*Strange, Unusual, Gross & Cool Animals (An Animal Planet Book)* Animal Planet, Charles Ghinga, 2016-10-11 Animal Planet presents the ickiest, stickiest, blobbiest, and oddest animals in the world! Did you know that an archerfish can spit water up to 16 feet? Or that the giant weta is the world's largest and heaviest insect? Animal Planet's fascinating exploration of animal oddities introduces young animal lovers to some of the most astonishing, gorgeous, and obscure animals in the world-including some brand new discoveries! Packed with more than 200 vibrant photographs and fun facts about animals with unusual behaviors, strange appearances, and remarkable stats, this deluxe gift book is perfect for reluctant readers or anyone who loves totally gross and amazing animals. A portion of the proceeds from the sale of books in the Animal Bites series benefits the principal partners of R.O.A.R. (Reach Out. Act. Respond.), Animal Planet's initiative dedicated to improving the lives of animals in our communities and in the wild.

**Words: A User's Guide** Graham Pointon, Stewart Clark, 2014-06-03 Words: A User's Guide is an accessible and invaluable reference that is ideal for students, business people and advanced learners of English. The book is structured in groups of words that may be confused because they sound alike, look alike or seem to have similar meanings, and this approach makes it much more intuitive and easy to use than a dictionary. Contrasting over 5000 words (such as habitable and inhabitable, precipitation and rainfall, reigns and reins), Words: a User's Guide provides examples of usage adapted from large national databases of contemporary English, and illustrates each headword in typical contexts and phrases. This book gives you straightforward answers, and helps with pronunciation, spelling, style and levels of formality. For those working internationally it presents international standards and compares usage in Britain and the USA. Words: A User's Guide is an excellent resource for anyone who wants to communicate well in written and spoken English. At last! A book about the use of words that clarifies and de-mystifies in an eminently usable way. I would recommend it to anyone who wants to write well. It is a book to keep. Sandy Gilkes, Head of the Centre for Academic Practice, University of Northampton Rigorous, fresh, intriguing and downright useful, it deserves a place on every properly stocked reference shelf. Brian Cathcart, Professor of Journalism, Kingston University From the pedantic to the permissive, everyone who's interested in the English language and the way we speak and write it will want a copy of this practical, entertaining book.
