The Limits Of The World Andrew Raymond Drennan, 2015-04-02 Pyongyang, North Korea, 2011. In a city full of lies one man seeks the truth. In Kim Jong-il's North Korea, Han, a lonely guide to foreign tourists, is rapidly ascending the party ranks and appears to be a model citizen. But when he is drawn into a secret underground book group by the enigmatic Mae, Han knows that in a country ruled by fear and suspicion - where lovers and neighbours denounce each other - it is only a matter of time before his double life is discovered by the ruthless Party elite. With no one else to turn to, he must do the unthinkable: risk his life by putting his trust in two undercover Western journalists trying to expose the regime, before the brutal realities of North Korean life catch up with him.

The Shadow Girls Alice Blanchard, 2023-07-25 Someone is playing deadly games. Lieutenant Luke Pittman lies in the hospital in a coma after being attacked by one of their own. Veronica Manes, Burning Lake's most respected modern-day witch, is dead, her murder left unsolved. Natalie Lockhart has become embroiled in a case with threads that become increasingly difficult to untangle. Now, a new horror is uncovered, one that shocks the town as never before, and the dark, shadowy path forward for Natalie is paved with challenges that haunt her past—Veronica's unsolved case. Her sister's traumatic murder. The long-lost disappearance of her old best friend. Natalie's obsession with finding the truth leads to a twisted, elemental struggle between good and evil—and nothing will ever be the same again. The woods have secrets. The trees are carved with curses. There's something wicked in Burning Lake.

Illegal Harmonies Andrew Ford, 2011-05-02 Listen. What do you hear? We are surrounded by sounds all the time, but we tend not to hear them; our brains are very good at editing what our ears pick up. If we stop for a moment to listen, there they are: the ticking clock, traffic noise, fragments of conversation, a passing plane. These are examples of what the American composer John Cage called "illegal harmony". In response to the noisiest century in history, modern composers have consistently flown in the face of musical orthodoxy. As technology has changed at an unprecedented rate, so have musical styles - sometimes to the dismay of audiences and critics. In *Illegal Harmonies*, Andrew Ford charts the course of music in the concert hall and opera house over the last hundred years, linking it to developments in literature, theatre, cinema and the

visual arts, and to popular music from Irving Berlin to the Beatles to rap. The result is a stimulating, provocative and informative cultural history. This revised third edition includes a new preface and extended epilogue, bringing the story into the twenty-first century. Modern audiences need to learn how to listen and Andrew Ford might be just the man to do the teaching. - Australian Financial Review

Russian Music since 1917 Patrick Zuk, Marina Frolova-Walker, 2017-09-28 These essays bring into clearer focus the transformation in the study of Russian music that has occurred since glasnost. Concentrating on Russian music since 1917, the volume shows how censorship in the USSR hindered developments in scholarship, and explains some difficulties experienced by musicians and scholars in the post-soviet era.
