The World Is Our Home Jeffrey J. Folks, Nancy Summers Folks, 2014-07-15 Since the early 1970s southern fiction has been increasingly attentive to social issues, including the continuing struggles for racial justice and gender equality, the loss of a sense of social community, and the decline of a coherent regional identity. The essays in *The World Is Our Home* focus on writers who have explicitly addressed social and cultural issues in their fiction and drama, including Dorothy Allison, Horton Foote, Ernest J. Gaines, Jill McCorkle, Walker Percy, Lee Smith, William Styron, Alice Walker, and many others. The contributors provide valuable insights into the transformation of southern culture over the past thirty years and probe the social and cultural divisions that persist. The collection makes an important case for the centrality of social critique in contemporary southern fiction.

Of Goats & Governors Steve Flowers, 2015-10-01 Few states have as colorful a political history as Alabama, especially in the post-World War II era. During the past six decades, the state played a central role in the civil rights movement, largely moved away from its earlier farm-based economy and culture, and transitioned from a relatively moderate-progressive Democratic Party politics to today's hard-core conservative Republican Party domination. Moving onto and off Alabama's electoral stage during all these transformations have been some of the most interesting figures in 20th-century American government and politics. Swirling around these elected officials in the Heart of Dixie are stories, legends, and jokes that are told and retold by political insiders, journalists, and scholars who follow the goings-on in Washington and Montgomery. In Alabama, it seems, politics is not only a blood sport but high entertainment. There could be no better guide to this colorful history than political columnist and commentator Steve Flowers.

South Toward Home: Travels in Southern Literature Margaret Eby, 2015-09-08 Fascinating...Eby lyrically uncovers a bit of the magic that makes a Southern writer Southern. —Josh Steele, Entertainment Weekly What is it about the South that has inspired so much of America's greatest literature? And why do we think of the authors it influenced not just as writers, but as Southern writers? In *South Toward Home*, Margaret Eby goes in search of answers to these questions, visiting the stomping grounds of ten Southern authors, including William Faulkner, Eudora Welty, Richard Wright, Truman Capote, Harper Lee, and Flannery O'Connor. Combining biographical detail with expert criticism, Eby delivers a rich and evocative tribute to the literary South.

Hope's Daughters R. Wayne Willis, 2014-08-01 This volume throws out a lifeline to all who are running low on hope--those going under, losing their grip, slipping away, falling, failing, listing, losing, lost--as well as to those looking to enliven and embolden their hope. *Hope's Daughters* takes a comprehensive, 360-degree approach to hope, drawing inspiration from nature, history, poetry, science, philosophy, religion, psychology, fiction, art, biography, sports, children, and current events. This hope reader is deeply personal, drawing on the author's thirty years spent in hospital chaplaincy plumbing the depths with patients, their families, and their caregivers. Willis writes not from some ivory tower, but out of the hot caldron of human suffering. As a lover of words, quotations, and stories, and one who aspired to serve others as a hope-prompter, Willis packs every page with a two-minute drill to jumpstart hope each day. For hurried people, this book removes life's husk and gets straight down to the kernel. As a cornucopia of wisdom and hope, *Hope's Daughters* is an eminently practical gift for those seeking to keep hope alive and well.

The Companion to Southern Literature Joseph M. Flora, Lucinda Hardwick MacKethan, 2001-11-01 Selected as an Outstanding Academic Title by Choice Selected as an Outstanding Reference Source by the Reference and User Services Association of the American Library Association There are many anthologies of southern literature, but this is the first companion. Neither a survey of masterpieces nor a biographical sourcebook, *The Companion to Southern Literature* treats every conceivable topic found in southern writing from the pre-Columbian era to the present, referencing specific works of all periods and genres. Top scholars in their fields offer original definitions and examples of the concepts they know best, identifying the themes, burning issues, historical personalities, beloved icons, and common or uncommon stereotypes that have shaped the most significant regional literature in memory. Read the copious offerings straight through in alphabetical order (Ancestor Worship, Blue-Collar Literature, Caves) or skip randomly at whim (Guilt, The Grotesque, William Jefferson Clinton). Whatever approach you take, *The Companion's* authority, scope, and variety in tone and interpretation will prove a boon and a delight. Explored here are literary embodiments of the Old South, New South, Solid South, Savage South, Lazy South, and "Sahara of the Bozart." As up-to-date as grit lit, K Mart fiction, and postmodernism, and as old-fashioned as Puritanism, mules, and the tall tale, these five hundred entries span a reach from Lady to Lesbian Literature. The volume includes an overview of every southern state's belletristic heritage while making it clear that the southern mind extends beyond geographical boundaries to form an essential component of the American psyche. The South's lavishly rich literature provides the best means of understanding the region's deepest nature, and *The Companion to Southern Literature* will be an invaluable tool for those who take on that exciting challenge.
