Enriching Christian Doctrine and Character Ph. D. Michael J. Akers,Akers,2009-03 God exists as God the Father, God the Son, and God the Spirit. We are God's people who relate to God in each of these manifestations. Thirteen key topics have

been selected that cover basic Biblical doctrine on these four descriptors of whom God is and who we are as His children. Each of the fifty-two Biblical topics contain sufficient Scriptural references to enable the reader to fill an entire week looking up each Scripture and learn more deeply about what it is being taught from God's Word.. Each study contains questions for discussion somewhere in the text or as a separate list and concludes with at least one memorable quote. May each person spending time with this material be blessed by what the Holy Spirit does through these words of learning. May you not only learn a great deal, but also apply what you have learned in serving the Lord by serving others.

The Evolution of Winnicott's Thinking Margaret Boyle Spelman,2018-05-08 What happens to the thinking of a thinker who refuses a discipleship? This book attempts to answer this question in relation to D. W. Winnicott and the evolution of his thinking. He eschewed a following, privileging the independence of his thinking and fostering the same in others. However Winnicott's thinking exerts a growing influence in areas including psychoanalysis, psychology, and human development. This book looks at the nature of Winnicott's thought and its influence. It first examines the development of Winnicott's thinking through his own life time (first generation) and then continues this exploration by viewing the thinking in members of the group with a strong likelihood of influence from him; his analysands (second generation) and their analysands (third generation).

The Bloomsbury Handbook of Religion, Gender and Sexuality Sonya Sharma,Dawn Llewellyn,Sïan Hawthorne,2024-06-13 Bringing together disciplines across the arts, humanities and social sciences, this Handbook presents novel and lively examinations of the dynamic ways religion, gender and sexuality operate. Applying feminist, intersectional, and reflexive approaches, the volume aims to loosen imperialist and exclusionary figurations that have underwritten and tethered religion, gender, and sexuality together. While holding onto the field of inquiry, the Handbook offers contributions that interrogate and untie it from the terms and conditions that have formed it. The volume is organized into thematic sections: - Forces and Futures - Activisms and Labors - Agencies and Practices - Relationships and Institutions - Texts and Objects Chapters range across religious, geographical, historical, political, and social contexts and feature an array of case-studies, experiences, and topics that exemplify the reflexive intention of the volume, including explorations of race, whiteness, colonialism, and the institutional intolerance of minority groups. Contributors also advance new areas of research in religion including artificial intelligence, farming, migrant mothering, child sexual abuse, mediatization, national security,

legal frameworks, addiction and recovery, decolonial hermeneutics, creative arts, sport, sexual practices, and academic friendship. This is an essential contribution to the fields of religious studies and gender and sexuality studies.
