**A Book about the Film Monty Python and the Holy Grail** Darl Larsen, 2015-03-06 Monty Python's Flying Circus aired from 1969 until 1974, but the conclusion of the series did not mark the end of the troupe's creative output. Even before the final original episodes were recorded and broadcast, the six members began work on their first feature-length enterprise of new material. Rather than string together a series of silly skits, they conceived a full-length story line with references to the real and imagined worlds of the mythical King Arthur, the lives of medieval peasants, and the gloomy climate of 1970s Britain. Released in 1975, Monty Python and the Holy Grail was a modest success but has since been hailed as a modern classic. In A Book about the Film Monty Python and the Holy Grail: All the References from African Swallows to Zoot, Darl Larsen identifies and examines the cultural, historical, and topical allusions in the movie. In this entertaining resource, virtually every reference that appears in a scene—whether stated by a character, depicted in the mise-en-scène, or mentioned in the print companion—is identified and explained. Beyond the Arthurian legend, entries cover literary metaphors, symbols, names, peoples, and places—as well as the myriad social, cultural, and historical elements that populate the film. This book employs the film as a window to both reveal and examine “Arthurian” life and literature, the historical

Middle Ages, and a Great Britain of labor unrest, power shortages, and the common man. Introducing the reader to dozens of medievalist histories and authors and connecting the film concretely to the “modern” British Empire, *A Book about the Film Monty Python and the Holy Grail* will appeal to fans of the troupe as well as medieval scholars and academics who can laugh at themselves and their work.

*The Harry O Viewing Companion* Steve Aldous, Gary Gillies, 2025-02-27 In the golden era of 1970s TV detective shows, Harry O stood out. David Janssen, already renowned for his role in *The Fugitive*, played Harry Orwell, a San Diego cop who retired after being shot in the back. The chemistry between Janssen and Anthony Zerbe, who delivered an Emmy-Award winning performance as Lt. K.C. Trench, captivated viewers and contributed to the show's popularity. While Harry O was largely character-driven, it also featured compelling plots that retained the show's audience throughout its two seasons. This viewing companion to Harry O covers all episodes, providing information about cast, crew, and locations along with story analysis. Informed by archival material, including series' creator Howard Rodman's papers, it also features new interviews conducted by the authors, providing insight into the creation of the series. From the filming of the pilot episodes in 1972 to the show's cancellation in 1976, the book offers a comprehensive history of each step in the show's development.

Stolen Glimpses, Captive Shadows Geoffrey O'Brien, 2013-06-01 We watch what is moving fast from a platform that is also moving fast, writes Geoffrey O'Brien in the beginning of *Stolen Glimpses, Captive Shadows*. This collection—gathering the best of a decade's worth of writing on film by one of our most bracing and imaginative critics—ranges freely over the past, present, and future of the movies, from the primal visual poetry of the silent era to the dizzying permutations of the merging digital age. Here are 38 searching essays on contemporary blockbusters like *Spider-Man* and *Minority Report*; recent innovative triumphs like *The Tree of Life* and *Beasts of the Southern Wild*; and the intricacies of genre mythmaking from Chinese martial arts films to the horror classics of Val Lewton. O'Brien probes the visionary art of classic filmmakers—von Sternberg, Fod, Cocteau, Kurosawa, Godard—and the implications of such diverse recent work as *Fahrenheit 9/11*, *The Passion of Christ*, and *The Sopranos*. Each of these pieces is alert to the always-surprising intersections between screen life and real life, and the way that film from the beginning has shaped our sense of memory and history.
