Of Shadow Born Dianne Sylvan, 2013-03-26 Spread throughout the dark corners of our world lies the Shadow World, a society of vampires who feed off the living. In Austin, Texas, one woman must rise from the ashes of tragedy and confront an ancient evil before it destroys everything she holds dear... After a heartrending night of loss and blood, Miranda Grey-Solomon, vampire Queen of the South, now stands in the ruins of her life determined to pick up the pieces and move on. David, her husband and Prime, is missing and presumed dead, and Miranda is lost without her soul mate by her side... But she has little time to grieve as enemies both old and new emerge to test her yet again. Between vampires trying to take advantage of a Queen without a Prime, incursions by a mysterious organization of humans calling themselves the Order of the Morningstar, and the continuing threat from those within the Shadow World who have already tried to destroy her, Miranda and her allies are running out of places to turn. In order to save her territory and the ones she loves, Miranda must look to the ancient past, to the first days of the vampire race, and uncover secrets about the Signets that could change the course of history...

Women in Popular Culture Laura L. Finley,2023-03-24 Including more than 300 alphabetically listed entries, this 2-volume set presents a timely and detailed overview of some of the most significant contributions women have made to American popular culture from the silent film era to the present day. The lives and accomplishments of women from various aspects of popular culture are examined, including women from film, television, music, fashion, and literature. In addition to profiles, the encyclopedia also includes chapters that provide a historical review of gender, domesticity, marriage, work, and inclusivity in popular culture as well as a chronology of key achievements. This reference work is an ideal introduction to the roles women have played, both in the spotlight and behind it, throughout the history of popular culture in America. From the stars of Hollywood's Golden Age to the chart toppers of the 2020s, author Laura L. Finley documents how attitudes towards these icons have evolved and how their influence has shifted throughout time. The entries and essays also address such timely topics as feminism, the #MeToo movement, and the gender pay gap.

Teaching to Complexity: A Framework to Evaluate Literary and Content-Area Texts Cappiello, Mary Ann,2017-03-01 As an important tool for instruction and text selection, Teaching to Text Complexity helps teachers learn to evaluate children's and young adult literature and informational text for quality and complexity to support rigorous literacy and content learning. In addition, this timely resource explores how instructional purpose shapes not only the kinds of curricular texts used, but also considers their complexity relative to readers. By offering a framework for text selection, this book helps teachers more deeply understand text complexity in today's standards as well as its importance when building and using text sets in the classroom and reading for different purposes.
