two books in my life that I have read cover to cover the first time I put my hands on it. What won me over was the simplicity of the explanations of diabetes, inflammation and the family of modern ills. Moreover, the discussion on diet, just a brief mention of 'Fast-Five, ' is the first time I actually understood not only how inflammation is such an issue, but a means to deal with it. This book is the missing link for most of us: the discussion of breathing is so

simple, yet so doable; coaches and athletes will understand a newer and simpler means of recovery. Nothing in the book is over the top and we are talking about a guy who swims under ice. The method is so simple, yet so elegant. It's marvelous and I think you will apply the techniques immediately. -- Daniel John, author of Never Let Go Wim Hof has learned to control his physiology in a way rarely seen in human history. This book takes his extraordinary techniques and simplifies them so you can optimize your health and wellness. I recommend you learn the unique methods Wim has mastered in order to add vitality to your body and life. -- Chad Waterbury, neurophysiologist, author The Muscle Revolution I found The Way of The Iceman absolutely fascinating! Many of us are familiar with the numerous benefits of cold training, such as increased energy levels, better circulation and improved mood, but nothing on the subject has ever been presented of this magnitude before! The legend himself, Wim Hof, along with Koen De Jong, share not only a detailed account of Mr. Hof's lifetime achievements (such as running a marathon in the Arctic... in just a pair of shorts!), but also practical, actionable methods that anyone can employ. This book has everything from progressive cold submersion methods to breathing techniques. It delves into meditation and spirituality, but also presents the hard science to back it up. Any fan of physical culture or anybody curious about how far the human limits can be pushed needs to add this to their library. -- Danny Kavadlo, author of Strength Rules Wim Hof's techniques healed my gut where nothing else would. And I tried everything. The Way of The Iceman should be required reading. The world is just beginning to realize the extraordinary gift we have in Wim Hof. -- Mark Joyner, founder of Simpleology As someone who enjoys bare-chested, outdoor winter calisthenics workouts, Wim Hof's extreme cold weather feats immediately appealed to me. The Wim Hof Method is so simple that anyone can get started right away. And the results are so palpable that once you start, you'll almost certainly want to keep going. -- Al Kavadlo, author of Street Workout and Pushing The Limits! Wim Hof first came across my radar a few years ago when I heard of a crazy Dutchman defying the laws of thermodynamics. How could a man submerge himself in freezing water for prolonged periods of time without hypothermia? How was it possible for his body temperature to stay the same during the process? This book is an enlightening look into the nervous system, and the amazing power of the mind. Don't mistake this for simple 'cold therapy' although that is a piece of the puzzle. This book will give you a front row seat to an education on the nervous system, and how one man and his disciples have learned to control it in a way that we previously thought was impossible. I found The Way of The Iceman fascinating. -- Max Shank, founder of Ultimate Athleticism and author of Master The Kettlebell When I read The Way of The Iceman I was struck with awe and hope! Wim has brought scientific evidence to what I personally believe and have been teaching my students for years about breathing, bioenergetics and our connection to the spirit world. By demystifying the religious Wim is helping to support a Truth in the New World; mainly that spirituality without science descends into superstition, and science without spirituality degrades humanity into the meaninglessness of materialism. -- Elliott Hulse Wim Hof makes the seemingly mystical and extraordinary, ridiculously easy to access. Anyone who is willing to explore the

latent powers of deep breathing and imagination will feast upon his unique story and his method of overpowering the unconquerable elements of nature.--Matt Furey, author of Combat Conditioning What lies within this book is the key to accessing power whenever and wherever on demand. A tool to transcend consciousness and tap into the highest version of yourself. Never have I experienced anything that allowed me to instantly shift vibration and release such energy.--AJ Roberts, Fitness Hall of Fame and All-Time World Record Holder
