

# Primary Sources On Alexander The Great

**Raewyn Gilmour**

**Sources for Alexander the Great** N. G. L. Hammond, 1993-03-11 Plutarch and Arrian have contributed more than any other ancient authors to our picture of Alexander the Great, but since they wrote four or more centuries after his death the value of what they said depends upon the sources of information on which they themselves drew. In this 1993 book the attempt is made to define and to evaluate those sources in a detailed study, analysing the historians' works section by section and comparing them with other accounts of the same episodes. This volume completes Professor Hammond's study of the five Alexander-historians begun with *Three Historians of Alexander the Great* (Cambridge University Press, 1983) and lays a basis for work in this area.

**The History of Alexander** Quintus Curtius Rufus, 1984 The Roman historian's account of the conquests of Alexander the Great is one of the primary sources of our knowledge of the Macedonian conquest and its leader.

**Sources for Frameworks of World History** Lynne Miles-Morillo, Stephen Morillo, 2014 Each chapter in *Sources for Frameworks of World History* contains four to six sources--including photographs, graphics, maps, poetry, and cartoons--carefully chosen by coeditors Lynne Miles-Morillo and Stephen Morillo to specifically compliment *Frameworks of World History*. Chapter introductions, headnotes, and reading questions provide context, while a general introduction examines problems and issues in working with and interpreting sources--Back cover.

**The Anabasis of Alexander or, The History of the Wars and Conquests of Alexander the Great** Arrian, 2019-11-19 Arrian's *The Anabasis of Alexander* serves as a masterful chronicle of Alexander the Great's campaigns, drawing upon a wealth of primary sources, including the accounts of contemporaries like Pseudo-Skylax and those who accompanied Alexander, such as the historian Callisthenes. Written in the second century AD, Arrian's narrative exhibits a meticulous attention to detail and a compelling literary style that blends historical rigor with vivid storytelling, transporting readers into the heart of military strategy, cultural encounters, and the unparalleled ambition of one of history's most iconic figures. This work is notable for its engagement with themes of leadership, ethics, and the consequences of conquest, situating it within the larger tradition of Greco-Roman historiography that values both fact and moral lesson. Arrian himself, a former pupil of the philosopher Epictetus and a military officer, shows a unique understanding of both the philosophical ideals shaping leadership and the pragmatic realities of warfare. His scholarly background and firsthand experiences likely inspired his

efforts to produce a work that not only serves historical interest but also prompts reflections on the nature of power, responsibility, and the legacies left by legendary figures such as Alexander. For students of history and enthusiasts alike, The Anabasis of Alexander is an indispensable read that provides insight into not only the life and conquests of Alexander the Great but also the cultural and ethical considerations of leadership. This work remains a pivotal text for understanding the complexities of power and the enduring impact of one man's ambition on the historical landscape. In this enriched edition, we have carefully created added value for your reading experience: - A succinct Introduction situates the work's timeless appeal and themes. - The Synopsis outlines the central plot, highlighting key developments without spoiling critical twists. - A detailed Historical Context immerses you in the era's events and influences that shaped the writing. - A thorough Analysis dissects symbols, motifs, and character arcs to unearth underlying meanings. - Reflection questions prompt you to engage personally with the work's messages, connecting them to modern life. - Hand-picked Memorable Quotes shine a spotlight on moments of literary brilliance. - Interactive footnotes clarify unusual references, historical allusions, and archaic phrases for an effortless, more informed read.

**Alexander the Great** Ian Worthington, 2003 This exciting new volume includes a selection of the most significant and representative published articles and chapters about Alexander and covers all the main areas of debate and discussion in Alexander scholarship.

**Primary Source Document Workbook, Volume I for World Civilizations** Adler, Alfred, Philip J. Adler, 1996-07-26 This paperback contains Chapters 27 through 62 from the Adler World Civilizations combined volume.

History of Alexander the Great Marshall Monroe Kirkman, 2013-09 This is a reproduction of a book published before 1923. This book may have occasional imperfections such as missing or blurred pages, poor pictures, errant marks, etc. that were either part of the original artifact, or were introduced by the scanning process. We believe this work is culturally important, and despite the imperfections, have elected to bring it back into print as part of our continuing commitment to the preservation of printed works worldwide. We appreciate your understanding of the imperfections in the preservation process, and hope you enjoy this valuable book.

**Three Historians of Alexander the Great** N. G. L. Hammond, 2007-05-31 Our knowledge of Alexander the Great is derived from the widely varying accounts of five authors who wrote three and more centuries after his death. The value of each account can be determined in detail only by discovering the source from which it drew, section by section, whether from a contemporary document, a memoir by a companion of Alexander, a hostile critique or a romanticizing narrative. In this book the three earliest accounts are studied in depth, and it becomes apparent that each author used more than one source, and that only occasionally did any two of them or all three use the same source for an incident or a series of incidents. This book will be of value to ancient historians and of interest also to those studying Alexander the Great.

**Warrior King to Great King** Raewyn Gilmour, 2003 This accessible study, intended as an easily read introduction to the subject' charts the transformation of Alexander from Macedonian king to Great King, monarch of the Persian empire. In clearly-structured sections, supported by maps, genealogies and translated extracts from sources, Gilmour examines Alexander's family background, the stories that grew up around him during his youth, beginning the legend, Alexander's accession and his creation of a vast army, his expedition and his early death. The rest of the study lists and discusses Alexander's companions, the sources, Alexander's roles and strategies, and his military abilities. The book concludes with a chronology and bibliography. This study is by no means comprehensive nor particularly detailed but it does serve as a good well-informed starting point.

The Anabasis of Alexander or, The History of the Wars and Conquests of Alexander the Great Arrian, 2022-05-28 Arrian's *The Anabasis of Alexander*, a seminal historical narrative, chronicles the remarkable military campaigns of Alexander the Great, interweaving detailed accounts of battles, strategies, and the geography of the ancient world. Written in the 2nd century AD, this text is notable for its meticulous style and reliance on primary sources, including the accounts of Alexander's contemporaries, which lends authenticity and depth to Arrian's portrayal of the legendary conqueror. The work stands as a cornerstone of historiography, reflecting the virtues of the Hellenistic period while simultaneously serving as a critical analysis of leadership and ambition. Arrian, a Greek historian and philosopher, was profoundly influenced by the legacy of Alexander and his military innovations. His background as a student of the philosopher Epictetus and his own experiences as a military commander enriched his understanding of both the philosophical implications of leadership and the practical realities of warfare. Such insights allow him to present not only a historical account but also a profound examination of Alexander's character and the zeitgeist of his time. This masterfully crafted narrative appeals to historians, students of classical literature, and enthusiasts of military history alike. Engaging and richly detailed, *The Anabasis of Alexander* not only captures the grandeur of Alexander's conquests but also serves as an enduring reflection on the complexities of power, legacy, and the human spirit.

**Successors to Alexander the Great** Timothy Howe, Charlotte Dunn, David Lunt, 2025-11-14 A comprehensive collection of translated sources on the wars and world of Alexander's successors *Successors to Alexander the Great* brings together—for the first time in a single collection—the essential translated sources for the tumultuous period following the death of Alexander the Great in 323 BCE. Spanning Greek, Latin, Persian Babylonian, Egyptian, and epigraphic materials, this volume provides direct access to a wide range of documents that illuminate the world and the wars of the Diadochi and the complex efforts to reassemble, rule, and redefine the fragments of Alexander's empire. Organized thematically and geographically, this book allows readers to explore the Successors' ambitions, alliances, propaganda, and political innovation across a sprawling and multi-ethnic landscape. Contextual commentary throughout helps readers navigate the fragmentary

nature of source evidence, the biases of ancient authors, and the evolving concepts of legitimacy and kingship. With its thematic structure and source diversity, the book offers an ideal foundation for historical, literary, and historiographical inquiry into the Hellenistic world. The first unified, carefully curated, deeply contextualized collection of primary sources on the post-Alexander Hellenistic world, *Successors to Alexander the Great: Features Greek, Latin, Persian, Babylonian, Egyptian, and epigraphic material spanning multiple traditions and viewpoints* Includes bibliographies with each chapter for ease of reference and deeper research engagement Highlights the complexity of succession politics, propaganda, and kingship after Alexander's death Illuminates lesser-known figures and regions often excluded from traditional Hellenistic narratives Promotes critical thinking and historiographical awareness through exposure to conflicting ancient perspectives Supports interdisciplinary teaching on identity, authority, and empire-building in the ancient world Presenting a single, coherent, and accessible narrative, *Successors to Alexander the Great* is ideal for upper-level undergraduate and graduate courses on Alexander the Great, the Hellenistic world, and ancient Greek history. It supports degree programs in Classics, History, Ancient Studies, Middle Eastern Studies, and related disciplines, and serves as a vital reference for scholars, educators, and researchers.

*The Classical Review* ,1889

**The Polygamous Wives Writing Club** Paula Kelly Harline,2014-05-19 The Church of Jesus Christ of Latter-day Saints renounced the practice of plural marriage in 1890. In the mid- to late nineteenth century, however--the heyday of Mormon polygamy--as many as three out of every ten Mormon women became polygamous wives. Paula Kelly Harline delves deep into the diaries and autobiographies of twenty-nine such women, providing a rare window into the lives they led and revealing their views and experiences of polygamy, including their well-founded belief that their domestic contributions would help to build a foundation for generations of future Mormons. Polygamous wives were participants in a controversial and very public religious practice that violated most nineteenth-century social and religious rules of a monogamous America. Harline considers the questions: Were these women content with their sacrifice? Did the benefits of polygamous marriage for the Mormons outweigh the human toll it required and the embarrassment it continues to bring? Polygamous wives faced daunting challenges not only imposed by the wider society but within the home, yet those whose writings Harline explores give voice to far more than unhappiness and discontent. The personal writings of these women, all married to different husbands, are the heart of this remarkable book--they paint a vivid and sometimes disturbing picture of an all but vanished and still controversial way of life.

Alexander the Great Ian Worthington,2004 Of all the kings and conquerors of antiquity, Alexander the Great is the most famous and the most controversial. He conquered most of the known world and believed he was a god. He was also a paranoid, alcoholic megalomaniac. Dead at 33, his empire collapsed in his wake. Just how great was Alexander?.

**History of Alexander the Great - Primary Source Edition** Jacob Abbott, 2014-03 This is a reproduction of a book published before 1923. This book may have occasional imperfections such as missing or blurred pages, poor pictures, errant marks, etc. that were either part of the original artifact, or were introduced by the scanning process. We believe this work is culturally important, and despite the imperfections, have elected to bring it back into print as part of our continuing commitment to the preservation of printed works worldwide. We appreciate your understanding of the imperfections in the preservation process, and hope you enjoy this valuable book.

The Lost Book of Alexander the Great Andrew Young, 2022-01-27 A Reconstruction of Ptolemy I's History of Alexander's Conquests, a Primary Source Cited in Later Books That Disappeared More Than One Thousand Years Ago Alexander the Great is well known as one of the first great empire builders of the ancient world. Among those fellow Macedonian officers who accompanied Alexander in his epic conquests from Greece to India was Ptolemy Lagides. Ptolemy served alongside Alexander from the Persian defeat at the Battle of Issus in modern-day Turkey and the journey to find the oracle that proclaimed Alexander to be Zeus incarnate, to the Battle of the Hydaspes River in 326 BC that opened India to the West. Following Alexander's death, Ptolemy gained control of Egypt where he founded the dynasty in his name, created the great library of Alexandria, and was patron of the mathematician Euclid. Sometime during his rule in Egypt, Ptolemy wrote a history of Alexander's conquests. Although it is probable that Ptolemy enhanced his own importance, sources indicate that it was regarded as an accurate and even-handed account of the campaigns of Alexander. However, Ptolemy's book was lost--perhaps with the destruction of the library he founded--and not even an original fragment has survived. His book, however, was acknowledged as a primary source of information for later Roman historians. In *The Lost Book of Alexander the Great*, Andrew Young explores the world of ancient writings about the Macedonian leader in order to determine whether any of Ptolemy's writings can be recovered. Inspired by Stephen Greenblatt's distinguished biography of Shakespeare, *Will in the World*, and written for the general reader, the author uses literary forensics to suggest which parts of later books about Alexander the Great, most notably the account by Arrian of Nicomedia, might be the words of Ptolemy. In addition to separating later Roman sensibilities from the original Greek of Ptolemy, the author re-creates the famous library of Alexandria, and takes the reader along on Alexander's conquests as closely as we can to how Ptolemy may have recounted them.

libres y da* - Sep 13 2023

web paul brunton el sendero secreto  
capítulo i un sabio de oriente hace  
algunos años vagué por un tiempo por  
las calcinadas tierras de oriente con el  
propósito de descubrir los últimos  
vestigios de ese oriente místico acerca  
del cual muchos de nosotros hemos  
oído hablar pero muy pocos han  
encontrado
