*Queer Bangkok* Peter A. Jackson, 2011-03-01 The Thai capital Bangkok is the unrivalled centre of the country's gay, lesbian and transgender communities. These communities are among the largest in Southeast Asia, and indeed in the world, and have a diversity, social presence and historical depth that set them apart from the queer cultures of many neighbouring societies. The first years of the 21st Century have marked a significant transition moment for all of Thailand's LGBT cultures, with a multidimensional expansion in the geographical extent, media presence, economic importance, political impact, social standing, and cultural relevance of Thai queer communities. This book analyzes the roles of the market and media - especially cinema and the Internet - in these transformations, and considers the ambiguous consequences that the growing commodification and mediatisation of queer lives have had for LGBT rights in Thailand. A key finding is that in the early 21st Century processes of global queering are leading to a growing Asianisation of Bangkok's queer cultures. This book traces Bangkok's emergence as a central focus of an expanding regional network linking gay, lesbian and transgender communities in Hong Kong, Singapore, Taiwan, Indonesia, the Philippines and other rapidly developing East and Southeast Asian societies. Peter A. Jackson is associate professor in the School of Culture, History and Language at Australian National University. The myriad faces of Thai gender/sexuality culture have been an attraction for both pleasure-seekers and researchers/scholars/activists. Exploring the rapidly changing LGBT cultures and Thai queer identities, the essays collected here provide insightful analyses of historical continuities as well as developing variations within the highly complex erotic/economic texture of Thai society. A must-read for anyone in the booming field of gender/sexuality studies. -Josephine Ho, Chair Professor, Center for the Study of Sexualities, National Central University, Taiwan

**Desiring Thai Men** Narupon Duangwises, Peter A. Jackson, 2025-10-15 *Desiring Thai Men* traces the transformative influence of vernacular Thai-language media on Thailand's gay communities from the 1980s through the 2010s. Narupon Duangwises and Peter A. Jackson analyze dramatic changes in the visual representation and languaging of masculine desire and sexual identity among Thai gay men that were reflected in Thai gay magazines and gendered practices in Bangkok's gay bars, fitness centers, and video chatrooms. Multiple masculine identities emerged in Thailand's communities of men who have sex with men from the intersecting influences of commercial gay media and gay venues. Distinctive class-based, contextualized, and flexible masculinities evolved among ethnically diverse Thai gay men in a capitalist setting of print and online media and expanding consumerist lifestyles. *Desiring Thai Men* argues that evolving forms of masculinity among Thai men who pursue men offer insights for reexamining class dynamics in transnational queer and media studies and for the applicability of hegemonic masculinity beyond Western contexts.

**To Have and to Hold** Melanie Judge, Anthony Manion, Shaun De Waal, 2008 Written by an impressive selection of academics, attorneys, researchers, and activists, these essays explore the national debate in South Africa on the topic and consequences of their Civil Union Act. Contributions critically examine the legislative and advocacy process of marriage, the institution of marriage itself, and the meanings attached to it for lesbian, gay, bisexual, transgender, and intersex people. The combination of historical documents, personal reflections, and academic and activist analyses of same-sex marriage makes this collection invaluable for understanding this historic journey and its legal, social, cultural and religious ramifications.
