The Unsolved Mystery of Noah's Ark Mary Irwin, 2012-10 Ararat, a behemoth of a mountain, is 17,000 feet of pain for anyone who dares trespass upon its icy heights. It is a place of dread where one wrong step can send climbers careening down a steep, glacial field into the abyss known as the Ahora Gorge. Many have died on those slopes, and some have never been seen again. So why do climbers come to this place on the far east of the Turkish Frontier? It is not for sport alone; in fact, for most, that is far from the real reason. They come to Ararat flirting with death to find an old boat we all know as Noah's ark. It is said that its rotting corpse is somewhere up there in the swirling clouds and slumbering silence of ancient ice. Come with Mary Irwin, one of the original ark-aeologists, as she travels to Ararat and back again uncovering many of the ancient secrets of Noah's ark. You may be surprised what you find!

Son of Joseph Uyioghosa Clement Omoruyi, 2011-06-15 The children of Israel's path to reconciliation with their lost brother - Joseph - began at the same time they did away with him. This is a path riddled with jealousy, bitterness, rage and betrayal. However, it is equally a path filled with undying love, longing, confession, forgiveness, reconciliation, restoration, peace, blessings and a new beginning. Whereas, the children of Israel reviled Joseph earlier; this time, they truly feared and revered Zaph'-nath-pa-a-ne'-ah. Unknown to them, this rejected and murdered prince still oversees all their deliberations ... However, If the sons of Jacob had not rejected their brother, As-e-nath may never have met her most beloved husband - Zaph'-nath-pa-a-ne'-ah. Ma-nas'-seh and E'-phra-im would never have been born. In like manner, the rejection of the Son of Joseph also ensures that the Gentiles met her Christ; and the Gentile Church is born.

Wake Up! the Lord is Returning Alf Droy, 2002

God's Treasure Dr. Pocahontas Schuck, 2025-01-07 God's Treasure Ark of the Covenant is loaded with a huge amount of information that is generally unknown to the public. How is it possible? In an age of knowledge explosions, how could a large majority of the public not know that Ron Wyatt, amateur archaeologist, actually discovered the Ark of the Covenant hidden for more than 2,000 years in a cave in Jerusalem directly under the cross site. It appears to me that this amazing archaeological discovery has remained obscure due largely to the fact that it was not supported by the professional archaeologists with Ph.D. behind their name. In order to explain and validate the existence of the Ark of the Covenant I chose to search the Scriptures highlighting the plan of God to create the Ark by telling Moses the exact 'blueprint' for its construction by Bezalel and Aholiab. Scriptures were added that followed the Ark throughout the wilderness wanderings, and the role of the Ark in parting the Jericho to allow the Israelites to pass through on dry ground. The history of the Ark is included until the Glory of the Lord departs as explained in Ezekiel. There is information about the whereabouts of the Ark as the Israelites are in bondage in Babylon. There is information that seems to explain how the Ark came to be safely transported to the cave to be hidden for safekeeping until God chooses to expose this information to the world. Not only did Ron Wyatt, amateur archaeologist, discover the Ark of the Covenant, God also revealed to him a hundred Biblical sites including wheels of the chariots from the drowned Egyptians on the bottom of the Red Sea; the site of Sodom and Gomorrah, Noah's Ark in Turkey and many more. Mr. Wyatt began the discovery of the Ark in January, 1979. He was successful in locating the Ark hidden in a cave in Jerusalem on January 6, 1982 just three years later.

Under Jerusalem Andrew Lawler, 2023-09-26 A spellbinding history of the hidden world below the Holy City—a saga of

biblical treasures, intrepid explorers, and political upheaval “A sweeping tale of archaeological exploits and their cultural and political consequences told with a historian’s penchant for detail and a journalist’s flair for narration.” —Washington Post In 1863, a French senator arrived in Jerusalem hoping to unearth relics dating to biblical times. Digging deep underground, he discovered an ancient grave that, he claimed, belonged to an Old Testament queen. News of his find ricocheted around the world, evoking awe and envy alike, and inspiring others to explore Jerusalem’s storied past. In the century and a half since the Frenchman broke ground, Jerusalem has drawn a global cast of fortune seekers and missionaries, archaeologists and zealots, all of them eager to extract the biblical past from beneath the city’s streets and shrines. Their efforts have had profound effects, not only on our understanding of Jerusalem’s history, but on its hotly disputed present. The quest to retrieve ancient Jewish heritage has sparked bloody riots and thwarted international peace agreements. It has served as a cudgel, a way to stake a claim to the most contested city on the planet. Today, the earth below Jerusalem remains a battleground in the struggle to control the city above. Under Jerusalem takes readers into the tombs, tunnels, and trenches of the Holy City. It brings to life the indelible characters who have investigated this subterranean landscape. With clarity and verve, acclaimed journalist Andrew Lawler reveals how their pursuit has not only defined the conflict over modern Jerusalem, but could provide a map for two peoples and three faiths to peacefully coexist.
