*Photography Books Index III* Martha Kreisel, 2006-01-12 While the Internet is an important source for locating photographic images, there still are hundreds of photography books published each year for whose contents there is no external access. This second supplement to Photography Books Index addresses this need by analyzing important photographic anthologies that were published since 1985. Accessing more than fifty photographic anthologies that are widely held in libraries across the country-along with images from two critical annual compilations, Best of Photojournalism and Graphis Annual-this book identifies photographs that record the history of our times. With nearly twice the number of works indexed in the first supplement, Photography Books Index III: A Subject Guide to Photo Anthologies cites a wider scope of publications. This reference guide provides an important index to contemporary as well as historical photographers, including those for whom full monographs have not been published. Photographs of important individuals as well as photographic records of cataclysmic events such as war, genocide, and mass starvation also can be located through this index. Extensive descriptions of the individual photographs-from the commonplace to the extraordinary-are identified in this volume. Organized into three sections-Photographers, Subjects of Photographs, and Portraits of Named Individuals-these descriptions provide the researcher with important information on each photograph. An essential volume for all public, special and academic libraries, this index will be an invaluable resource for reporters, historians, academics, students and anyone wishing to research photographs and photographers.

**Lee Miller, Photography, Surrealism and the Second World War** Lynn Hilditch, 2018-01-23 Lee Miller (1907-1977) was an American-born Surrealist and war photographer who, through her role as a model for Vogue magazine, became the apprentice of Man Ray in Paris, and later one of the few women war correspondents to cover the Second World War from the frontline. Her comprehensive understanding of art enabled her to photograph vivid representations of Europe at war - the changing gender roles of women in war work, the destruction caused by enemy fire during the London Blitz, and the horrors of the concentration camps - that embraced and adapted the principles and methods of Surrealism. This book examines how Miller's war photographs can be interpreted as 'surreal documentary' combining a surrealist sensibility with a need to inform. Each chapter contains a close analysis of specific photographs in a generally chronological study with a thematic focus, using comparisons with other photographers, documentary artists, and Surrealists, such as Margaret Bourke-White,

Dorothea Lange, Walker Evans, George Rodger, Cecil Beaton, Bill Brandt, Henry Moore, Humphrey Jennings and Man Ray. In addition, Miller's photographs are explored through André Breton's theory of 'convulsive beauty' - his credence that any subject, no matter how horrible, may be interpreted as art - and his notion of the 'marvellous'.

Lee Miller, Roland Penrose Katherine Slusher, 2007 This joint biography tells the story of how a fashion model turned photographer and an English Quaker turned Surrealist painter and art collector influenced modern art with their vision and passion. As they inspired each other's careers and established their home as a meeting place for the exchange of ideas among artists such as Pablo Picasso, Man Ray, Max Ernst, Paul Eluard, Joan Miro, and Saul Steinberg, Miller and Penrose created a life together that was in itself a work of art. In the book concise accounts of their lives are followed by comparisons of their works, which demonstrate their symbiotic relationship. The range of art reproduced in the book - photographs, sketches, paintings, and collages - offers a kaleidoscopic sampling of these two important oeuvres and an exquisite portrayal of a unique and uniquely productive partnership.--Amazon.

Beyond the Battlefield Catherine Speck, 2014-08-15 World Wars I and II changed the globe on a scale never seen before or since, and from these terrible conflicts came an abundance of photographs, drawings, and other artworks attempting to make sense of the turbulent era. In this generously illustrated book, Catherine Speck provides a fascinating account of women artists during wartime in America, Britain, Canada, Australia, and New Zealand, and their visual responses to war, both at the front lines and on the home front. In addition to following high-profile artists such as American photographer Lee Miller, Speck recounts the experiences of nurses, voluntary aides, and ambulance drivers who found the time to create astonishing artworks in the midst of war zones. She also describes the feelings of disempowerment revealed in the work done by women distant from the conflict. As Speck shows, women artists created highly charged emotional responses to the threats, sufferings, and horrors of war—the constant fear of attack, the sorrow of innocent lives destroyed, the mass murders of people in concentration camps, and the unimaginable aftermath of the atomic bombs. The first book to explore female creativity during these periods, *Beyond the Battlefield* delivers an insightful and meditative examination of this art that will appeal to readers of art history, war history, and cultural studies.

**Inside the Death Drive** Jonathan P. Harris, 2010 Excess and Apocalypse in the World of the Chapman Brothers.

*Be-bomb* Serge Guilbaut, Manuel J. Borja-Villel, 2007 Compiled by the French historian Serge Guilbaut, *Be-Bomb* compares and contrasts the art produced in France and the US between 1946-1956 to explore how and why certain works became cultural icons and media images for great commercial success for respective each country. The book analyses the aesthetic debate of the period when New York began replacing Paris as the nerve centre of modern art.

**American Women Photographers** Martha Kreisel, 1999-02-28 American women have made significant contributions to the field of photography for well over a century. This bibliography compiles more than 1,070 sources for over 600

photographers from the 1880s to the present. As women's role in society changed, so did their role as photographers. In the early years, women often served as photographic assistants in their husbands' studios. The photography equipment, initially heavy and difficult to transport, was improved in the 1880s by George Eastman's innovations. With the lighter camera equipment, photography became accessible to everyone. Women photographers became journalists and portraitists who documented vanishing cultures and ways of life. Many of these important female photographers recorded life in the growing Northwest and the streets of New York City, became pioneers of historic photography as they captured the plight of Americans fleeing the Dust Bowl and the horrors of the concentration camps, and were members of the Photo-Secessionist Movement to promote photography as a true art form. This source serves as a checklist for not only the famous but also the less familiar women photographers who deserve attention.

**Gender, Labour, War and Empire** Philippa Levine, Susan R. Grayzel, 2009-01-15 This is a lively collection of essays on the cultures of nineteenth and twentieth-century Britain. Topics range from prostitution and slavery to the effect of war on fashion magazine reporting to inter-racial marriage in the postwar years. Particular areas of focus include the Second World War, its legacies and the reactions to postwar decolonization.

**Fashion and Modernity** Christopher Breward, Caroline Evans, 2005 What is the relationship between fashion and modernity, and how is this unique relationship manifested in the material world? This book considers how the relationship between fashion and modernity tests the very definition of modernity and enhances our understanding of the role of fashion in the modern world.

**Reconstructing Historical Memories** Richard Mason, Esmaeil Zeiny, 2018

Women Photographers Constance Sullivan, Eugenia Parry, 1990 The two hundred pictures reproduced here are arranged chronologically and sequenced visually. Most photographers are represented with several works, which meant excluding others who would have been part of a broader survey. I chose to emphasize a particular period of work or series by each rather than attempting, with so few examples, to outline the scope of a unique accomplishment or describe the visual ideas explored throughout a lifetime.--Préface.

*Seizing the Light* Robert Hirsch, 2000 Presents the history of photography. This title covers production values, and rare and unusual prints.

**The Painter and the Photograph** Van Deren Coke, 1964 A history ... of various ways in which artists of many countries have used photographs directly or indirectly in their work since ... 1837.

**Exposure**, 1999

Dachau and the Nazi Terror 1933-1945 Wolfgang Benz, Barbara Distel, 2002

*Wherever I Am* Yael Bartana, Emily Jacir, Lee Miller, 2004 Artists Yael Bartana and Emily Jacir were both born in 1970.

Their work in video, photography and other media explores what it means to be, respectively, Israeli and Palestinian. Addressing issues of national identity, displacement and personal freedom, they are among the most impressive artists of their generation. Lee Miller (1907-1977) has a unique place in the history of twentieth century photography. She is best known for her Surrealist infused reports for Vogue Magazine during the Second World War. This special book, which both accompanies and is a legacy of the exhibition *Wherever I Am*, includes essays on Yael Bartana's work by award winning novelist Linda Grant and by curator Galit Eilat; on Emily Jacir's work by critic Tom Vanderbilt and the late Edward W. Said, a writer and intellectual of world renown; and on Lee Miller's wartime photography by David Alan Mellor, Professor of Art History at the University of Sussex. With an introduction by Andrew Nairne, curator of *Wherever I Am* and Director of Modern Art Oxford, discussing the background to the exhibition, the book also includes reproductions of works by each artist, biographies and bibliographies.--BOOK JACKET.
