**Icebreaker** Hannah Grace,2022-11-22 #1 NEW YORK TIMES BESTSELLER Over 1 million copies sold! A TikTok sensation! Sparks fly when a competitive figure skater and hockey team captain are forced to share a rink. Anastasia Allen has worked her entire life for a shot at Team USA. It looks like everything is going according to plan when she gets a full scholarship to the University of California, Maple Hills and lands a place on their competitive figure skating team. Nothing will stand in her way, not even the captain of the hockey team, Nate Hawkins. Nate's focus as team captain is on keeping his team on the ice. Which is tricky when a facilities mishap means they are forced to share a rink with the figure skating team—including Anastasia, who clearly can't stand him. But when Anastasia's skating partner faces an uncertain future, she may have to look to Nate to take her shot. Sparks fly, but Anastasia isn't worried...because she could never like a hockey player, right?

**The Pleasures of Reading** Catherine Sheldrick Ross,2014-06-27 Based on years of ground-breaking research, this book supplies a look at the unique relationship between each text and the individual reader that results in a satisfying, pleasurable, and even life-changing reading experience. Following up on her critically acclaimed Reading Matters: What the Research Reveals about Reading, Libraries, and Community, Catherine Sheldrick Ross takes a new look at pleasure reading through 30 thought-provoking essays based on themes arranged from A to Z. In short lively chapters, she discusses topics ranging from Alexia, Bad Reading, and Changing Lives to Romance Fiction, Self-help, Titles, Vampires, and Year of Reading. Drawing on her own research as well as other published sources, Ross comments on the significance of each theme, provides examples of the phenomenon, and develops the topic chronologically, through further examples, or through reversals. The essays are unified by an underlying theory of reading that views readers as sense-makers, actively engaged in reading themselves into the text and reading the texts back into their own lives. It gives educators and librarians insights into their roles with readers and offers a message about the importance of pleasure reading. A short list of resources for further reading is supplied with each topic.

**Stumbling Colossus** David M. Glantz,1998 Drawing on evidence never before seen in the West, including combat

records of early engagements, David Glantz claims that in 1941 the Red Army was poorly trained, inadequately equipped, ineptly organized, and consequently incapable of engaging in large-scale military campaigns - and both Hitler and Stalin knew it. He provides a complete and convincing study of why the Soviets almost lost the war that summer, dispelling many of the myths about the Red Army that have persisted since the war and soundly refuting Viktor Suvorov's controversial thesis that Stalin was planning a preemptive strike against Germany.
