C.S. Lewis at Poets' Corner Michael Ward, Peter S Williams, 2017-02-23 On the fiftieth anniversary of his death, C.S. Lewis was commemorated in Poets' Corner, Westminster Abbey, taking his place beside the greatest names in English literature. Oxford and Cambridge Universities, where Lewis taught, also held celebrations of his life. This volume gathers together addresses from those events into a single anthology. Rowan Williams and Alister McGrath assess Lewis's legacy in theology, Malcolm Guite addresses his integration of reason and imagination, William Lane Craig takes a philosophical perspective, while Lewis's successor as Professor of Medieval and Renaissance English, Helen Cooper, considers him as a critic. Others contribute their more personal and creative responses: Walter Hooper, Lewis's biographer, recalls their first meeting; there are poems, essays, a panel discussion, and even a report by the famous 'Mystery Worshipper' from the Ship of Fools website, along with a moving recollection by Royal Wedding composer Paul Mealor about how he set one of Lewis's poems to music. Containing theology, literary criticism, poetry, memoir, and much else, this volume reflects the breadth of

Lewis's interests and the astonishing variety of his own output: a diverse and colourful commemoration of an extraordinary man.

Theology, Fantasy, and the Imagination Austin M. Freeman,Andrew D. Thrasher,2023-07-31 Theology, Fantasy, and the Imagination offers analyses of the theological, philosophical, and religious imagination found in fantasy literature, the theological imagination, and table-top games. Part I offers an invocation to the study through a theological reflection of the “old magic.” Part II analyzes classical Christian fantasy—ranging from dogmatic theological reflection on the fantastic imagination to analyses of C.S. Lewis and J.R.R. Tolkien. Part III analyzes the post-Christian turn in fantasy after about 1960 through today—featuring methodological, theological, and philosophical essays that reflect a movement beyond Christianity in the fantasy literature and writings of Rabbi Shagar, Ursula le Guin, Terry Pratchett, Robert Jordan and David Eddings, and Brandon Sanderson and Orson Scott Card. Part IV closes with two analyses of the religious and philosophical dimensions of table-top games, including Dungeons and Dragons and Magic: the Gathering. Theology, Fantasy, and the Imagination offers astute analyses of how theological fantasy actually is by articulating the religious, philosophical, and theological dimensions of the fantastic imagination.

The Rhetorical Power of Children's Literature John H. Saunders,2016-12-21 The Rhetorical Power of Children's Literature is an edited volume with contributions from established and new scholars of rhetoric offering case studies that analyze a full array of genres in children's literature from picture books to young adult novels. Collectively, this volume's contributions interrogate how children's literature is a powerful yet under examined space of rhetorical discourse that influences one of the most vulnerable segments of our population. This book is singularly unique given that it will be the first collection of essays on children's literature from the distinct perspective of the field of Communication. Beyond topical novelty, the contributors utilize a range of scholarly methods to analyze instances of the rhetoric of children's literature. Consequently, essays in this volume may be read for both their specific topical content and as exemplars for multiple methodological approaches to the study of the rhetoric of children's literature. Collectively, the contributors set out to contribute to our knowledge of how instances of children's literature operate as rhetorical discourses. The volume is organized by case studies approached through critical, rhetorical lenses that analyze specific instances of children's

literature from two distinct stages of children's developmental reading experiences including pre/early literacy and fluent reading. Structurally, the book includes eight content chapters divided evenly with four chapters analyzing books for young children and four chapters analyzing books targeting audiences from late-childhood to adolescence. An overview of each content chapter accompanies this proposal.

Behold the Man Peter S. Williams, 2024-06-18 After a substantial new essay examining the nature of a properly skeptical historical inquiry into Jesus of Nazareth in the context of contemporary worldviews, from pre-modernism to meta-modernism, *Behold the Man* presents revised essays on an eclectic range of issues: from how the Epistle of James treats Jesus as Divine within decades of the crucifixion, and an evaluation of recent arguments about the dating of the Fourth Gospel, to debunking claims about Jesus and "ancient aliens," and furthering debate about the resurrection. With a foreword by eminent New Testament scholar Craig L. Blomberg, and extensive recommended resources, *Behold the Man: Essays on the Historical Jesus* represents a wide-ranging, interdisciplinary engagement with historical Jesus studies.
