

Bend Of The Boyne Ireland

Geraldine Stout

Newgrange and the Bend of the Boyne Geraldine Stout,2002 The book is also concerned with the future of this protected cultural landscape and recommends actions to ensure its' preservation.--Cover.

Ireland's Immortals Mark Williams,2018-12-04 A sweeping history of Ireland's native gods, from Iron Age cult and medieval saga to the Celtic Revival and contemporary fiction Ireland's Immortals tells the story of one of the world's great mythologies. The first account of the gods of Irish myth to take in the whole sweep of Irish literature in both the nation's languages, the book describes how Ireland's pagan divinities were transformed into literary characters in the medieval Christian era—and how they were recast again during the Celtic Revival of the late nineteenth and early twentieth centuries. A lively narrative of supernatural beings and their fascinating and sometimes bizarre stories, Mark Williams's comprehensive history traces how these gods—known as the Túatha Dé Danann—have shifted shape across the centuries. We meet the Morrígan, crow goddess of battle; the fire goddess Brigit, who moonlights as a Christian saint; the fairies who inspired J.R.R. Tolkien's elves; and many others. Ireland's Immortals illuminates why these mythical beings have loomed so large in the world's imagination for so long.

New Grange and the Bend of the Boyne Seán P. Ó Ríordáin,Glyn Daniel,1964

Ireland's History Kenneth L. Campbell,2013-12-05 Ireland's History provides an introduction to Irish history that blends a scholarly approach to the subject, based on recent research and current historiographical perspectives, with a clear and accessible writing style. All the major themes in Irish history are covered, from prehistoric times right through to present day, from the emergence of Celtic Christianity after the fall of the Roman Empire, to Ireland and the European Union, secularism and rapprochement with the United Kingdom. By avoiding adopting a purely nationalistic perspective, Kenneth Campbell offers a balanced approach, covering not only social and economic history, but also political, cultural, and religious history, and exploring the interconnections among these various approaches. This text will encourage students to think critically about the past and to examine how a study of Irish history might inform and influence their understanding of history in general.

Great Sites of the Ancient World Paul G. Bahn,2020-10-27 From deserts to hidden corners of busy cities, quiet mountain tops to caves submerged deep underground, this book is a spectacular tour of human history. Archaeological sites tell a story

spanning thousands of years, and the ones in this book range from the well-known to hidden gems, handpicked for their desirability as destinations. From the Abu Simbel twin temples in Egypt that commemorate Pharaoh Ramesses II and his queen Nefertari to the Nazca Lines in Peru that feature large geoglyphs in the desert soil, this book is a striking tour through human history. *Great Sites of the Ancient World* is a journey through the most remarkable archaeological sites the world has to offer. It serves as both a dazzling spectacle and travel inspiration, making it perfect for armchair travellers and world adventurers alike. Each site features stunning photographs accompanied by essential information and a lively, expert text that brings each location to life.

The Bend of the Boyne Geraldine Stout,1997 A comprehensive description of Ireland's first archaeological park.

Atlas of the Irish Rural Landscape F. H. A. Aalen,Kevin Whelan,Matthew Stout,1997-01-01 Lush and green, the beauty of Ireland's landscape is legendary. The Atlas of the Irish Rural Landscape has harnessed the expertise of dozens of specialists to produce an exciting and pioneering study which aims to increase understanding and appreciation for the landscape as an important element of Irish national heritage, and to provide a much needed basis for an understanding of landscape conservation and planning. Essentially cartographic in approach, the Atlas is supplemented by diagrams, photographs, paintings, and explanatory text. Regional case studies, covering the whole of Ireland from north to south, are included, along with historical background. The impact of human civilization upon Ireland's geography and environment is well documented, and the contributors to the Atlas deal with contemporary changes in the landscape resulting from developments in Irish agriculture, forestry, bog exploitation, tourism, housing, urban expansion, and other forces. The Atlas of the Rural Irish Landscape is a book which aims to educate and inform the general reader and student about the relationship between human activity and the landscape. It is a richly illustrated, beautifully written, and immensely authoritative work that will be the guide to Ireland's geography for many years to come.

Ireland's Story Charles Johnston,Carita Spencer,1923

The Hidden Places of Ireland David Gerrard,2002 This is the 3rd edition of *The Hidden Places of England*. It is one of a series that covers the whole of the United Kingdom and is now printed in full colour providing the reader with a more scenic and pleasurable view of the hidden gems of this beautiful country. England's landscape is as diverse as its culture; a country blessed with magnificent landscapes from the mountainous ranges of the Mendips and Quantocks in the west, the Cumbrian fells in the North and the meandering hills of the South Downs, to the picturesque county of Kent described as the 'Garden of Britain'. Not to mention East Anglia and its famous Norfolk Broads and beautiful coastline rich in wildlife. England is blessed with a wonderful range of inland and coastal landscapes, interesting cultures and an extraordinary rich history. *The Hidden Places of England* explores this diversity in a relaxed narrative style, by guiding the reader to some of the established visitor attractions but also focuses on the more secluded and less well-known places of interest and venues for

food, drink, accommodation and crafts. The national guides are enjoyed by a large readership. 'I am very pleased with the Hidden Places of Englan

Landscape History ,2005

Current Archaeology ,2002

World Heritage Sites ,2009 Each site has an entry explaining its historical and cultural significance, with a description and location map.

Neolithic Settlement in Ireland and Western Britain Ian Armit,Queen's University of Belfast,2003 The papers in this volume which were presented at a conference held at Queen's University, Belfast, provided a forum for a discussion of the new Neolithic material from Ireland in its wider geographical context. Although the bulk of the emerging Irish settlement evidence relates to substantial houses, many of these papers consider wider themes including issues of contact and communication along the sea routes and coaxial margins of north-west Europe, questions of diversity and regional patterns of sedentism and mobility, and variations in regional food production strategies. The volume includes twenty-six papers representing a series of studies ranging geographically from Orkney to the French Atlantic facade. --Book Jacket.

Ireland's Pre-Celtic Archaeological and Anthropological Features Tok Freeland Thompson,2006 The Celtic heritage of Ireland has been an important element in maintaining cultural and political independence from England for at least the past century, but Thompson (Irish-Scottish studies, Trinity College, Dublin) kept findings discrepancies between the national legend of Celtic origins and local and regional traditions. He begins by setting out how Celtic Ireland was constructed as an ethno-national mythology. Then he looks at some evidence for people on the island before the Celts came, from the fields of history, archaeology, genetics, linguistics, folklore, and unofficial discourse. A case study involves Tory Island. He ends by suggesting how to integrate Celtic and pre-Celtic Ireland in a new image. Annotation :2006 Book News, Inc., Portland, OR (booknews.com).

Birnbaum's Ireland 1989 Stephen Birnbaum,1988 Contains directions to Ireland's best accommodations and restaurants, nightlife and entertainment, plus out-of-the-way diversions and not-to-be-missed special attractions.

The World's Heritage Unesco,2012 A unique guide to 936 UNESCO World Heritage sites, this single volume of the World's Heritage is illustrated with over 650 stunning full-colour photographs. Location maps for every site are also included.

2012 is the 40th anniversary of the World Heritage Convention making this book is a memorable way to commemorate forty years of promoting, supporting and highlighting the wonders of the world. The prestigious list includes some of the most celebrated and breathtaking places on earth, for example, the ancient Nabatean city of Petra in Jordan, the legendary Acropolis in Athens, the Great Barrier Reef in Australia and Machu Picchu (the 'Lost City of the Incas'), in Peru. The 25 new sites added to the List in 2011 are included in the book. For instance, the Persian Garden in Iran, the Coffee Cultural Landscape of Colombia, Selimiye Mosque Complex in Turkey and the Citadel of the Ho Dynasty in Vietnam. The World Heritage is the ultimate book for those interested in the world's spectacles, those wishing to traverse the globe, and for those who would like to understand the planet better.
