Theory and Structure in Addiction and Cure Adi Ann Berkovic, Shlomo Giora Shoham, Efrat Vignansky-Addad, 2019-01-03
This book will be of value to everyone interested in the prevention of addiction and the detection, treatment and rehabilitation of drug addicts. It interprets and applies research findings about the causation and cure of drug addiction using the author's personality theory which is extensively compared with that of other personologists. The book includes the qualitative analysis of 12 addict case studies. It is especially timely in view of the need for effective legislation, judicial procedures, and treatment programs to deal with the opioid crisis in the United States and Canada.

Whiteness, Feminism and the Absurd in Contemporary British and US Poetry Jenna Clarke, 2025-02-28 In an era of political and social turmoil on both sides of the Atlantic, where issues of gender, race and class are linked with concerns of how to survive in a capitalist society, a new aesthetic of Absurdist poetry has emerged. This aesthetic has a troubled relationship to race, pervaded by issues of representation in avant-garde poetry, and notions of who poetry writers and readers are. Focusing on British and US poets including Rachael Allen, Emily Berry, Crispin Best, Caroline Bird, Franny Choi, Jennifer L. Knox, Morgan Parker and Jane Yeh, Jenna Clarke investigates how poets use the Absurd to destabilise ideas about race, gender and class and imagine social change. Bringing together Whiteness studies, socio-political theory, and close readings of poems, Clarke examines how the Absurd has developed, how its poets understand privilege and offer prospects of hope and change, and how the Absurd might move away from nihilism.

The Stranger Albert Camus, 2012-08-08 With the intrigue of a psychological thriller, *The Stranger*—Camus's masterpiece—gives us the story of an ordinary man unwittingly drawn into a senseless murder on an Algerian beach. With an Introduction by Peter Dunwoodie; translated by Matthew Ward. Behind the subterfuge, Camus explores what he termed the nakedness of man faced with the absurd and describes the condition of reckless alienation and spiritual exhaustion that

characterized so much of twentieth-century life. "The Stranger is a strikingly modern text and Matthew Ward's translation will enable readers to appreciate why Camus's stoical anti-hero and devious narrator remains one of the key expressions of a postwar Western malaise, and one of the cleverest exponents of a literature of ambiguity." —from the Introduction by Peter Dunwoodie First published in 1946; now in translation by Matthew Ward.

The Stranger - Albert Camus Harold Bloom, 2009 The condition of man is revealed as absurd in Camus's short novel.

Sustainable Capitalism and the Pursuit of Well-Being Neil Harrison, 2013-12-17 Sustainable development is the central challenge of the 21st Century. How can human civilization continue to develop without destroying the natural systems on which it depends? Environmentalists tell us that capitalism is the problem because it feeds our self-interest. They tell us that we have to restrain ourselves and only consume what the Earth can sustain. Or governments must tell us what we can and cannot buy. This book uses the science of complex systems to explain why governments cannot deliver sustainability or happiness and how self-interest can be used to make society sustainable. Capitalism won the Cold War; until the Great Recession of 2008, it seemed to be the perfect system. But more of us are unhappy even as it has ravaged the planet. The central problem is the paradigm on which our social systems are founded that more (consumption, production, possessions) is always better. Based on research from political economy, philosophy, and psychology, this book shows that the problem is not self-interest. We are unhappy because we have been taught that our interests are material and that buying 'stuff' will make us happy. Yet, social pressure to consume only prevents us from satisfying our basic psychological needs and fully enjoying life. For that we need to pursue our personal well-being. Because this also reduces our material consumption, environmental sustainability comes from each of us knowing what's truly good for our selves. Even without the constant economic growth that harms the planet and damages our lives, capitalism also is sustainable. This book will be of interest to scholars and students of sustainability; civil society activists and social entrepreneurs; thought leaders and policymakers. .

Situating Existentialism Jonathan Judaken, Robert Bernasconi, 2012 This anthology provides a history of the systemization and canonization of existentialism, a quintessentially antisystemic mode of thought. Situating existentialism within the history of ideas, it features new readings on the most influential works in the existential canon, exploring their formative contexts and the cultural dialogues of which they were a part. Emphasizing the multidisciplinary and global nature of existential arguments, the chosen texts relate to philosophy, religion, literature, theater, and culture and reflect European, Russian, Latin American, African, and American strains of thought. Readings are grouped into three thematic categories: national contexts, existentialism and religion, and transcultural migrations that explore the reception of existentialism. The volume explains how literary giants such as Dostoevsky and Tolstoy were incorporated into the existentialist fold and how inclusion into the canon recast the work of Kierkegaard and Nietzsche, and it describes the roles played by Jaspers and Heidegger in Germany and the Paris School of existentialism in France. Essays address not only frequently assigned works

but also underappreciated discoveries, underscoring their vital relevance to contemporary critical debate. Designed to speak to a new generation's concerns, the collection deploys a diverse range of voices to interrogate the fundamental questions of the human condition.

Remembering French Algeria Amy L. Hubbell, 2015-06-01 Colonized by the French in 1830, Algeria was an important French settler colony that, unlike its neighbors, endured a lengthy and brutal war for independence from 1954 to 1962. The nearly one million Pieds-Noirs (literally “black-feet”) were former French citizens of Algeria who suffered a traumatic departure from their homes and discrimination upon arrival in France. In response, the once heterogeneous group unified as a community as it struggled to maintain an identity and keep the memory of colonial Algeria alive. *Remembering French Algeria* examines the written and visual re-creation of Algeria by the former French citizens of Algeria from 1962 to the present. By detailing the preservation and transmission of memory prompted by this traumatic experience, Amy L. Hubbell demonstrates how colonial identity is encountered, reworked, and sustained in Pied-Noir literature and film, with the device of repetition functioning in these literary and visual texts to create a unified and nostalgic version of the past. At the same time, however, the Pieds-Noirs’ compulsion to return compromises these efforts. Taking Albert Camus’s *Le Mythe de Sisyphe* and his subsequent essays on ruins as a metaphor for Pied-Noir identity, this book studies autobiographical accounts by Marie Cardinal, Jacques Derrida, Hélène Cixous, and Leïla Sebbar, as well as lesser-known Algerian-born French citizens, to analyze movement as a destabilizing and productive approach to the past.

The Stranger Albert Camus, 2016-06-07 A visually stunning adaptation of Albert Camus’ masterpiece that offers an exciting new graphic interpretation while retaining the book’s unique atmosphere. The day his mother dies, Meursault notices that it is very hot on the bus that is taking him from Algiers to the retirement home where his mother lived; so hot that he falls asleep. Later, while waiting for the wake to begin, the harsh electric lights in the room make him extremely uncomfortable, so he gratefully accepts the coffee the caretaker offers him and smokes a cigarette. The same burning sun that so oppresses him during the funeral walk will once again blind the calm, reserved Meursault as he walks along a deserted beach a few days later—leading him to commit an irreparable act. This new illustrated edition of Camus's classic novel *The Stranger* portrays an enigmatic man who commits a senseless crime and then calmly, and apparently indifferently, sits through his trial and hears himself condemned to death.

Alain Delon Nick Rees-Roberts, Darren Waldron, 2015-08-27 Few European male actors have been as iconic and influential for generations of filmgoers as Alain Delon. Emblematic of a modern, European masculinity, Delon's appeal spanned cultures and continents. From his breakthrough as the first on-screen Tom Ripley in *Purple Noon* in 1960, through two legendary performances in *Rocco and His Brothers* and *The Leopard* in the early 1960s, to his roles in some of Jean-Pierre Melville's most celebrated films noirs, Delon came to embody the flair and stylishness of the European thriller as one

of France's most recognizable film stars. This collection examines the star's career, image and persona. Not only focusing on his spectacular early performances, the book also considers less well documented aspects of Delon's long career such as his time in Hollywood, his work as director, producer and screenwriter, his musical collaborations, his TV appearances, and his enduring role as a fashion icon in the 21st century. Whether the object of reverence or ridicule, of desire or disdain, Delon remains a unique figure who continues to court controversy and fascination more than five decades after he first achieved international fame.

The Outsider Albert Camus, 2013-10-31 Meursault leads an apparently unremarkable bachelor life in Algiers until he commits a random act of violence. His lack of emotion and failure to show remorse only serve to increase his guilt in the eyes of the law, and challenges the fundamental values of society - a set of rules so binding that any person breaking them is condemned as an outsider. For Meursault, this is an insult to his reason and a betrayal of his hopes; for Camus it encapsulates the absurdity of life. In *The Outsider* (1942), his classic existentialist novel, Camus explores the predicament of the individual who refuses to pretend and is prepared to face the indifference of the universe, courageously and alone.

The Stranger Albert Camus, 2021-04-27 The famous lines introducing Meursault's mother open the novel. He is not sure whether she had died today or yesterday since the telegram was not specific. Furthermore he does not really think it matters. He asks for two days off and takes the bus to the home he had put his mother in when he could no longer afford to take care of her. He sleeps on the way there. At the home, Meursault meets the director and the caretaker and is taken to see his mother. He chooses not to look at her and sits by her side as friends come to mourn during the night. He chats with the caretaker, naps, smokes, and has some coffee. In the morning, the funeral procession walks the hour into town for the ceremony. The sun is scorching and Meursault feels more oppressed by the heat than sad over his mother's death. Her fiancé Thomas Pérez however is in tears and must struggle to keep up by taking shortcuts. After the funeral, Meursault catches the bus home and looks forward to sleeping twelve hours. He wakes up the next day and realizes that it is a weekend and is not surprised his boss was annoyed. He gets up late and then decides to go to the beach where he loves to swim. Once there he sees a woman he used to be attracted to at work, Marie Cardona. They are instantly attracted and agree to see a movie later that night. Marie is surprised to hear that Meursault's mother died only yesterday. That night they see a comedy and go back to Meursault's. She is gone the next morning before Meursault gets up. He remembers that he hates Sundays because they are boring so he takes a nap. Finally he gets up, makes lunch and settles on the balcony to watch people pass. Different crowds move by throughout the day including families, soccer fans, and moviegoers. He eats dinner standing up, watches some more, and then moves inside when it gets colder and darker.

The Stranger Albert Camus, 1993-02-23 With the excitement of a perfectly executed thriller and the force of a parable,

The Stranger is the work of one of the most engaged and intellectually alert writers of the past century. Albert Camus's spare, laconic masterpiece about a murder in Algeria is famous for having diagnosed, with an almost scientific clarity, that condition of reckless alienation and spiritual exhaustion that characterized so much of twentieth-century life.

The Stranger (English Edition) Albert Camus, 2016-02-20 The Outsider or The Stranger (French: L'Étranger) is a novel by Albert Camus published in 1942. Its theme and outlook are often cited as exemplars of Camus's philosophy of the absurd and existentialism, though Camus personally rejected the latter label. The titular character is Meursault, an indifferent French Algerian (a citizen of France domiciled in North Africa, a man of the Mediterranean, an homme du midi yet one who hardly partakes of the traditional Mediterranean culture), who, after attending his mother's funeral, apathetically kills an Arab man whom he recognises in French Algiers. The story is divided into two parts, presenting Meursault's first-person narrative view before and after the murder, respectively. In January 1955, Camus wrote: I summarized The Stranger a long time ago, with a remark I admit was highly paradoxical: 'In our society any man who does not weep at his mother's funeral runs the risk of being sentenced to death.' I only meant that the hero of my book is condemned because he does not play the game.

Albert Camus's The Stranger Peter Francev, 2014-06-26 Often marginalised on the sidelines of both philosophy and literature, the works of Albert Camus have, in recent years, undergone a renaissance. While most readers in either discipline claim Camus and his works to be 'theirs', the scholars presented in this volume tend to see him and his works in both philosophy and literature. This volume is a collection of critical essays by an international menagerie of Camus experts who, despite their interpretive differences, see Camus through both lenses. For them, he is a novelist/essayist who embodies a philosophy that was never fully developed due to his brief life. The essays here examine Camus's first published novel, The Stranger, from a variety of critical and theoretical perspectives, each drawing on the author's knowledge to present the first known critical examination in English. As such, this volume will shed new light on previous scholarship.

The Stranger by Albert Camus Albert Camus, 1942 The Stranger (French: L'Étranger), also published in English as The Outsider, is a 1942 novella by French author Albert Camus. Its theme and outlook are often cited as examples of Camus' philosophy, absurdism, coupled with existentialism; though Camus personally rejected the latter label. The title character is Meursault, an indifferent French settler in Algeria described as a citizen of France domiciled in North Africa, a man of the Mediterranean, an homme du midi yet one who hardly partakes of the traditional Mediterranean culture. Weeks after his

mother's funeral, he kills an Arab man in French Algiers, who was involved in a conflict with one of Meursault's neighbors. Meursault is tried and sentenced to death. The story is divided into two parts, presenting Meursault's first-person narrative view before and after the murder, respectively. Meursault learns of the death of his mother, who has been living in an old age home in the country. He takes time off from work to attend her funeral, but he shows no signs of grief or mourning that the people around him expect from someone in his situation. When asked if he wishes to view her body, he declines, and he smokes and drinks regular (white) coffee - not the obligatory black coffee - at the vigil held by his mother's coffin the night before the burial. Most of his comments to the reader at this time are about his observations of the aged attendees at the vigil and funeral, which takes place on an unbearably hot day. Back in Algiers, Meursault encounters Marie, a former secretary of his firm. The two become re-acquainted, swim together, watch a comedy film, and begin to have an intimate relationship. All of this happens on the day after his mother's funeral. Over the next few days, Meursault helps Raymond Sintès, a neighbor and friend who is rumored to be a pimp, but says he works in a warehouse, to get revenge on a Moorish girlfriend he suspects has been accepting gifts and money from another man. Raymond asks Meursault to write a letter inviting the girl over to Raymond's apartment solely so that he can have sex with her and then spit in her face and throw her out. While he listens to Raymond, Meursault is characteristically unfazed by any feelings of empathy, so he does not express concern that Raymond's girlfriend would be emotionally hurt by this plan and agrees to write the letter. In general, Meursault considers other people either interesting or annoying, or feels nothing for them at all. Raymond's girlfriend visits him on a Sunday morning, and the police get involved when he beats her for slapping him after he tries to kick her out. He asks Meursault to testify that the girlfriend had been unfaithful when he is called to the police station, to which Meursault agrees. Ultimately, Raymond is let off with a warning.
