*Holding Up the Universe* Jennifer Niven, 2018-05-01 A New York Times Bestseller From the author of the New York Times bestseller *All the Bright Places* comes a heart-wrenching story about what it means to see someone—and love someone—for who they truly are. Everyone thinks they know Libby Strout, the girl once dubbed “America’s Fattest Teen.” But no one’s taken the time to look past her weight to get to know who she really is. Following her mom’s death, she’s been picking up the pieces in the privacy of her home, dealing with her heartbroken father and her own grief. Now, Libby’s ready: for high school, for new friends, for love, and for EVERY POSSIBILITY LIFE HAS TO OFFER. In that moment, I know the part I want to play here at MVB High. I want to be the girl who can do anything. Everyone thinks they know Jack Masselin, too. Yes, he’s got swagger, but he’s also mastered the impossible art of giving people what they want, of fitting in. What no one knows is that Jack has a newly acquired secret: he can’t recognize faces. Even his own brothers are strangers to him. He’s the guy who can re-engineer and rebuild anything in new and bad-ass ways, but he can’t understand what’s going on with the inner workings of his brain. So he tells himself to play it cool: Be charming. Be hilarious. Don’t get too close to anyone. Until he meets Libby. When the two get tangled up in a cruel high school game—which lands them in group counseling and community service—Libby and Jack are both pissed, and then surprised. Because the more time they spend together, the less alone they feel. . . . Because sometimes when you meet someone, it changes the world, theirs and yours. Jennifer Niven delivers another poignant, exhilarating love story about finding that person who sees you for who you are—and seeing them right back. Niven is adept at creating characters. . . . [Libby's] courage and body-positivity make for a joyful reading experience. --The New York Times “Holding Up the Universe . . . taps into the universal need to be understood. To be wanted. And that’s what makes it such a remarkable read.” —TeenVogue.com, “Why New Book Holding Up the Universe Is the Next The Fault in Our Stars” Want a love story that will give you all the feels? . . . You’ll seriously melt! —Seventeen Magazine

**Dunia Kita (Holding up The Universe)** Jennifer Niven,2018-03-12 Semua orang mengira kenal Libby Strout, cewek yang pernah dijuluki “Remaja Paling Gemuk se- Amerika”. Namun tak ada yang tahu siapa dia sebenarnya. Setelah kematian ibunya, Libby mengurung diri. Tetapi, sekarang Libby siap: menyambut SMA, teman-teman baru, cinta, dan SEMUA KESEMPATAN DALAM HIDUP. Semua orang juga mengira kenal Jack Masselin. Cowok itu sangat percaya diri, bisa bergaul dengan siapa saja. Namun tak ada yang tahu rahasia Jack: ia tidak dapat mengenali wajah. Ia mampu mengotak-atik apa pun, tapi tidak bisa memahami bagaimana otaknya bekerja. Karena itu ia punya prinsip: Jadilah orang yang menyenangkan. Jadilah orang yang lucu. Tapi jangan terlalu dekat dengan siapa pun. Sampai ia bertemu Libby. Ketika keduanya terlibat dalam permainan keji SMA—yang membuat mereka harus ikut konseling dan pelayanan masyarakat—Libby dan Jack kesal, dan terkejut. Sebab ternyata semakin sering mereka bersama, semakin mereka tidak kesepian... Karena kadang ketika kau bertemu seseorang, dunia berubah, duniamu dan dunianya. Holding Up the Universe ... tentang kebutuhan universal untuk dipahami. Diinginkan. Dan itulah yang membuat buku ini luar biasa.---TeenVogue.com

**The Columbia Granger's Index to Poetry in Anthologies** Tessa Kale, 2007 For over a hundred years, The Columbia Granger's Index to Poetry in Anthologies has been the preeminent index for answers to questions about the world of poetry, identifying the author of a poem or the anthologies in which it can be found when only a title, first line, or last line is known. This latest edition-a must have for libraries-brings its index up to date as of May 31, 2006. This latest version features 85,000 classic and contemporary poems by 12,000 poets. Also included are works in translation and for the first time poetry in Spanish, Vietnamese, and French. The subject organization of the poems is especially useful. Hundreds of new subjects have been added, indexing poems on highly relevant topics such as Osama bin Laden, the war in Iraq, Dick Cheney, the Internet, and Rosa Parks, as well as timeless subjects like the Bill of Rights, unspoken love, faith, and inspiration. Our impressive team of consultants includes J. D. McClatchy, Harvey Shapiro, and former poet laureate Mark Strand. From The Norton Anthology of Poetry (2005 edition) to Poetry after 9/11 and Garrison Keillor's Good Poems, this new edition puts readers in touch with the best of the latest anthologies and the lasting favorites.
