Jo's idyllic life would make most people jealous. Until the day her daughter is abducted, and the only way to find her is to unravel her dark past. Ellie is a devoted wife . . . until she discovers the pain of betrayal. Now vengeance is all she can think about. Party girl Shayla knows how to hide her demons. God's Power to Change Your Life Rick Warren,2008-09-09 In all of the years that Rick Warren has been a pastor, the number one question he's asked is Why can't I change? We want to make changes, but we often feel stuck. Let God's Power to Change Your Life be the first step on your journey to getting out of your rut and back into God's wonderful purposes for your life. It's no pie-in-the-sky theory. It's what redemption is about, and it's founded on the resurrection power of Jesus

himself. Drawing simple but powerful truths from the Bible, this book gives you practical guidance for specific types of change and empowers you to actually make lasting the changes that you're longing for. Power that cancels your past and sets you free to get on with life. Power to conquer your problems. Power to change. The first two chapters help you lay the foundations for change. Then, taking you inside the Scriptures, Warren gives you a closer look at the fruits of the spirit and the profound impact they can have on your life. In *God's Power to Change Your Life*, Warren gives you the tools and the encouragement you need to: Become a more joyful person Cultivate a peaceful life in this uptight world Be a kinder, more gracious individual Replace self-indulgence with self-control Experience what the good life is all about As Warren reminds us, when you apply the truth of God's Word by the power of his Spirit, your life is sure to change.

The Rough Guide to the Best Music You've Never Heard Nigel Williamson,2008 *The Rough Guide to the Best Music You've Never Heard* is a winning collection of amazing stories of tragic mavericks and unlucky contenders, with hundreds of lost classics and hidden gems. The guide traces the musicians that fell by the wayside from the bands that could have been The Beatles to the acts that were better than the acts that made it. Find out why David Ackles is the Elton John that never was (and why Elton John agrees). Whether they were psychedelic hippies, lost soul divas, geeky prog-rockers, hell-raising rockers or pop-star wannabes, they are all in this book for one reason- they made truly fantastic music. Frank and opinionated, the guide is packed with playlists, includes stylish archive photos as well as contributions from music industry insiders including Bat for Lashes. Clue-up on the infamous lost albums from some of rock's biggest stars and discover the tails of the famous-name side-projects that got away, not forgetting the cult albums reviled at the time. . . that are actually really good. If you're looking for great new music, this book will show it to you. If you think you've heard it all, it'll put you to the test. With the finest tunes that time forgot, this guide could feed your iPod for life.

Psychotherapy and Counselling for Depression Paul Gilbert,2007-05-16 `Excellent! Excellent! Excellent! I would thoroughly recommend this book to any other counsellor or psychotherapist. It is described on the back cover as 'outstanding', 'valuable' and an 'essential resource' and I would fully endorse all of these descriptions. I have been qualified for 10 years and have had extensive client experience, but feel I have gained so much from Gilbert's wisdom on this topic. It is excellent value for money and again I would recommend it to any practitioner' - The Independent Practitioner 'This book takes the reader gently but thoroughly through the biopsychosocial processes that underpin depression. Excellent worksheets and information sheets are provided as appendices. [It] is a valuable resource for those who already work with depression and essential reading for those considering working in this field' - Therapy Today `Paul Gilbert provides the reader with a refreshingly wide-ranging, integrative and up-to-date understanding of the nature, assessment and treatment of depression. All psychological therapists will benefit from reading his important book' - Healthcare Counselling and Psychotherapy Journal `Paul Gilbert writes in a scholarly, yet accessible, style on the bio-psychosocial perspectives of depression. I agree with him that knowledge of such areas is crucial to being able to work effectively with people experiencing depression' - Nursing Standard, 5 star review `Psychotherapy and Counselling for Depression, Third Edition by the distinguished psychologist, Paul Gilbert, is an outstanding contribution to the field. I read this book with great enthusiasm and interest - and, I must acknowledge - admiration. All clinicians will benefit from reading this valuable book' - Robert L.
