With Amusement for All LeRoy Ashby, 2006-05-12 With Amusement for All contextualizes what Americans have done for fun since 1830, showing the reciprocal nature of the relationships among social, political, economic, and cultural forces and the ways in which the entertainment world has reflected, changed, or reinforced the values of American society.

Bulls-eye Sue Macy, 2001 Featuring historical photos and original quotes from Annie, a fascinating glimpse into the life of the legendary sharpshooter and heroine details how she triumphed over poverty and abuse to become one of the world's greatest performers who travelled with Buffalo Bill Cody's Wild West Show and amazed audiences throughout the U.S. and Europe. Figures in a Western Landscape Elizabeth Stevenson, 2001-01-01 Figures in a Western Landscape is an absolutely stunning book. A biographer's take on the story of the American West, it posits that the turns of history are based on people-major 'figures' who shape their time and place. In her sequence of biographical essays, Elizabeth Stevenson tells the story of the northern Rockies and, in particular, Montana, a state of mind even more than it is a state of the Union. As her readers have come to expect, she offers more than a mere recounting of events. Stevenson captures the humanity of her subjects. - Charles Little, author of *Louis Bromfield at Malabar* and *Greenways for America* The northern Rocky Mountains and adjacent high plains were the last American West. Here was the final enactment of our national drama-the last explorations, the final battles of the Indian wars, the closing of the frontier. In *Figures in a Western Landscape*, award-winning biographer Elizabeth Stevenson humanizes the history of the region with a procession of individual lives moving across generations.

Each of the sixteen men and women depicted left behind his or her own unique written record or oral history. The stories they have bequeathed are rich in revealing anecdote and colorful detail. Among them: Meriwether Lewis, America's most introspective explorer, John Kirk Townsend, known to the Chinooks as the bird chief, Pretty-Shield, wife of the Crow scout who warned Custer to turn back at Little Big Horn, James and Granville Stuart, early settlers lured by rumors of gold in the 1850s. In a concluding chapter, Stevenson draws on previously unpublished material to reveal new information about Martha Jane Cannary Burke, better known as Calamity Jane, the woman who could ride, shoot, and drive a mule team as well as any man (but who once failed to pass because she didn't cuss her mules like one). She lies buried in Deadwood, South Dakota, next to the man some said was her husband, Wild Bill Hickok. These and other men and women whose stories Stevenson tells helped to shape, and were in turn shaped by, the uniquely challenging landscape of America's last West. Their words and actions, here rediscovered, give vivid color to a climactic chapter in American history. This book will be of interest to historians and general readers interested in the people of the American West. Elizabeth Stevenson (1919-1999) was Candler Professor of American Studies, Emeritus, at Emory University and the author of the Bancroft Award-winning *Henry Adams: A Biography*; *The Grass Lark: A Study of Lafcadio Hearn*; *Babbits and Bohemians: From the Great War to the Depression*; *Henry James: The Crooked Corridor*, and *Park Maker: A Life of Frederick Law Olmsted*, published by Transaction.

Bull's-Eye Sue Macy, 2008-04 Annie Oakley was great at hitting targets. She could shoot out candle flames, knock corks from bottles, & shoot an apple off a dog's head. She could shoot from her behind her back using only a mirror to see. Annie grew up in the backwoods of Ohio, shooting game with her dead father's rifle in order to support her family. It was a big step from there to performing trick shots for royalty in the grand cities of Europe with Buffalo Bill's Wild West show. Annie Oakley went on to become an American icon. Her myth has endured in the form of movies, books, TV shows, & plays. Here is the compelling story of Annie Oakley, both the fact & the myth, through fascinating text, historical photographs, & quotes from Annie herself. Ages 10 & up.

Making Americans Andrea Most, 2004 From 1925 to 1951--three chaotic decades of depression, war, and social upheaval--Jewish writers brought to the musical stage a powerfully appealing vision of America fashioned through song and dance. It was an optimistic, meritocratic, selectively inclusive America in which Jews could at once lose and find themselves--assimilation enacted onstage and off, as Andrea Most shows. This book examines two interwoven narratives crucial to an understanding of twentieth-century American culture: the stories of Jewish acculturation and of the development of the American musical. Here we delve into the work of the most influential artists of the genre during the years surrounding World War II--Irving Berlin, Eddie Cantor, Dorothy and Herbert Fields, George and Ira Gershwin, Oscar Hammerstein, Lorenz Hart, and Richard Rodgers--and encounter new interpretations of classics such as *The Jazz Singer*, *Whoopee*, *Girl Crazy*, *Babes in Arms*, *Oklahoma!*, *Annie Get Your Gun*, *South Pacific*, and *The King and I*. Most's analysis reveals how these

brilliant composers, librettists, and performers transformed the experience of New York Jews into the grand, even sacred acts of being American. Read in the context of memoirs, correspondence, production designs, photographs, and newspaper clippings, the Broadway musical clearly emerges as a form by which Jewish artists negotiated their entrance into secular American society. In this book we see how the communities these musicals invented and the anthems they popularized constructed a vision of America that fostered self-understanding as the nation became a global power.
