

The Digging Est Dog

DJ Losen

The Digging-Est Dog Al Perkins,1967-08-12 Illustrated in full color. A dog who has to learn how to dig doesn't stop until he has dug up the whole town. Beginner Books are fun, funny, and easy to read! Launched by Dr. Seuss in 1957 with the publication of *The Cat in the Hat*, this beloved early reader series motivates children to read on their own by using simple words with illustrations that give clues to their meaning. Featuring a combination of kid appeal, supportive vocabulary, and bright, cheerful art, Beginner Books will encourage a love of reading in children ages 3-7.

You vs You Todd Cahill,2019-02-19 The greatest battles we face are with ourselves In *You vs You*, author Todd Cahill starts with a simple premise: As people strive for any improvement in their lives—whether it's more income, a better relationship, a promotion, a bigger business, or a better body—the most important battles they will face are against themselves. People invite problems into their lives through poor choices, apathy, indecision, arrogance, anxiety, selfishness, and other traits they would rather not discuss but must be addressed. In this valuable book, Cahill shares what he has learned about these battles that either keep people from success and significance or usher them to victory. As a life coach and leadership trainer, he has taught thousands of people these lessons, and many of them are now experiencing a level of personal achievement, relational abundance, and financial freedom they never thought possible. People often self-sabotage if they're not mindful, wise, and willing. Cahill reinforces the idea that readers can choose today to fight against who they once were (or are) and become who they are made to be. *You vs You* is about that choice and the challenging, rewarding quest that ensues.

I Can Read It All by Myself Paul V. Allen,2021-05-28 In the late 1950s, Ted Geisel took on the challenge of creating a book using only 250 unique first-grade words, something that aspiring readers would have both the ability and the desire to read. The result was an unlikely children's classic, *The Cat in the Hat*. But Geisel didn't stop there. Using *The Cat in the Hat* as a template, he teamed with Helen Geisel and Phyllis Cerf to create Beginner Books, a whole new category of readers that combined research-based literacy practices with the logical insanity of Dr. Seuss. The books were an enormous success,

giving the world such authors and illustrators as P. D. Eastman, Roy McKie, and Stan and Jan Berenstain, and beloved bestsellers such as *Are You My Mother?*; *Go, Dog. Go!*; *Put Me in the Zoo*; and *Green Eggs and Ham*. The story of Beginner Books—and Ted Geisel’s role as “president, policymaker, and editor” of the line for thirty years—has been told briefly in various biographies of Dr. Seuss, but *I Can Read It All by Myself: The Beginner Books Story* presents it in full detail for the first time. Drawn from archival research and dozens of brand-new interviews, *I Can Read It All by Myself* explores the origins, philosophies, and operations of Beginner Books from *The Cat in the Hat* in 1957 to 2019’s *A Skunk in My Bunk*, and reveals the often-fascinating lives of the writers and illustrators who created them.

Literacy Activities for Circle Time: Rhythm and Rhyme, Ages 3 - 6 DeVries, 2009-01-04 Strengthen students' language, memory, and attention skills with *Literacy Activities for Circle Time: Rhythm and Rhyme* for grades PK-1. This 96-page book provides hands-on, cross-curricular activities that develop children's emerging literacy skills. The book provides ideas that engage students through listening, watching, imitating, cooperating, playacting, singing, and chanting. It aligns with state and national standards.

Wings of Empowerment Darlene Wilson, 2011-02-15 In *Wings of Empowerment* the author invites readers to embrace a life changing approach to stepping away from painful roadblocks. Not only does Darlene Wilson share how she escaped from a controlling tyrant but also from her own destructive thought system. This is the sometimes torturous, often joyful journey of a woman who accepts the challenge to bravely face her fears – opening the door to a surprising new life. In her story, Wilson illustrates her experiences with empowerment tools such as: Dream work Meditation Acupuncture Dance therapy Mindfulness application Journaling A Course in Miracles The law of attraction Pet therapy Nature immersion Energy healing Affirmations A bibliography of the many books Wilson utilized in her transformation is included in this work.
