The Soloist Steve Lopez, 2008-04-17 The New York Times bestselling true story that inspired the major motion picture—an “unforgettable tale of hope, heart and humanity”(People). Journalist Steve Lopez discovered Nathaniel Ayers, a former classical bass student at Juilliard, playing his heart out on a two-string violin on Los Angeles’s Skid Row. Deeply affected by the beauty of Ayers’s music, Lopez took it upon himself to change the prodigy's life—only to find that their relationship would have a profound change on his own. “An intimate portrait of mental illness, of atrocious social neglect, and the struggle to resurrect a fallen prodigy.”—Mark Bowden, author of Black Hawk Down

In addition to describing therapeutic benefits, the book explores evolution, brain function, childhood development, and technology as applied to arts and health. Much of this area of study is relatively new, made possible by recent advances in brain imaging, and supported by the National Institutes of Health, major hospitals, and universities. This work is sparking an explosion of public interest in the arts and health sector. Fleming has presented on this material in over fifty cities across North America, Europe, and Asia, collaborating with leading researchers, policy-makers, and practitioners. With essays from notable musicians, writers, and artists, as well as leading neuroscientists, *Music and Mind* is a groundbreaking book, the perfect introduction and overview of this exciting new field.
