Neoliberalism and Young Adult Fiction Sean P. Connors,Roberta Seelinger Trites,2025-03-17 In the twenty-first century, the influence of neoliberalism, the belief that society benefits when both individuals and corporations are free to maximize their talents in the service of responding to social needs and problems, resonates through all domains of human life. And yet, little critical study has been given to the reproduction of a neoliberal social order in YA literature. *Neoliberalism and Young Adult Fiction: Exceptionalism, Exploitation, and Erasure* examines how some YA literature naturalizes neoliberalism in positioning teenagers as self-enclosed, competitive individuals. At the same time, however, the authors also examine other YA novels as potential sites of resistance that acknowledge teenagers' agency to reject neoliberalism's destructive impulses and to work for social justice and equality through collective action. With that in mind, the authors of *Neoliberalism and Young Adult Fiction* analyze such concepts as how the exceptionality of specific characters who embody neoliberal ideals leads to self-enclosed individualism and how environmental exploitation and consumerism lead to destructive effects. The book progresses to an in-depth examination of how racism undergirds US neoliberalism and environmental exploitation. From scrutinizing racism—and the rejection of neoliberalism inherent in the antiracism movement—the study turns to an examination of gender, specifically focusing on the relationship between sexism, exploitation, and embodied rejections of patriarchal thinking. Indeed, erasure is implicated in racism, sexism, and all forms of discrimination that are borne of exploitation. Finally, youth activism—with its rejection of neoliberal ideologies—leads to a culminating chapter about how global youth link YA literature to their protest movements.

Pivoting and Producing for Online TV Alexa Scarlata,2025-05-02 The introduction and diffusion of international subscription video-on-demand (SVOD) services in the 2010s represented the most significant disruption of established national broadcast and pay-TV ecologies in their long history. Using an in-depth Australian case study, this book narrates this profound period of proliferation. It also considers how incumbent commercial networks, pay-TV providers and public service broadcasters developed into online TV providers, albeit in assorted ways. In so doing, it conceives of the early impact of online TV (2015-2020) more broadly and acknowledges the role of both new and old TV players. The industry-wide shift

towards online TV over this period also impacted existing television drama production cultures. SVOD services provided a fruitful avenue for the distribution of existing archives and slowly began to support the production of new Australian content with an increasingly global focus. However, the formal arrival of online TV certainly did not usher in the boom in original local television drama many anticipated. *Pivoting and Producing for Online TV: Australia's Transition* advances the macro-analysis of television production strategies. This book will be useful to students and researchers interested in media, film, and cultural studies.

It is the morning of the reaping that will kick off the tenth annual Hunger Games. In the Capitol, eighteen-year-old Coriolanus Snow is preparing for his one shot at glory as a mentor in the Games. The once-mighty house of Snow has fallen on hard times, its fate hanging on the slender chance that Coriolanus will be able to outcharm, outwit, and outmaneuver his fellow students to mentor the winning tribute. The odds are against him. He's been given the humiliating assignment of mentoring the female tribute from District 12, the lowest of the low. Their fates are now completely intertwined - every choice Coriolanus makes could lead to favor or failure, triumph or ruin. Inside the arena, it will be a fight to the death. Outside the arena, Coriolanus starts to feel for his doomed tribute . . . and must weigh his need to follow the rules against his desire to survive no matter what it takes.
