Launch Your Encore Hans Finzel, Rick Hicks, 2015-03-10 In 2011, the first of the 76 million baby boomers--nearly a quarter of the US population--began turning 65. Every day for the next fifteen years, over ten thousand of them will celebrate that birthday. And for the first time in history, this generation will enjoy many years post-career pursuing meaning and purpose outside of traditional retirement. What will they do with that time? One thing is for sure: most of them want to find something meaningful. This book lays out the choices to be made to find fulfillment in the encore years of life. Launch Your Encore is a game plan for life after one's main-act career. Hans Finzel and Rick Hicks show boomers how to enter this new stage of life poised for personal satisfaction and contributions to society. They offer tested advice on finding new life potential and thriving in these later decades of life. With real-life examples of people who have made the transition from full-time work to volunteering, ministry, or even second careers, Launch Your Encore shows boomers how to make an impact later in life.

*Gloom to Boom* Andrea Bonime-Blanc, 2019-10-16 Leaders – whether in business, government or the nonprofit sector – take risks but often without fully understanding risk at a strategic level. Expanding upon the well-known ESG risks, this book explains the key nonfinancial (environmental, social, governance and technological or ESGT) risks. For many leaders (including board members), taking risk without knowledge or preparation can lead to organizational crisis, scandal and value destruction. For those who are prepared, resilience follows and so does the ability to transform ESGT risk into opportunity and value for stakeholders. In this book, global governance, risk, ethics and cyber strategist, author and board member, Andrea Bonime-Blanc, shows practitioners at all levels how to effectively identify and manage their top ESGT risks to avoid

crises and transform risk into sustainable long-term resilience and value. *Gloom to Boom* is a book for everyone – from the highest levels of leadership in an organization (the board, CEO and C-suite), to other senior leaders (the chief risk officer, CFO, general counsel, head of CSR and sustainability, CISO, CHRO), and midlevel leaders, students and folks simply interested in current affairs and the role and impact of strategic risk and opportunity on their lives.

**Communication Campaigns and National Integration in China's Market Economy Era** Yanru Chen, 2015-09-01

This book adopts the method of grounded theory in studying national communication campaigns in China, referred to as propaganda campaigns in the Chinese linguistic context. The study provides an exploratory and descriptive analysis of the ways in which the media in China fulfilled their function of building a Socialist spiritual civilisation and maintaining national integration during state propaganda campaigns. Explanations for the success and limitations of the campaigns are clearly expressed and combined with cautious statements on the limited role of the media in the process of national integration. The three major communication campaigns detailed in this book offer revelations regarding how to maintain mass morale and revive the national spirit at a time when economic pursuits and aspirations seem to be the top priority for individuals and institutions. A chief premise underpinning this study is that economic growth is not to be equated with social progress or human development, the latter encompassing a far more profound spiritual dimension, which takes far more delicate efforts to accomplish.

**Bakhtin, Stalin, and Modern Russian Fiction** M. Keith Booker, Dubravka Juraga, 1995-02-28 *Bakhtin, Stalin, and Modern Russian Fiction* presents an advanced introduction to the work of the Russian theorist Mikhail Bakhtin, focusing on the concepts of carnival, dialogism, and historicism. The discussion of Bakhtin pays particular attention to the impact of his historical context in the Soviet Union and to the importance of his own dialogic mode of discourse. Bakhtin's ideas are then placed in dialogic relation to the works of several important writers of modern Russian fiction, including Vassily Aksyonov, Ilf and Petrov, Mikhail Zoshchenko, Yuz Aleshkovsky, Andrei Bitov, and Sasha Sokolov.

**Art and Life in the Novels of Anita Brookner** Eileen Williams-Wanquet, 2004 This book treats all of Brookner's twenty-two short novels as one monolithic fiction. The autobiographical element in this controversial author's fiction is taken as a starting point to explore the complex interplay of art and life. Autobiography, as a form of emplotment of life, is the creative matrix governing the whole oeuvre, which is realistically rooted in time and space. The study draws on narrative theory, contemporary theories of fiction and recent feminist and ethical criticism. It shows how Brookner's work combines and opposes both realistic and modernist modes of writing and their philosophical underpinnings. The novels, too often misread as anti-feminist and resolutely pre-modern, appear to be more essentially postmodern than is usually acknowledged, through

a heightened awareness of the role played by narrative in constructing our sense of reality and of self. The pervasive intertextuality, habitually ignored or taken to be simply a form of intellectual snobbery, is the key to understanding how the novels tackle questions of moral life as encoded in narrative discourse and fine art. In addressing the questions of how life should have been lived, Brookner's self-reflexive and ironical fiction subversively rewrites the traditional moral codes embodied in romance and which have determined the behaviour of women. Finally, this study examines the function of writing as a performative act and the role played by repetition.
