Vincent Terrace,2014-01-10 This fully updated and expanded edition covers over 10,200 programs, making it the most comprehensive documentation of television programs ever published. In addition to covering the standard network and cable entertainment genres, the book also covers programs generally not covered elsewhere in print (or even online), including Internet series, aired and unaired pilot films, erotic series, gay and lesbian series, risque cartoons and experimental programs from 1925 through 1945.

Supporting Actors in Motion Pictures Dr. Roger L. Gordon,2018-09-07 *Supporting Actors in Motion Pictures Volume II* By: Dr. Roger L. Gordon *Supporting Actors in Motion Pictures: Volume II* continues author Dr. Roger L. Gordon's *Supporting Actors* series by expanding his database of talented supporting actors and actresses. Racism, Sexism, and the Media Clint C. Wilson,Felix Gutierrez,Lena Chao,2013 This fourth edition presents current information in the rapidly evolving field of minorities' interaction with mass communications, including the portrayals of minorities in the media, advertising and public relations.

Who was Who on TV Norman Chance,2011-01-07 The information herein was accumulated of fifty some odd years. The collection process started when TV first came out and continued until today. The books are in alphabetical order and cover shows from the 1940s to 2010. The author has added a brief explanation of each show and then listed all the characters, who played the roles and for the most part, the year or years the actor or actress played that role. Also included are most of the people who created the shows, the producers, directors, and the writers of the shows. These books are a great source of trivia information and for most of the older folk will bring back some very fond memories. I know a lot of times we think back and say, Who was the guy that played such and such a role? Enjoy!

Television Series and Specials Scripts, 1946-1992 ,2009-10-21 In the early days of television, many of its actors, writers, producers and directors came from radio. This crossover endowed the American Radio Archives with a treasure trove of television documents. The collected scripts span more than 40 years of American television history, from live broadcasts of the 1940s to the late 1980s. They also cover the entire spectrum of television entertainment programming, including

comedies, soap operas, dramas, westerns, and crime series. The archives cover nearly 1,200 programs represented by more than 6,000 individual scripts. Includes an index of personal names, program and episode titles and production companies, as well as a glossary of industry terms.

On the Air John Dunning, 1998-05-07 Now long out of print, John Dunning's *Tune in Yesterday* was the definitive one-volume reference on old-time radio broadcasting. Now, in *On the Air*, Dunning has completely rethought this classic work, reorganizing the material and doubling its coverage, to provide a richer and more informative account of radio's golden age. Here are some 1,500 radio shows presented in alphabetical order. The great programs of the '30s, '40s, and '50s are all here--Amos 'n' Andy, Fibber McGee and Molly, The Lone Ranger, Major Bowes' Original Amateur Hour, and The March of Time, to name only a few. For each, Dunning provides a complete broadcast history, with the timeslot, the network, and the name of the show's advertisers. He also lists major cast members, announcers, producers, directors, writers, and sound effects people--even the show's theme song. There are also umbrella entries, such as News Broadcasts, which features an engaging essay on radio news, with capsule biographies of major broadcasters, such as Lowell Thomas and Edward R. Murrow. Equally important, Dunning provides a fascinating account of each program, taking us behind the scenes to capture the feel of the performance, such as the ghastly sounds of *Lights Out* (a horror drama where heads rolled and bones crunched), and providing engrossing biographies of the main people involved in the show. A wonderful read for everyone who loves old-time radio, *On the Air* is a must purchase for all radio hobbyists and anyone interested in 20th-century American history. It is an essential reference work for libraries and radio stations.

Stuart Erwin Judy Cornes, 2001-12-04 Judy Cornes closely analyzes the life and work of Stuart Erwin, a popular actor in the thirties and forties, focusing primarily on Erwin's career in motion pictures but also including a brief examination of his work on stage and television. In each of these media Erwin's talent was demonstrated by his subtlety, versatility, cleverness, and honesty. In his private life, though, Erwin was extremely modest, rarely engaging in self-promotion, which contributed to his being overlooked by critics. This fascinating look into the life and work of Stuart Erwin also includes a bibliography, a comprehensive list of his films, and an index.

Minorities and Media Clint C. Wilson,Félix Gutiérrez,1985-07 Minorities and Media is a highly readable analysis of the ways in which the mass media have portrayed minorities in the United States since the late nineteenth century. The book examines the ways in which the media have reinforced racial stereotypes, and provides an analysis of current trends which reflect the growing recognition of ethnic diversity. The authors conclude that the increasing racial diversity of the United States and continued audience segmentation will reduce the role of communication media in transmitting and developing the common culture of American society.
