Water: the Universal Healer Guy Proulx, 2012-08-27 *Water: The Universal Healer* shares the lifesaving message that with adequate clean water, the body heals naturally and that the effects of many common health complaints can be alleviated with proper hydration. Author Guy Proulx began lecturing on hydration before it became popular; he witnessed its success among his massage clients. He makes the vital point that of all the mammals on this planet, humans are the only ones who drink anything but water once they are finished nursing. Educating and teaching individuals about how the body works has always been his most powerful healing tool. The Earth consists of more water than land mass. Water gives life to the whole planet and every living being on it. Consider these three amazing facts about water: There is not one thing on Earth that water

cannot break down. Even diamonds, in time, are no match for water. There is nothing that water will not clean or dilute. Water is the universal solvent. There is absolutely no living organism on the planet that does not depend totally on water for its healing powers and lifegiving nourishment to survive. Water: The Universal Healer speaks to the fact that to intentionally deprive your body of water is tantamount to embarking on a slow, insidious, and premature death.

Your Body Can Talk, Revised 2nd Edition Susan Levy, D.C., 2014-09-29 This book, about the art and application of Clinical Kinesiology, introduces the energetic system that links mind and body. It shows how the body can “talk,” and therefore be used as a diagnostic tool, and to determine which healing approach will best suit an individual. Clinical Kinesiology allows us to interpret this new “body talk.” This method of muscle-testing “reads” the body’s innate wisdom; when “asked” a question, or presented with a stimulus, the muscles respond clearly, either strongly or weakly. This system, which expedites the application of acupuncture, also helps realign the body’s energy imbalances. Readers will find specific methods of fighting disease that emphasize the dangers of unnecessary drugs, antibiotics and immunization, and the need for a fortified immune system – especially through natural foods. Other topics include: rebuilding the body’s ecology after an overgrowth of unhealthy bacteria or Candidiasis; how to maintain the integrity of the energy system through minimizing exposure to unhealthy electromagnetic fields or EMFs; optimal health for woman; and issues of men’s health. New material in this 2nd edition includes an extensive chapter on children’s health, which addresses pregnancy, birthing procedures and breastfeeding, and illustrates a road map for giving your children (and children yet to come) the best potential for optimal health.

*Create a Miracle with Hexagonal Water* Howard Peiper, 2008-06-07 We are programmed to get old and look old, but it doesn't have to be that way. Age and longevity are relative. Some people at age sixty-five look forty-five; others at sixty-five look eighty-five. We can do a great deal to improve our looks and our quality of life by simply changing our diet. Aging is a disease of diet, and more specifically aging is a disease of progressive acid saturation. Alkalized water can help stop the body's deterioration! Hexagonal water is created through a process that not only alkalizes the water but changes its structure to increase bicarbonates in the blood that neutralize the acids. This water contains an abundance of hydroxyl ions that effectively neutralize free radicals in the body, reducing the potential for disease. This book revolutionizes how we think about aging, disease, and death.

*Let Me Show You How to Earn £29,000 A Month* Richard Mark, 2010-06-28 You'll learn an amazingly fast system to create a wealth creating product that you can sell through the post or on the internet! Fortunes are being made from creating simple books and manuals which you can keep selling for years to come. This shortcut system shows you how to do everything step-by-step even if you don't write or don't want to write a single word!

**Water A Miracle Therapy** A.R HARI,2012-11-15 The more the science has advanced the further away have we moved from nature. Thanks to our artificial existence, even to quench a natural urge like thirst, we imbibe synthetic substances such as colas and caffeine-loaded drinks. Having starved our body of nature`s most precious liquid, water, we are beset with multiple ailments like headaches, arthritis, asthma, urinary problems, general debility, blood pressure and the like. Very often missing the root cause of the problem, we rush to doctors - only to have antibiotics pumped into us that offer short-term relief while turning into long-term nightmares. This book shows how drinking just 12 to 14 glasses of water per day (for the average person) cures many ailments, including chronic ones. #v&spublishers
