Kathleen Armour

10 Excellent Reasons Not to Join the Military Elizabeth Weill-Greenberg, 2006-05-01

10 Excellent Reasons Not to Join the Military Elizabeth Weill-greenberg, 2006-04-18 So you're walking out of school and parked at the gate is a new, bright red Ford Mustang with a hulk of a man in the front seat. He's sporting a razor cut and wraparound shades. Before you can pass he's out of the car and blocking your path. Mind if I take a minute—he has you by the arm now—to tell you about the great life in today's Army and why you should seriously think about signing up? The armed forces are having a tough time attracting new recruits lately, in no small part due to the mess in Iraq. Young people are getting wise to the many excellent reasons not to join the U.S. Military, and this handy book brings them all together, combining accessible writing with hard facts and devastating personal testimony. Contributors with firsthand experience point out the dangers facing soldiers, describe the tricks used by recruiters, and emphasize that there really are other options, even in a sluggish economy. It's essential reading for anyone thinking of signing up.

10 Excellent Reasons Not to Join the Military Elizabeth Weill-Greenberg, 2006 A short, snappy counter-recruitment guide for parents, school counsellors, activists and young people.

Camouflaged Edwin Mayorga, Bree Picower, Seth Rader, 2008-07-01 *Camouflaged: Investigating How the U.S. Military Affects You and Your Community* is a tool for educators to help middle and high school-aged students explore the role of the military in their lives and in their communities. Local New York City teachers, led by the New York Collective of Radical Educators (NYCoRE), generated the *Camouflaged* curriculum with the intent of making it accessible to educators across the country in a variety of settings and curricular areas. NYCoRE believes that it is the role of educators as allies to young people to ensure that students have information from a variety of sources before considering enlisting in the armed forces. At this point in U.S. history, military recruiters have unprecedented access to young people in and out of school through a variety of mediums. This curriculum provides a critical lens to help students navigate recruiters' messages and to examine the role of the military throughout this country's history to the present.
