

Jews And Their Lies

Martin Luther

On the Jews & Their Lies Martin Luther, *On the Jews & Their Lies* is one of the most controversial works by Protestant reformer, Martin Luther. In one of the most notorious chapters in the book, Luther urges the German people to “raze and destroy [the Jews’] houses, and it is for such statements that the book is best known. But the book also presents some theological arguments against the Judaism (i.e. the Jew’s belief in the circumcision, their classification of themselves as the “Chosen People,” and the Jews’ denial of Christ as the Messiah). This annotated edition of Martin Luther’s *On the Jews & Their Lies* provides readers with a more thorough understanding of one of the most controversial works of the Father of the Protestant Reformation, Martin Luther.

On the Jews and Their Lies Martin Luther, 2025-01-05 MARTIN LUTHER (1483-1546) was one of the greatest religious thinkers and reformers of all time. Founder of the Lutheran Church, his Protestant movement against the dominant Catholicism altered the course of European history. His fortitude in confronting and overcoming corruption within the Church hierarchy is legendary. He was a man of great intellect and unmatched moral courage. But Luther had other opponents: the Jews. Judaism not only repudiated Christian theology by denying that Jesus was the true savior or Messiah, but it also took on an air of supreme arrogance—Jews as special, as different, as chosen by God. As such, Jews are unwilling to repent, to accept Christ, or to see the true meaning of the Old Testament; hence they slander and insult Jesus, Mary, and indeed all Christians. Jews, said Luther, harbor an intense and deeply-rooted hatred for all non-Jews, and thus are willing to use, abuse, and exploit people for their own ends. For Luther, Jews are arrogant and stubborn liars. They are greedy materialists, ever covetous of Christian wealth and power. They are congenital misanthropes, the master haters of humanity. And through their damnable usury—lending money at interest—they exploit, bankrupt, and enslave innocent people everywhere. Given the chance, said Luther, they would slaughter us all. Hence his dramatic plan of action: destroy the synagogues, ban Judaic teaching, confiscate ill-gotten Jewish wealth, put Jews to hard labor, and ultimately, drive them out of Christian lands. Jews are incorrigible corrupters of humanity, and nothing less would get to the root of the problem. *On the Jews and Their Lies* thus stands as one of the most remarkable books in history. Owing to its controversy, it is also one of the least-known. Now for the first time, the entire text is presented in English, in an authoritative fashion—complete with proper introduction, detailed footnotes, and helpful bibliography and index. This is not just ancient history. Martin Luther's book is

filled with lessons for the present day.

Luther and the Jews Richard S. Harvey, 2017-08-02 Luther and the Jews: Putting Right the Lies is a timely and important contribution to the debate about the legacy of the Protestant Reformation. It brings together two topics that sit uncomfortably: the life, ministry, and impact of Martin Luther, and the history of Jewish-Christian relations to which he made a profoundly negative contribution. As a Messianic Jew, Richard Harvey considers Luther and his legacy today, and explains how Messianic Jews have a vital role to play in the much-needed reconciliation not only between Protestants and Catholics, but also between Christians and Jews, in order for Luther's vision of the renewal and restoration of the church to be realized.

The Antisemite, Martin Luther MATTHEW. SIMMONS, 2025-09-04 www.the-hijacked-mind.com (DISCOUNT ON WEBSITE) MARTIN LUTHER QUOTES, Jews are a base, whoring people, that is, no people of God, and their boast of lineage, circumcision, and law must be accounted as filth. They are full of the devil's feces... which they wallow in like swine. The synagogue was a defiled bride, yes, an incorrigible whore and an evil slut. Set fire to their synagogues or schools and... bury and cover with dirt whatever will not burn, so that no man will ever again see a stone or cinder of them. This is to be done in honor of our Lord and of Christendom, so that God might see that we are Christians, and do not condone or knowingly tolerate such public lying, cursing, or blaspheming of his Son and of his Christians. But what will happen even if we do burn down the Jews' synagogues and forbid them publicly to praise God, to pray, to teach, to utter God's name? They will still keep doing it in secret... They must be driven from our country. Their synagogues and schools should be set on fire, their prayer books destroyed, rabbis forbidden to preach, homes razed, and property and money confiscated. They should be shown no mercy or kindness and afforded no legal protection, and these poisonous envenomed worms should be drafted into forced labor or expelled for all time. If I had to baptize a Jew, I would take him to the bridge of the Elbe, hang a stone around his neck and push him over with the words, 'I baptize thee in the name of Abraham.' The church fathers birthed antisemitic hatred in the soul of Martin Luther. Martin Luther hated the descendants of Jesus Christ. Yet, many people worship the initiator and leader of the Protestant Reformation as if he were a god. To the Reformers, this is not something you were taught in the Lutheran catechism class. Martin Luther wrote a 65,000-word, anti-Judaic, and antisemitic treatise, *On The Jews and Their Lies*. Luther also seems to advocate their murders, writing, We are at fault in not slaying them. Hitler adored the writings of Martin Luther, and people would see Hitler's justification for killing off the Jewish people. Hitler turned Germany into crimson with rivers of blood. Hitler murdered approximately six million Jews, God's firstborn, the apple of His eye (Exodus 4:22). The Nazi Propaganda poster from 1933 reads, Hitler's fight and Luther's teaching are the best defense for the German people. Hitler had pamphlets of Martin Luther handed out throughout the Third Reich. Hitler exploited Luther's

writings: The Nazis saw Luther as a spiritual father of their movement, utilizing his antisemitic writings like *On The Jews And Their Lies* as justification for their persecution of Jews. Hitler, in 1933, marked the 450th anniversary of Luther's birth; the Nazis organized a nationwide German Luther Day. The event's main speaker praised Luther's ethno-nationalist mission and called for the completion of the German Reformation in the Third Reich, associating Luther's legacy with Nazi goals. Hitler used Luther's birthday for Kristallnacht: Nazi propaganda also highlighted the coincidence of the Kristallnacht pogroms in 1938, with Luther's birthday, November 9-10, likely seeking to link the violence against Jews to Luther's antisemitic writings. Seeds were planted by Luther into the mind of Hitler, a systematic, antisemitic theological harvest of hatred for the Jewish people. Also, Adolf Hitler attended a Roman Catholic school as a child and was mentally poisoned by the mantra, The Jews are the killers of Christ! That was a lie! It is still a lie! Your existence killed Christ! While we were still sinners, God's love for us raised Christ!

Explaining, Interpreting, and Theorizing Religion and Myth Nickolas P. Roubekas, Thomas Ryba, 2020-07-20 In *Explaining, Interpreting, and Theorizing Religion and Myth: Contributions in Honor of Robert A. Segal*, nineteen renowned scholars offer a collection of essays addressing the persisting question of how to approach religion and myth as academic categories. Taking their cue from the work of Robert A. Segal, they discuss how to theorize about religion and myth from a variety of disciplinary perspectives. With cases from ancient Greece and Mesopotamia to East Asia and the modern world by and large, and engaging with diverse disciplines such as psychology, philosophy, anthropology, history, film, theology, and religious studies among others, the volume establishes a synthesis that demonstrates the pervasiveness as well as the pitfalls of the categories “religion” and “myth” in the world. Contributors are: Douglas Allen, Fiona Bowie, Dexter E. Callender, Jr., Laura Feldt, José Manuel Losada, William Hansen, Raya A. Jones, Roderick Main, Jon Mills, Henry Munson, Angus Nicholls, Daniel L. Pals, Lukas Pokorny, Bryan S. Rennie, Ivan Strenski, Steven F. Walker, Eric Ziolkowski, Nickolas P. Roubekas, Thomas Ryba.

The Jews and the Reformation Kenneth Austin, 2020-06-11 Judaism has always been of great significance to Christianity but this relationship has also been marked by complexity and ambivalence. The emergence of new Protestant confessions in the Reformation had significant consequences for how Jews were viewed and treated. In this wide-ranging account, Kenneth Austin examines Christian attitudes toward Jews, the Hebrew language, and Jewish learning, arguing that they have much to tell us about the Reformation and its priorities—and have important implications for how we think about religious pluralism today.

Respect for the Jews Franz Posset,2019-09-30 Eight different historical-theological studies are assembled here under the title Respect for the Jews. They focus primarily on positive Catholic attitudes toward Jews during the turbulent years of the first half of the sixteenth century. The number of authors and texts are relatively small, but need to be brought out into the open. For the first time, a speech in praise of the language of the Jews by the early ecumenist, Georg Witzel (1501-1573), is made available in English. Other Catholic Hebraists who are featured include Johann Reuchlin (1455-1522), Matthaeus Adrianus (ca. 1470-1521), Robert Wakefield (died 1537), and Nicolaus Winmann (ca. 1500-1550). Their brilliant works are presented in front of the sinister backdrop of the vicious attacks against the Jews by the well-educated Catholic convert of Jewish descent, Johann Pfefferkorn (ca. 1469-1521), a self-appointed Catholic missionary to the Jews, and also against the background of the scandalous outbursts of the Grobian Reformer, Martin Luther (1483-1546). Volume 4 of the author's Collected Works fosters the idea that Jews and Christians are study partners, rather than antagonists--as visualized in the new statue Synagogue and Church in Our Time (as shown on the cover).

The Betrayal of the Humanities Bernard M. Levinson,Robert P. Ericksen,2022-09-06 How did the academy react to the rise, dominance, and ultimate fall of Germany's Third Reich? Did German professors of the humanities have to tell themselves lies about their regime's activities or its victims to sleep at night? Did they endorse the regime? Or did they look the other way, whether out of deliberate denial or out of fear for their own personal safety? The Betrayal of the Humanities: The University during the Third Reich is a collection of groundbreaking essays that shed light on this previously overlooked piece of history. The Betrayal of the Humanities accepts the regrettable news that academics and intellectuals in Nazi Germany betrayed the humanities, and explores what went wrong, what occurred at the universities, and what happened to the major disciplines of the humanities under National Socialism. The Betrayal of the Humanities details not only how individual scholars, particular departments, and even entire universities collaborated with the Nazi regime but also examines the legacy of this era on higher education in Germany. In particular, it looks at the peculiar position of many German scholars in the post-war world having to defend their own work, or the work of their mentors, while simultaneously not appearing to accept Nazism.
