Stoic, broody, and arrogant, elite bodyguard Rhys Larsen has two rules: 1) Protect his clients at all costs 2) Do not become emotionally involved. Ever. He has never once been tempted to break those rules...until her. Bridget von Ascheberg. A princess with a stubborn streak that matches his own and a hidden fire that reduces his rules to ash. She's nothing he expected and everything he never knew he needed. Day by day, inch by inch, she breaks down his defenses until he's faced with a truth he can no longer deny: he swore an oath to protect her, but all he wants is to ruin her. Take her. Because she's his. His princess. His forbidden fruit. His every depraved fantasy. *** Regal, strong-willed, and bound by the chains of duty, Princess Bridget dreams of the freedom to live and love as she chooses. But when her brother abdicates, she's suddenly faced with the prospect of a loveless, politically expedient marriage and a throne she never wanted. And as she navigates the intricacies-and treacheries-of her new role, she must also hide her desire for a man she can't have. Her bodyguard. Her protector. Her ultimate ruin. Unexpected and forbidden, theirs is a love that could destroy a kingdom...and doom them both. Twisted Games is a contemporary royal bodyguard romance. It's book two of the Twisted series but can be read as a standalone. Warning: This book contains a possessive alpha hero, explicit sexual content, and profanity.

King Of Greed Ana Huang, He had her, he lost her...and he'll do anything to win her back. Powerful, brilliant, and ambitious, Dominic Davenport clawed his way up from nothing to become the King of Wall Street. He has everything—a beautiful home, a beautiful wife, and more money than he could spend in a lifetime. But no matter how much he accumulates, he's never satisfied. In his endless quest for more, he drives away the only person who saw him as enough. It isn't until she's gone that he realizes there may be more to life than riches and glory...but by then, it may be too late. *** Kind, intelligent, and thoughtful, Alessandra Davenport has played the role of trophy wife for years. She stood by her husband while he built an empire, but now that they've reached the top, she realizes he's no longer the man she fell for. When it becomes clear that she'll always come second to his work, she finally takes charge of her life and puts herself first—even if it means leaving the only man she's ever loved. But what she didn't count on was his refusal to let her go...or for him to fight for their marriage, no matter what it takes. King of Greed is a steamy marriage in trouble/second chance romance. It's book three in the Kings of Sin series but can be read as a standalone.

The Gates of Janus Ian Brady,2015-05-18 Ian Brady and Myra Hindley's spree of torture, sexual abuse, and murder of children in the 1960s was one of the most appalling series of crimes ever committed in England, and remains almost daily fixated upon by the tabloid press. In *The Gates of Janus*, Ian Brady himself allows us a glimpse into the mind of a murderer as

he analyzes a dozen other serial crimes and killers. Criminal profiling by a criminal was not invented by the dramatists of Dexter. Novelist and true-crime writer Colin Wilson, author of the famous and influential book *The Outsider*, remarks in his introduction to Brady's book that one must first explore the depraved reaches of human consciousness to truly understand human character. When first released in 2001, *The Gates of Janus* sparked controversy attended by a huge media splash. The new edition, the first in paperback, provides the reader with a decade and a half of updates, including Brady's letters to the publisher, both providing information regarding his own demented history along with demands that Feral House remove its unflattering afterword written by author Peter Sotos.

X-Men '97: The Art and Making of the Animated Series James Field, 2025-07-01 The official behind-the-scenes art book for Marvel's Disney+ animated series *X-Men '97* takes fans behind the scenes of Marvel Animations' Emmy-nominated revival to *X-Men: The Animated Series*. Picking up where the original series left off when it aired its final episode in September 1997, this new series features returning cast members and a revamped but familiar art style. Storyboards, character sketches, vehicle designs, new costumes, stills, animatic frames, cels, and so much more will show every step of the process that the talented team of animators, designers, and storytellers undertook to bring viewers the further adventures of Wolverine, Storm, Bishop, Beast, Jubilee, Cyclops, and the rest of Marvel's most famous mutants.
