Be Smart, Act Fast, Get Rich Charles V. Payne, 2007-07-27 Praise for *Be Smart, Act Fast, Get Rich* Charles Payne's book is blunt, provocative, and right on the money. This book is a lot like Charles himself: insightful and to the point. If you have time to read only one book on how to make money . . . this is the book. --Dr. Bob Froehlich, Chairman, Investor Strategy Committee Deutsche Asset Management, and Vice Chairman, DWS Scudder *Be Smart, Act Fast, Get Rich* is a book for all investors from first-time stock buyers to seasoned investors. 'Be Smart' suggests you understand the fundamentals of the company you are purchasing. 'Act Fast' suggests that action must be taken if you are going to increase your wealth in the stock market. All too often we find interesting ideas to invest in but never have the confidence to act, only to watch the stock's price rise while others reap the benefits. This book is an easy read, and a must-read for all investors. --Tom Dorsey, President, Dorsey Wright & Associates and author, *Point & Figure Charting* You should buy this book just for the super job Charles does in explaining everything you need to know about charts, graphs, and the other 'voodoo' of technical analysis that he makes so simple to understand. Charles really gives you a street fighter's education in the markets . . . I wish his book was around twenty-five years ago . . . it would have saved me millions in market mistakes I've made. --Tobin Smith, founder and Chairman, ChangeWave Research

Unbreakable Investor Charles V. Payne, 2023-08 In this book, Charles Payne will teach you how to identify changing market backdrops and investing conditions so you can get ahead and stay ahead of them. You'll learn ways to minimize losses during bear markets and maximize gains during bull markets just like Charles has done now for more than 35 years. This book was written to transform the way you think about and invest in today's market. To empower you with the ability to continue building the American dream throughout all economic cycles. To make you an Unbreakable Investor.

The Ultimate Jazz Collection of Charles Payne Matthew Stelly,2018-06-05 As I was putting together the largest black cultural archive in the state of Texas, located at The Black Academy of Arts and Letters in Dallas, I was approached by TBAAL Board member Philip Jones who told me about a friend of his who had an incredible jazz collection that was in need of cataloguing. In exchange for two months rent (I was residing in a house near downtown that Jones owned) I would do it. Looking back, I should have been paying him for such an honor. This collection, which you are about to read about, is incredible. It is the property of a man named Charles Payne, and it is clear that he not only appreciated jazz music, but also the history surrounding the music. When Mr. Jones dropped those albums off at my home (an entire trunk and back seat full) I was shocked. I began to go through them and it was like being locked in a donut shop: the more I saw, the more I digested, the heavier I got. This collection is also an homage to a man who obviously appreciated black music. It is also a seed that is being planted for you, the reader. It is not a comprehensive collection, but there is enough information to inspire future research and study. We need to find out, for instance, what happened to those record companies and the designers of some of those beautiful record jackets. The collection is more than just jazz and jive; it is also about joy and the knowledge that Black people are the most creative and original people on this planet. Enjoy. Putting together this collection was a labor of love. Matthew C. Stelly (November, 2018)

Sears, Charles Payne, 1864- , The folder may include clippings, announcements, small exhibition catalogs, and other ephemeral items.

Civil Rights History from the Ground Up Emilye Crosby,2011 After decades of scholarship on the civil rights movement at the local level, the insights of bottom-up movement history remain essentially invisible in the accepted narrative of the movement and peripheral to debates on how to research, document, and teach about the movement. This collection of original works refocuses attention on this bottom-up history and compels a rethinking of what and who we think is central to the movement. The essays examine such locales as Sunflower County, Mississippi; Memphis, Tennessee; and Wilson, North Carolina; and engage such issues as nonviolence and self-defense, the implications of focusing on women in the movement, and struggles for freedom beyond voting rights and school desegregation. Events and incidents discussed range from the movement's heyday to the present and include the Poor People's Campaign mule train to Washington, D.C., the popular response to the deaths of Rosa Parks and Coretta Scott King, and political cartoons addressing Barack Obama's presidential campaign. The kinds of scholarship represented here--which draw on oral history and activist insights (along with traditional sources) and which bring the specificity of time and place into dialogue with broad themes and a national context--are crucial

as we continue to foster scholarly debates, evaluate newer conceptual frameworks, and replace the superficial narrative that persists in the popular imagination.
