**Singing a New Tune** John Kenneth Muir, 2005 A survey of film musicals incorporates interviews with directors and screenwriters, an overview of the genre from the 1920s to the 1990s, and discusses fourteen film musicals from 1996 to 2004, along with musicals on TV.

Movie Mutations Jonathan Rosenbaum, Adrian Martin, 2003-10-09 The idea of cinephilia is a crucial one for students of the cinema, but it is often associated with a bygone arthouse era. At the beginning of the twenty-first century, corporatism, public relations and bottom-line accounting seem to govern mainstream film-making. Formula-driven Hollywood blockbusters dominate the world marketplace. In times like these can 'the love of cinema' still flourish? In fact contemporary cinema is stunningly varied and rich. From Taiwan and Iran to Brazil and the Baltic states, it is flourishing and constantly mutating. Directors like Abbas Kiarostami, Hou Hsiao-hsien and Tsai Ming-liang are making extraordinary films that are the equal of the great classics, previously unrecognised works from the past are being discovered, and new definitions and boundaries of genres are being formulated. Even when this work is not widely distributed it is seen at film festivals on every continent and available on DVD; and it is being discussed in a proliferating number of print and web publications. Those who follow and share such work, as contributors from around the world demonstrate in this book, are forming new kinds of critical communities that enable significant exchanges between cultures at a time when other forces seem bent on keeping them mutually isolated. In contrast to any talk of 'the death of cinema', *Movie Mutations* pronounces the art form alive, well, and still developing in new and unforeseen directions. In weaving together transnational discussions and debates, *Movie Mutations* shows why the idea of cinephilia is just as relevant today as it ever was.

*Screen World Presents the Encyclopedia of Hollywood Film Actors: From the silent era to 1965* Barry Monush, 2003 (Applause Books). For decades, *Screen World* has been the film professional's, as well as the film buff's, favorite and indispensable annual screen resource, full of all the necessary statistics and facts. Now *Screen World* editor Barry Monush has compiled another comprehensive work for every film lover's library. In the first of two volumes, this book chronicles the careers of every significant film actor, from the earliest silent screen stars Chaplin, Pickford, Fairbanks to the mid-1960s, when the old studio and star systems came crashing down. Each listing includes: a brief biography, photos from the famed

Screen World archives, with many rare shots; vital statistics; a comprehensive filmography; and an informed, entertaining assessment of each actor's contributions good or bad! In addition to every major player, Monush includes the legions of unjustly neglected troupers of yesteryear. The result is a rarity: an invaluable reference tool that's as much fun to read as a scandal sheet. It pulsates with all the scandal, glamour, oddity and glory that was the lifeblood of its subjects. Contains over 1,000 photos!
