**Television and Health Responsibility in an Age of Individualism** Katherine A. Foss,2014-10-15 American society centers on individualism, celebrating personal choice even at the expense of collective progress. As part of this emphasis on agency, Americans value freedom for health decisions, and individual health professionals and consumers are held responsible for the nation's health, often at the expense of improving the overall healthcare system. Such individualistic discourse, disseminated and reinforced through American media, has created resistance and hostility toward health policy initiatives such as the Affordable Care Act and other legislation aimed to improve American healthcare. **Television and Health Responsibility in an Age of Individualism** examines the relationship between entertainment and health responsibility in the United States. Through the analysis of contemporary television medical dramas, Foss explores how these media texts help shape and perpetuate ideologies that have and continue to encourage resistance to healthcare reform that shifts responsibility away from individuals to government and other institutions.

*Indianapolis Monthly* ,2007-07 Indianapolis Monthly is the Circle City's essential chronicle and guide, an indispensable authority on what's new and what's news. **The Calling** Gordon Chen,Christopher Chen,2022-08-16 A CT scan revealed Dr. James Chen, a Miami physician, had a cancerous, inoperable, tumor behind his nose. The prognosis was bleak. Dr. Chen had eight weeks to live. Dr. Chen and his sons, Chris and Gordon, looked for a miracle. Chris was completing a cardiology fellowship. Gordon was finishing medical school. They knew what they were up against. Even still, they were shocked when a local oncologist told them, "The first available appointment is in six weeks." James and his sons were suddenly patients, forced to look at the healthcare system from the other end of the stethoscope. They didn't like what they saw—expensive, uncoordinated, and ineffective care. At one point James asked his sons, "If a family of doctors with connections can't navigate this system, what chance do my patients have?" The Chens found their calling. Together with James' wife Mary, Chris's wife Stephanie (an attorney), and Gordon's wife Jessica (another doctor) they created ChenMed, a physician-led company that serves the underserved. ChenMed puts their patients from forgotten communities first and focuses on accountable, compassionate care that improves health. In *The*

Calling, Chris and Gordon share how the family succeeded beyond their wildest expectations through a combination of determination, data, family, and faith. They turned what could have been a tragedy into an opportunity that will revolutionize healthcare delivery for years to come. The Calling will give you hope.
