## Expert Book Reviews

*Book Club* John Green, 2005

Looking for Alaska John Green, 2015 A New York Times Bestseller Winner of the Michael L. Printz Award An ALA Top 10 Best Book for Young Adults and Quick Pick for Reluctant Young Readers A 2005 Booklist Editors' Choice, Kirkus Best Book, Before. Miles Pudge Halter is done with his safe life at home, and his obsession with famous last words only makes him crave the Great Perhaps (Rabelais). But at Culver Creek Boarding School, life becomes the opposite of safe. Because of gorgeous, clever, funny, sexy, self-destructive, screwed up Alaska Young. She pulls Pudge into her world, launches him into the Great Perhaps, and steals his heart. After. Nothing is ever the same.

*Review of John Green's Looking for Alaska* Expert Book Reviews, 2014-03-23 WARNING: This is not the actual book Looking for Alaska by John Green. Do not buy this Review if you are looking for a full copy of this great book. This review of Looking for Alaska provides everything you need to know before you dig in for a read that you probably won't be able to stop before it's over. This is not a long novel, but it's addicting, as you watch Miles Halter search for his Great Perhaps at the Culver Creek Boarding School in Alabama. Once there, his past life of having no friends or purpose is turned upside down, thanks to his new group of schoolmates. Alaska Young is the best friend of his roommate, and she is everything he has always wanted, even down to her self-destructive streak that represents something he desperately needs in his life: excitement. Looking for Alaska features crisp dialogue that readers of all ages can appreciate. This expert review details where John Green succeeded in this regard, while discussing areas where he fell a bit short, which are few. He organizes the novel into two halves: one for Before and one for After. Readers are left to wonder what the actual event will be. Green foreshadows much of what is to come, without giving it away, which this review discusses as a highly positive note. Does the most memorable scene in Looking for Alaska provide the impact the author intended? Would a different ending work better in the eyes of readers? This review details all that and more.

*The John Green Collection* John Green, 2013-12-01 Four critically acclaimed, award-winning modern classics from #1 New York Times bestselling author John Green. The John Green Collection includes Printz Award-winning Looking for Alaska, Printz Honor book An Abundance of Katherines, Edgar Award-winning Paper Towns, and #1 New York Times bestselling The Fault in Our Stars. In addition to his many literary accolades, John Green is one half of the Vlogbrothers

(youtube.com/vlogbrothers), one of the most popular online video projects in the world. You can join the millions who follow John on Twitter (@realjohnngreen) and tumblr (fishingboatproceeds.tumblr.com) or visit him online at johnngreenbooks.com.

**Looking for Alaska: a Digest of John Green's Novel** Reader's Companions,2015-11-12 Looking for Alaska by John Green | Digest & Review With this digest companion, you'll enjoy: \* A digest of the Looking for Alaska \* Content for your book club or other group event. \* Stories beyond the digest and tidbits you may not know \* The book's impact and its important to read \* And more! What other readers are saying: You can read it before you read the novel or after you read it as a supplement to the actual book. Very concise and helpful for our Book Club. It is full of story information, interesting facts about the novel and the author as well. This overview gave me an idea of what the book covers. From it, I have been able to decide whether or not to purchase the book. The Digest helped clarify the historical background. Beautifully written and deeply moving. Our promise: Reader's Companions bring you immaculate study materials on literature at exceptionally low prices that do not compromise on quality. These are supplementary materials and does not contain any text or summary of the book. 100% satisfaction guaranteed.

**Sex, Brains, and Video Games** Jennifer Burek Pierce,2017-03-09 How do we break through and truly reach our young adult patrons? It begins with understanding them. Librarians who work with teens need information and a big-picture perspective on adolescence that reflects the latest knowledge of cognate fields and the contemporary realities of young people's lives. In this greatly revised and updated edition of her popular guide Burek Pierce provides exactly that, selecting and synthesizing emerging information from multiple fields of research to effectively support librarians' work with teens. Far-reaching but pragmatic, this book discusses such important topics as identity and community, sex and sexualities, what experts can tell us about the adolescent brain, and how teens use technology to mediate the world; replaces outdated developmental theories that have been discarded in their home fields but are still sometimes used in the LIS world; looks at how to blend what research tells us about teens with day-to-day work in libraries; reflects new norms of professional practice, such as the increased importance of community engagement and partnerships, offering librarians a path towards cooperation and collaboration with peers outside the library world; and includes a bibliography of essential reading for YA librarians. Educators and practitioners, as well as students preparing to enter the field, will all benefit from this compact overview of contemporary research on adolescence.

*Who Wrote This?* Naomi S. Baron,2023-09-12 Would you read this book if a computer wrote it? Would you even know? And why would it matter? Today's eerily impressive artificial intelligence writing tools present us with a crucial challenge: As writers, do we unthinkingly adopt AI's time-saving advantages or do we stop to weigh what we gain and lose when heeding its siren call? To understand how AI is redefining what it means to write and think, linguist and educator Naomi S. Baron leads us on a journey connecting the dots between human literacy and today's technology. From nineteenth-century lessons in composition, to mathematician Alan Turing's work creating a machine for deciphering war-time messages, to contemporary engines like ChatGPT, Baron gives readers a spirited overview of the emergence of both literacy and AI, and a glimpse of their possible future. As the technology becomes increasingly sophisticated and fluent, it's tempting to take the easy way out and let AI do the work for us. Baron cautions that such efficiency isn't always in our interest. As AI plies us with suggestions or full-blown text, we risk losing not just our technical skills but the power of writing as a springboard for personal reflection and unique expression. Funny, informed, and conversational, *Who Wrote This?* urges us as individuals and as communities to make conscious choices about the extent to which we collaborate with AI. The technology is here to stay. Baron shows us how to work with AI and how to spot where it risks diminishing the valuable cognitive and social benefits of being literate.
