Tough Times Never Last, But Tough People Do! Robert H Schuller,2006-10 Robert Schuller shares his philosophy of 'Possibility Thinking' and translates it into an action plan for success and shows you how to build a self-image with positive thoughts and know the truth that after every storm, there is a calm. Every problem has a solution. It is our attitude to get going when the going gets tough as well as fight to face the obstructions that deprive us of our mental or physical peace which is the key to every problem in our life. Life is full of ups and downs. All of us have problems, but through this book Schuller show you how to build a positive self-image and emerge a winner. No matter how tough times get, don't give up, manage the problem creatively and constructively and you will succeed. We need to tackle our problems with courage, confidence and action. There's an old Chinese saying that goes, If you live with a problem long enough, it could eventually become a blessing. Within every hardship in life, there is always a seed of an equivalent or greater benefit. All we have to do is look for it and act on it.

Wisdom and Vin-isms: Slams, Laughs, and Lessons Learned Vinnie Venturella,2025-06-29 When would you ever bet a “punch in the face?” Why is it necessary to park so you can pull forward? How do you get in World War Z shape? What does my Mom know about making friends? During a verbal slam session, when is it ever okay to go tactical nuke when a proportional response would be a bow and arrow? What is the Rule of 72? What does “give him the heater” mean in your world? What can only 5% of American men and 1% of women do? How can you determine if a dude is wearing a quality suit? Shouldn’t some leaders talk more directly than they do? How do you know what to order at McDonald’s? What are “Chiefly Things?” How does action breed more clarity than thought? These and many more are the questions answered or lessons highlighted in this book. Wisdom and Vin-isms is a companion to The Red Pill on Wisdom and an homage to Heartbreak Ridge. Just because it’s not deep, or rooted in classical philosophy, or perfectly coiff ed by a titan of industry, doesn’t mean it’s not wisdom. It defi nitely is a Vin-ism and should be embraced.

Wilbur and Melvia Lee Thornton Son Wilbur Junior WILBUR THORNTIZE THORNTON,2015-01-14 For years I have been speaking my mind about the good and the bad from the North to East. The quotes and poems that I dedicate to my family and all of my loved ones. I always wanted to share these things with different kinds of people. The righteous or the bad. Come and travel the wilderness with me.

School Leadership in India N. Mythili,2024-08-28 This book explores how school leadership plays a significant role in addressing the issues of poor learning among students in India. It presents in-depth discussions on critical leadership practices that are influenced by the interaction between leadership styles, functions, behaviours and practices of school leaders using theoretical discourse. Besides, a conceptual framework is developed to understand the leadership phenomenon in the Indian context for the overall improvement of schools, student learning and self-development of leaders. While highlighting the issues and challenges faced by schools and school leaders, the book presents a number of vignettes created

from the data on various aspects of school leadership practices indicating the styles, behaviours and functions in every chapter. The nature of the analysis is also unique to the discourse on educational leadership as it culminates in tracing the path traversed by the school leaders. The analysis is thematically organised into purpose-process-outcome that spreads across seven chapters. Besides the rigour of vast data that substantiates the arguments using mixed methods, it also vividly discusses the national initiatives undertaken in India to transform instructional and pedagogical leadership of principals and improve students learning in the past one decade or so. The book will be of interest to researchers of education, leadership education and development and school education in university departments of education, management, public administration, development studies and sociology that use interdisciplinary approaches. It will also be useful for school educators, academicians, school leaders, policymakers and teacher educators not only for teaching and research but also for school leadership development for practitioners.
