*Recommended Books in Spanish for Children and Young Adults* Isabel Schon,2004 Whether used for the development and support of an existing collection or for the creation of a new collection serving Spanish-speaking young readers, this outstanding resource is an essential tool. Following the same format as the highly praised 1996-1999 edition, Schon presents critical annotations for 1300 books published between 2000 and 2004, including reference, nonfiction, and fiction. One section is devoted to publishers' series, and an appendix lists dealers who carry books in Spanish. Includes author, title, and subject indexes.

*Cultivar la lectura en familia* Constanza Mekis,2022-07-16 Con un lenguaje sencillo y amigable, la obra entrega orientaciones para fomentar la lectura a través de múltiples experiencias y testimonios. En el libro, la autora reflexiona acerca de cómo promover la lectura literaria desde la más temprana infancia, y lo hace recorriendo su propia trayectoria personal y profesional, con una interesante oferta de itinerarios, metodologías, testimonios, experiencias y pasos prácticos para trasladar la pasión de la lectura a los hogares.

**Los libros, eso es bueno para los bebés** Marie Bonnafé,2016-04-01 Un clásico de la pedagogía literaria infantil, por primera vez en la lengua de Cervantes. Los libros ¿son buenos para los bebés? Pero si son demasiado pequeños y no los comprenden... Lejos de este supuesto, Marie Bonnafé afirma que nunca es demasiado pronto para acercar a los niños a los libros. Y es que los bebés nacen con necesidades primarias de alimentación, afecto, sueño y también relatos. La suya es una posición por completo opuesta al aprendizaje precoz. El encuentro del niño con los libros será tanto más valioso y enriquecedor mientras más gratuito sea, mientras el principal aliciente sea el placer de hacerlo, en compañía de un adulto que le dé afecto, o en soledad. Se trata de una obra pionera sobre el acercamiento cultural a la primera infancia y su importancia social. La colección Ágora, busca abrir un espacio público para que se ventilen asuntos relacionados con la formación de lectores y escritores de manera que niños, jóvenes y adultos puedan no sólo leer y escribir, sino comprender y discernir información e imaginar mundos posibles.

**Recommended Readings in Spanish Literature** California. Department of Education, 1991 A list of almost 300 titles of Spanish language reading materials represents the recommendations of the California Media and Library Educators Association for use with Spanish-speaking, limited-English-proficient students in kindergarten through eighth grade. It is intended as a guide for teachers of Spanish and teachers of English language arts who work with this population. Selections include those originally written in Spanish and tales from the oral Spanish tradition, and comprise a variety of genres, including biography, drama, folklore and mythology, historical fiction, modern fantasy, nonfiction, picture book, poetry, realistic fiction, and science fiction. The materials were selected to appeal to readers with a variety of learning abilities and interests. Citations are divided into three sections, including: core and extended materials, recreational and motivational materials, and dual-text materials. Each entry is annotated and includes an entry type (in the case of core and extended materials), recommended grade span, an indication whether the entry is a translation from another language, and genre.

Author and title indexes are also provided. (MSE)
