

Poulenc O Magnum Mysterium

Gordon Paine

O Magnum Mysterium Francis Poulenc, 1952

A History of the Handel Choir of Baltimore (1935-2013) Carl B. Schmidt, 2015-10-29 A History of the Handel Choir of Baltimore (1935-2013): Music, Spread Thy Voice Around chronicles the history of one of America's longstanding volunteer choral organizations, one that has followed in the footsteps of venerable ensembles such as the Handel and Haydn Society (Boston), the Bethlehem Bach Choir, and the Handel Society of Dartmouth College. It begins by considering music in the city of Baltimore, and establishing the reasons surrounding the choir's formation. Substantial coverage is given to the influence of Katharine M. Lucke, one of Baltimore's grandes dames—as a composer, mover, and shaker—and a vital force in Baltimore's National Music Week from her position on the faculty of the Peabody Conservatory of Music. Subsequently the book focuses on the contributions of each of the ten conductor/music directors, the vicissitudes of funding a volunteer choir, the choir's contributions to music education in the greater Baltimore metropolitan area, and the choir's repertoire. The book contains extensive appendices describing the choir's repertoire, its presidents, and its unbroken string of Messiah performances. Throughout more than seventy-five years, the Handel Choir of Baltimore has remained true to its original charter as an amateur choral organization that aspires to the highest standards of artistic excellence. A History of the Handel Choir of Baltimore is an invaluable resource to those interested in choral music studies, the running of an amateur, volunteer choir, and other disciplines of music studies.

A Practical Guide to Choral Conducting Harold Rosenbaum, 2017-10-17 Rooted in the experience of a professional choral conductor, this book provides a guide to practical issues facing conductors of choral ensembles at all levels, from youth choruses to university ensembles, church and community choirs, and professional vocal groups. Paired with the discussion of practical challenges is a discussion of over fifty key works from the choral literature, with performance suggestions to aid the choral conductor in directing each piece. Dealing with often-overlooked yet vital considerations such as how to work with composers, recording, concert halls, and choral tours, A Practical Guide to Choral Conducting offers a valuable resource for both emerging choral conductors and students of choral conducting at the undergraduate and graduate levels.

School of Music, Theatre & Dance (University of Michigan) Publications University of Michigan. School of Music, Theatre & Dance, 1880 Includes miscellaneous newsletters (Music at Michigan, Michigan Muse), bulletins, catalogs,

programs, brochures, articles, calendars, histories, and posters.

The Unaccompanied Choral Music of Pierre Villette Sean M. Burton, 2008 This edition features the exact same content as the traditional text in a convenient, three-hole- punched, loose-leaf version. Books à la Carte also offer a great value for your students-this format costs significantly less than a new textbook. Updated in a new 2nd edition, *Understanding American Politics and Government* provides students with a substantive foundation on the fundamentals of our government while enlisting them to become more discerning consumers of political information, better decision-makers and more effective citizens. Using a journalistic, example-rich narrative, this unique text schools students in the building blocks of good social science by distinguishing between the concepts of correlation and causation. *The Brief version of this text contains abbreviated coverage of all the major topic areas*

Kenneth Leighton Carolyn J. Smith, 2004-11-15 Kenneth Leighton, best known for his organ and sacred choral music, was a composer of great depth and talent who wrote a significant body of works. Many of those works were written for large orchestras and a significant number of pieces of chamber music were composed for a variety of instrument groupings, as well as for instrumental solos. Anyone interested in 20th-century music as well as British and Scottish Cathedral music will find a wealth of works listed with a description of each. Kenneth Leighton, best known for his organ and sacred choral music, was a composer of great depth and talent who wrote a significant body of works. Many of those works were written for large orchestras and a significant number of pieces of chamber music were composed for a variety of instrument groupings, as well as for instrumental solos. Anyone interested in 20th-century music as well as British and Scottish Cathedral music will find a wealth of works listed with a description of each. This volume begins with a brief biography of Leighton and is followed by an alphabetical listing of works and performances. Also included is a discography and a bibliography of articles, reviews, books, and dissertations. The last section is a chronological list of compositions. Smith helps us to realize that Kenneth Leighton was an extraordinary composer of 20th-century music with a varied body of works and also a virtuoso pianist of some note.
