Brian Andrews,Jeffrey Wilson

Tier One Jeffrey Wilson,Brian Andrews,2026-05-05 From New York Times bestselling authors Andrews & Wilson, this is a stunning new edition of the book that started it all, complete with gorgeous sprayed edges. Will a soldier turned spy choose duty or revenge? In a world violated by terror, the old lines have blurred. Meet the next generation of covert ops. John Dempsey's life--as an elite Tier One Navy SEAL named Jack Kemper--is over. A devastating terrorist action catapults him from a world of moral certainty and decisive orders into the shadowy realm of espionage, where ambiguity is the only rule. His new mission: hunt down those responsible for the greatest tragedy in the history of the US Special Ops and bring them to justice. But how does a man torn between duty and revenge walk the line and preserve his soul? As Dempsey struggles with the games of spies, the case propels him across the globe in a desperate effort to prevent a new, horrifying attack on American soil. Once, John Dempsey followed orders blindly. Now he sees behind the curtain, and the security of the civilized world rests on one question: Can a Tier One Navy SEAL adapt and become the world's most lethal spy?

American Operator Brian Andrews,Jeffrey Wilson,2026-02-03 From New York Times bestselling authors Andrews & Wilson In the world of SEALs, no one gets left behind. In the spy game, it's not so simple. A shocking attack in Ankara leaves the US Ambassador to Turkey dead and his chief of staff, Amanda Allen, in the hands of brutal terrorists. But Allen is no ordinary diplomat. She's undercover CIA. The DNI and the President turn to Ember, America's premier black-ops task force, and its deadliest weapon, former Tier One Navy SEAL John Dempsey, for help. To find Allen, Ember gets embedded in the most dangerous battlefield on Earth: Syria. But when all communications are disabled by an attack in Turkey, Dempsey finds himself with no backup--a lone shadow warrior racing against time to rescue Allen from her captors before she reaches her breaking point. What Dempsey doesn't realize is that Allen is just a pawn in a much larger game. A new player has already been unleashed: a legendary mercenary who matches the American Operator in skill, tactical prowess, and a killer instinct for survival. Now there is far more at stake than a kidnapped CIA agent. Dempsey and his team better get this one right, because the balance of power for the entire Middle East rests on their shoulders. And the new threat is far more dangerous than any Dempsey has encountered in his decades waging war against terrorism. Game on.
