Under the Flags of Freedom Peter Blanchard,2008-06-29 During the wars for independence in Spanish South America (1808-1826), thousands of slaves enlisted under the promise of personal freedom and, in some cases, freedom for other family members. Blacks were recruited by opposing sides in these conflicts and their loyalties rested with whomever they believed would emerge victorious. The prospect of freedom was worth risking one's life for, and wars against Spain presented unprecedented opportunities to attain it. Much hedging over the slavery issue continued, however, even after the patriots came to power. The prospect of abolition threatened existing political, economic, and social structures, and the new leaders would not encroach upon what were still considered the property rights of powerful slave owners. The patriots attacked the institution of slavery in their rhetoric, yet maintained the status quo in the new nations. It was not until a generation later that slavery would be declared illegal in all of Spain's former mainland colonies. Through extensive archival research, Blanchard assembles an accessible, comprehensive, and broadly based study to investigate this issue from the perspectives of Royalists, patriots, and slaves. He examines the wartime political, ideological, and social dynamics that led to slave recruitment, and the subsequent repercussions in the immediate postindependence era. Under the Flags of Freedom sheds new light on the vital contribution of slaves to the wars for Latin American independence, which, up until now, has been largely ignored in the histories and collective memories of these nations.

El decreto de Huancayo Jean-Pierre Tardieu,2004 El investigador analiza el decreto que promulgó Ramón Castilla el 3 de diciembre de 1854 en Ayacucho. Pero el estudio de Jean-Pierre Tardieu parte señalando que se abolió la esclavitud en 1821, cuando San Martín declaró la Independencia del Perú y que sin embargo la ley se relativizó para que la esclavitud permanezca. Los negros resistieron con el bandolerismo y el cimarroneaje. El tema de la abolición de la esclavitud llevó a 30 años de polémica entre abolicionistas y antiabolicionistas. Además se realizó, según el historiador, entre paradojas. Los amos, marcados por ideas de la ilustración, sabían que la esclavitud era inmoral, pero, al mismo tiempo, estaban preocupados por sus intereses. Arguyeron de todo, entre otras cosas que la esclavitud protegía a los negros de otros males

peores o que liberarlos arruinaría la economía nacional.
