**Harry Johnston**

*The Language of Seabirds* Will Taylor, 2022-07-19 A sweet, tender middle-grade story of two boys finding first love with each other over a seaside summer. Jeremy is not excited about the prospect of spending the summer with his dad and his uncle in a seaside cabin in Oregon. It's the first summer after his parents' divorce, and he hasn't exactly been seeking alone time with his dad. He doesn't have a choice, though, so he goes... and on his first day takes a walk on the beach and finds himself intrigued by a boy his age running by. Eventually, he and Runner Boy (Evan) meet -- and what starts out as friendship blooms into something neither boy is expecting... and also something both boys have been secretly hoping for.

**Northern Atlantic Islands and the Sea** Andrew Jennings,Silke Reeploeg,Angela Watt,2017-05-11 Iceland, the Faroe Islands, Orkney, Shetland and, to some extent, the Hebrides, share both a Nordic cultural and linguistic heritage, and the experience of being surrounded by the ever-present North Atlantic Ocean. This has been a constant in the islanders' history, forging their unique way of life, influencing their customs and traditions, and has been instrumental in moulding their identities. This volume is an exploration of a rich, intimate and, at times, terrifying relationship. It is the result of an international conference held in April 2014, when scholars from across the North Atlantic rim congregated in Lerwick, Shetland, to discuss maritime traditions, islands in Old Norse literature, insular archaeology, folklore, and traditional belief. The chapters reflect the varied origins of the contributors. Icelanders are well represented, as are scholars based in Orkney and Shetland, indicating the strength of scholarship in these seemingly isolated archipelagos. Peripheral they may be to the UK, but they lie at the heart of the North Atlantic, at the intersection of British and Nordic cultures. This book will be of interest to scholars of a wide range of disciplines, such as those involved in island studies, cultural studies, Old Norse literature, Icelandic studies, maritime heritage, oceanography, linguistics, folklore, British studies, ethnology, and archaeology. Similarly, it will also appeal to researchers from a wide geographical area, particularly the UK, and Scandinavia, and indeed anywhere where there is an interest in the study of islands or the North Atlantic.

*Catch that Dog!* Will Taylor,2022-06-28 Based on the amazing true story of the world's most valuable dog, a fun adventure about a famous big-city poodle named Masterpiece who finds a new life alongside a small-town girl named Joanie.

When Joanie first encounters Masterpiece, he's curled up in an alley and she mistakes him for (of all things!) a cat. Soon, though, she cleans him up and shows him home and discovers he is, in fact, a poodle. What Joanie doesn't know is that Masterpiece isn't any ordinary poodle. No, Masterpiece is a world-famous poodle, who has been in movies and advertisements and has been seen hobnobbing with celebrities. So how did Masterpiece go from a palatial apartment in New York City to an alley in a small town in New Jersey? He was dognapped! And now not only does the dognapper want him back, but his former owner is offering a big reward. Masterpiece knows he should want to go home to the luxury of his old life. But nobody's ever loved him the way Joanie loves him. What's a dog to do?
