Robert Hawkins

Behind Closed Doors Joanne Stanton, Christine O'Donnell, 2017-09-26 *Behind Closed Doors* tells the story of two mothers who began investigating serious health issues in their own son and daughter—and ended up writing an expose about the declining health of an entire generation of American children. In their relentless attempts to improve the health of their own children, they uncovered harmful trends in our food, pharmaceuticals, and environment, all stemming from weak laws and conflicts of interest. What they discovered shocked and ultimately empowered them to get actively involved in questioning and reforming these harmful, out-of-balance practices, and to inspire other moms to do the same. *Behind Closed Doors* not only offers scientifically verified evidence of how declining industry practices are harming our kids, but showcases solutions like environmental medicine and other integrative health practices, shares personal success stories, and provides tools and solutions parents can immediately implement—equipping and inspiring us all to stand together for change.

Third Sector Organizations in Sex Work and Prostitution Isabel Crowhurst, Susan Dewey, Chimaraoke Izugbara, 2021-03-30 *Third Sector Organizations in Sex Work and Prostitution* is about sex work and prostitution third sector organizations (TSOs): non-governmental and non-profit organizations that provide support services to, and advocate for the well-being of people operating in the sex industries. With a focus on three vast and extremely diverse regions, Africa, the Americas, and Europe, this book provides a unique vantage point that shows how interlinked these organizations' histories and configurations are. TSOs are fascinating research sites because they operate as zones of contestation which translate their understandings of sex work and prostitution into different support practices and advocacy initiatives. This book reveals that these organizations are not external to normative power but participate in it and are subject to it, conditioning how they can exist, who they can reach out to, where, and what they can achieve. *Third Sector Organizations in Sex Work and Prostitution* is a resource for scholars, policymakers, and activists involved in research on, and work with third sector organizations in the fields of sex work and prostitution, gender and sexuality, and human rights among others.

Humans Are Not Robots Robert Hawkins, 2020-11-10 A hopeful vision of the post-covid-19 world of work and society, with practical guidance for how to get there. In this entertaining, thought-provoking, and comprehensive guidebook on work flexibility, Robert Hawkins builds on new and old management theories, case studies, interviews, and his own personal journey from rigidity to flexibility to show leaders how to free hundreds, thousands, millions of people from a way of working

that doesn't meet expectations for modern life. *Humans Are Not Robots* provides theory and evidence to show the urgent need for flexibility for all and then offers practical guidance on rolling out sustainable and successful (and profitable) flexibility campaigns. Hawkins explores various types of flexibility, including remote work, flexitime, compressed workweeks, and job sharing, as well as those not commonly discussed (reduced hours with full pay, return-to-work internships, flexibility in manufacturing, healthcare, construction). He delves into the science of human needs theory to demonstrate how the traditional nine-to-five workplace creates unsustainable lives and shows that, with even small changes, leaders in any industry can use flexibility to:

- Make work a vital and fun part of life again
- Boost productivity, engagement, and innovation
- Reduce gender inequality and domestic violence
- Delay retirement of workers and mitigate the issues of an ageing population
- Fight obesity and reduce the burden of poor health on individuals and health systems
- Ensure that people maintain needed skills and relevance in the face of increased automation and uncertainty
- Impact climate change and do all of this while increasing profits.

Part philosophical and scientific journey, part how-to guide, *Humans are Not Robots* provides readers a deep-dive into the world of work flexibility to learn how to fully unlock its power. Essential reading for leaders of any organization, the book presents a stark and beautiful vision of what people's lives could be, and the idea that this can be achieved right now.

Trauma and Resilience Keith A. Young, 2021-02-15 Aimed primarily at teens and young adults, the information, guidance, and resources in this book will also make it valuable for anyone directly or indirectly affected by trauma as well as those wishing to learn new resiliency and coping strategies. Traumatic experiences come in many forms, from fighting in a war zone to suffering abuse at the hands of a stranger or a loved one to being in or witnessing an accident. Trauma can have far-reaching and long-lasting negative impacts, affecting psychological well-being, relationships, and even physical health. But with proper treatment, many individuals are able to not only survive after trauma, but thrive. Part of Bloomsbury's Q&A Health Guides series, *Trauma and Resilience: Your Questions Answered* follows a reader-friendly question-and-answer format that anticipates readers' needs and concerns. Prevalent myths and misconceptions are identified and dispelled, and a collection of case studies illustrates key concepts and issues through relatable stories and insightful recommendations. Each book also includes a section on health literacy, equipping teens and young adults with practical tools and strategies for finding, evaluating, and using credible sources of health information both on and off the internet – important skills that contribute to a lifetime of healthy decision-making.

States of Fragility 2016 Understanding Violence OECD, 2016-11-30 The world is getting more violent, and violence is occurring in surprising places. Over the past 15 years, 3.34 billion people, or almost half of the world's population, have been affected by violence. The number of violent conflicts is decreasing, but conflicts are killing more people: ...

Status of Arab Women Report 2017 Nata Duvvury, Mehrinaz El Awady, Kamel Al-Mansi, Lina Abirafeh, Gabriella Nassif, Seema Vyas, 2017 The study focuses on intimate partner violence and particularly on its economic costs. It reviews evidence-based knowledge and provides in-depth understanding of the human rights and socioeconomic consequences of intimate partner violence in the Arab region--Publisher's website.

Behind Closed Doors Susan R. Sloan, 2018-02-01 A gripping and emotional drama, perfect for fans of B A Paris and Jodi Picoult. Valerie O'Connor is just eighteen years old when she marries handsome war veteran, Jack Marsh. Blinded by love, she leaves her close-knit family behind and moves halfway across the country to be with him. But Jack is a damaged man and cannot stop himself taking out his fears on his wife and five children. Isolated from the people who care about her most and too scared to ask for help, Valerie is unable to protect herself or her family. One by one, pushed to the extreme, the children escape and Valerie is left to face the harsh reality of her marriage and her life. And then, as if out of the ashes, another generation begins. Have the Marsh children truly escaped their pasts, or is history doomed to repeat itself? Praise for Susan R. Sloan 'Unputdownable' Daily Mail 'Susan R. Norms Over Force Zaki Laïdi, 2008-07-15 Does Europe have the means to defend its own social model in a globalized world at a time when the United States, China, India and Russia are concerned by enhancing their national sovereignties and playing power politics? Would Europe, who would never be a "super state", be able to impose norms over force? That is the main question this book addresses in a very original way.

50 Ways You Can Show George the Door in 2004 Ben Cohen, Jason Salzman, 2004-06 With creativity and insight, Cohen, a well-known activist and Ben & Jerry's co-founder, and Salzman, former campaign director for Greenpeace and president of Cause communications, tell readers how to show President Bush the door in 2004.

Shutting Out the Critics Christoph Wilcke, 2007 Jordan has long sought to present itself as a country of political reform.

The king and his diplomatic representatives make polished presentations when visiting Western capitals about how they are moving forward with legislative and policy changes to bring about increased freedoms and the rule of law. The reality is vastly different. In *Shutting Out the Critics*, Human Rights watch provides a detailed examination of the Jordanian government's restrictions on the rights to freedom of assembly and association and the impact of these restrictions on the freedom of Jordanians to organize independent organizations or to protest publicly.

The Greenwood Encyclopedia of Women's Issues Worldwide Lynn Walter,2003 Women are working internationally to build a world based on gender equality and justice. Their concerns are shaped by conditions in their own countries and regions, and also by conditions for women in other parts of the world. Links forged by globalization, international relations, United Nations gender equality and development programs, and women's nongovernmental organizations connect their futures. This groundbreaking reference set documents the achievements and current challenges for all women, providing distortion-free and newly available information about women's status, in matters from education to violence, in more than 130 countries in the world's most populated areas. Written by an international host of contributing specialists, this set is accessible to high school students and above. Its consistent narrative coverage and relevant statistics are ideal for research and comparisons. Readers will find that conceptions of women's issues vary by country as the set illuminates diverse perspectives and contemporary practices that shape the variations in equality and well-being among women. Judicious inclusion of historical processes helps frame the issues in a holistic perspective. Volume maps, individual country maps, tables, photos, and indexes by set and volume are also included.
