

War God Graham Hancock

Sonia A. Micceli

War God Graham Hancock, 2013-07 This is the epic story of the clash of two empires, two armies and two gods of war. Five hundred desperate adventurers are about to pit themselves against the most brutal armies of the ancient Americas, armies hundreds of thousands strong. Dark powers that work behind the scenes of history show their hand as the prophecy of the return of Quetzalcoatl is fulfilled with the arrival of Cortes. The Aztec ruler Moctezuma fights to maintain the demands of the war god Huitzilopochtli for human sacrifice. The Spanish Inquisition is planning an even greater blood-letting. Yet, in the midst of the brutal and bloody battles, deep friendship and love survive through the massacres. Tozi, a young girl, who has seen many deaths inflicted in many ingenious and horrible ways, uses her magical gifts to save those she loves. Pepillo, a Spanish orphan who serves a sadistic Dominican friar, is taken under the wing of Cortes, and begins to learn what it takes to be a conquistador. They are caught up in the headlong collision between two gods of war, along with Malinal, a beautiful sex slave, whose hatred of Moctezuma runs so deep she will sell out her own land and people to destroy him. Praise for WAR GOD: Nights of the Witch 'Five hundred years ago the old Mexican prophecy which announced the return of Quetzalcoatl came true. In an era dominated by human sacrifices and the decadence of a great culture, bearded men, white-faced, from beyond the sea, arrived to impose their law. In this fast-moving, highly recommended novel, Graham Hancock masterfully reconstructs the biggest clash of civilizations ever, revealing aspects that only a genius author could unveil.' Javier Sierra, New York Times bestselling author of *The Secret Supper* and *The Lost Angel* ' . . . part historical fact, part fantasy, the effect is as intense as the events themselves. It's a fascinating read that will have you booking a flight to Mexico long before you finish the book.' London Evening Standard 'The book offers up a heady mix of action, politics, spirituality and the supernatural . . . Convincing fantasy elements and viscerally recreated details keep the narrative charging forward.' Daily Mail 'Interweaving historical fact and vivid fiction, Graham Hancock's *War God* is packed full of blood, guts, conflict, sacrifice and witchcraft in the last days of the Aztec empire. The story of the Spanish conquest of Mexico and the downfall of Moctezuma is the perfect (if very gory) distraction from modern life.' Wanderlust 'It will have you hyperventilating within minutes . . . Meets all the thriller criteria with gusto.' Newcastle Journal 'Graham Hancock has, once again, produced a book that entertains as well as educates . . . *War God* is a rich and deeply involving novel that grips you from the very first page. If you can handle the gruesome detail, then you will devour every page and the end will come too soon, leaving you desperate

Return of the Plumed Serpent Graham Hancock, 2014-10-09 Graham Hancock, an expert in ancient civilisations and author of the 9 million selling Fingerprints of the Gods, and expert too, on the use of hallucinogens to achieve higher states of consciousness, brings these two interests together in the second volume of the War God trilogy. The conquistador Hernán Cortés is dreaming of Tenochtitlan, the golden city of Aztecs. But in order to win the Aztecs' gold, Cortés and his small force of just five hundred men will have to defeat the psychotic emperor Moctezuma and the armies of hundreds of thousands he commands. Cortés expects that the Tlascalans, hereditary enemies of the Aztecs, will join him, but instead finds himself locked in a deadly struggle. As Cortés risks all against the Tlascalans, he plays mind games with Moctezuma, aiming to defeat the Aztec emperor psychologically before ever having to face him in battle. In this he is aided by his lover Malinal, a beautiful Mayan princess. It is from Malinal that Cortés learns of the myth of Quetzalcoatl, 'The Plumed Serpent'. She shows him how to exploit the prophecy of the fabled god king's return to weaken Moctezuma's resolve and keep alive the suspicion that the conquistador might actually be Quetzalcoatl himself.

Night of Sorrows Graham Hancock, 2018-04-19 Cortés and his small army of Conquistadors enter Tenochtitlan, the island city of the Aztecs, as guests of the psychotic emperor Moctezuma who plans to trap them there and kill them all. In a stunning coup, Cortés acts first, taking the emperor hostage and ruling the Aztecs through him. All of Mexico seems about to fall into his hands until a report comes from the coast of the arrival of a new force of Spaniards with more than three times his numbers, sent not to strengthen him but to attack him and wrest the conquest from him. Faced with the choice of abject surrender or war with fellow Spaniards Cortés chooses war and marches out to do battle but, in so doing he fatally weakens his garrison in Tenochtitlan and throws open the doors of Hell.

War God Graham Hancock, 2014 A young girl called Tozi stands at the bottom of a pyramid, waiting to be led to the top where her heart will be cut out...Pepillo, a Spanish orphan who serves a sadistic Dominican friar, is aboard the Spanish fleet as it sails towards Mexico...This is the epic story of the clash of two empires, two armies and two gods of war. Five hundred desperate adventurers are about to pit themselves against the most brutal armies of the ancient Americas, armies hundreds of thousands strong. This is a war of gods and men. Dark powers that work behind the scenes of history show their hand as the prophecy of the return of Quetzalcoatl is fulfilled with the arrival of Cortes.

Magicians of the Gods Graham Hancock, 2015-09-10 *Ten-year anniversary edition with new introduction from the author* Star Reader Reviews - Captivating, necessary and enlightening. Essential. Wonderfully researched. This book is as good, if not better, than Fingerprints of the Gods. Read this book. Change your perspective. Graham Hancock - star of Netflix's ANCIENT APOCALYPSE - is author of the global bestseller Fingerprints of the Gods. A

book which remains an astonishing, deeply controversial, wide-ranging investigation of the mysteries of our past and the evidence for Earth's lost civilization. *Magicians of the Gods*, the sequel to his seminal work, explores how, at the end of the last ice age, fragments from a giant comet caused a global cataclysm, on a scale unseen since the extinction of the dinosaurs, wiping out an advanced civilization from the earth. Making us a species with amnesia, forced to begin again like children with no memory of what went before. This book is filled with completely new evidence, new travels to the world's most mysterious archaeological sites, new insights based on the latest scientific evidence. The impacts, from the comet fragments (a mile wide approaching at more than 60,000 miles an hour) generated huge amounts of heat which instantly liquidized millions of square kilometers of ice, destabilizing the Earth's crust and causing the global deluge that is remembered in myths all around the world. A second series of impacts, equally devastating, causing further cataclysmic flooding, occurred 11,600 years ago, the exact date that Plato gives for the destruction and submergence of Atlantis. But there were survivors - known to later cultures by names such as 'the Sages', 'the Magicians', 'the Shining Ones', and 'the Mystery Teachers of Heaven'. They travelled the world in their great ships doing all in their power to keep the spark of civilization burning, settling at key locations: Gobekli Tepe in Turkey, Baalbek in the Lebanon, Giza in Egypt, ancient Sumer, Mexico, Peru and across the Pacific. Everywhere they went these 'Magicians of the Gods' brought with them the memory of a time when mankind had fallen out of harmony with the universe and paid a heavy price. A memory and a warning to the future... For the comet that wrought such destruction may not be done with us yet. Astronomers believe that a 20-mile wide 'dark' fragment of the original giant comet remains hidden within its debris stream and threatens the Earth. An astronomical message encoded at Gobekli Tepe, and in the Sphinx and the pyramids of Egypt, warns that the 'Great Return' will occur in our time...

DIVINE ECHOES Sonia A. Micceli, 2025-07-10 The book is about questions on life, death, and God. The book delves into esoteric sources, mysticism, religion and neo-physics theories. Attack Surface Cory Doctorow, 2020-10-13 Cory Doctorow's *Attack Surface* is a standalone novel set in the world of New York Times bestsellers *Little Brother* and *Homeland*. Most days, Masha Maximow was sure she'd chosen the winning side. In her day job as a counterterrorism wizard for an transnational cybersecurity firm, she made the hacks that allowed repressive regimes to spy on dissidents, and manipulate their every move. The perks were fantastic, and the pay was obscene. Just for fun, and to piss off her masters, Masha sometimes used her mad skills to help those same troublemakers evade detection, if their cause was just. It was a dangerous game and a hell of a rush. But seriously self-destructive. And unsustainable. When her targets were strangers in faraway police states, it was easy to compartmentalize, to ignore the collateral damage of murder, rape, and torture. But when it hits close to home, and the hacks and exploits she's devised are directed at her

friends and family--including boy wonder Marcus Yallow, her old crush and archrival, and his entourage of naïve idealists--Masha realizes she has to choose. And whatever choice she makes, someone is going to get hurt. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Magicians of the Gods Graham Hancock,2015-11-10 Graham Hancock's multi-million bestseller Fingerprints of the Gods remains an astonishing, deeply controversial, wide-ranging investigation of the mysteries of our past and the evidence for Earth's lost civilization. Twenty years on, Hancock returns with the sequel to his seminal work filled with completely new, scientific and archaeological evidence, which has only recently come to light... Near the end of the last Ice Age 12,800 years ago, a giant comet that had entered the solar system from deep space thousands of years earlier, broke into multiple fragments. Some of these struck the Earth causing a global cataclysm on a scale unseen since the extinction of the dinosaurs. At least eight of the fragments hit the North American ice cap, while further fragments hit the northern European ice cap. The impacts, from comet fragments a mile wide approaching at more than 60,000 miles an hour, generated huge amounts of heat which instantly liquidized millions of square kilometers of ice, destabilizing the Earth's crust and causing the global Deluge that is remembered in myths all around the world. A second series of impacts, equally devastating, causing further cataclysmic flooding, occurred 11,600 years ago, the exact date that Plato gives for the destruction and submergence of Atlantis. The evidence revealed in this book shows beyond reasonable doubt that an advanced civilization that flourished during the Ice Age was destroyed in the global cataclysms between 12,800 and 11,600 years ago. But there were survivors - known to later cultures by names such as 'the Sages', 'the Magicians', 'the Shining Ones', and 'the Mystery Teachers of Heaven'. They travelled the world in their great ships doing all in their power to keep the spark of civilization burning. They settled at key locations - Gobekli Tepe in Turkey, Baalbek in the Lebanon, Giza in Egypt, ancient Sumer, Mexico, Peru and across the Pacific where a huge pyramid has recently been discovered in Indonesia. Everywhere they went these 'Magicians of the Gods' brought with them the memory of a time when mankind had fallen out of harmony with the universe and paid a heavy price. A memory and a warning to the future... For the comet that wrought such destruction between 12,800 and 11,600 years may not be done with us yet.
