Indian Antiquary, 1971 At a time when each Society had its own medium of propogation of its researches ... in the form of Transactions, Proceedings, Journals, etc., a need was strongly felt for bringing out a journal devoted exclusively to the study and advancement of Indian culture in all its aspects. [This] encouraged Jas Burgess to launch the 'Indian antiquary' in 1872. The scope ... was in his own words 'as wide as possible' incorporating manners and customs, arts, mythology, feasts, festivals and rites, antiquities and the history of India ... Another laudable aim was to present the readers abstracts of the most recent researches of scholars in India and the West ... 'Indian antiquary' also dealt with local legends, folklore, proverbs, etc. In short 'Indian antiquary' was ...entirely devoted to the study of MAN - the Indian - in all spheres ... -- introduction to facsimile volumes, published 1985.

The Routledge Companion to Caste and Cinema in India Joshil K. Abraham, Judith Misrahi-Barak, 2022-11-22 This companion is the first study of caste and its representation in Indian cinema. It unravels the multiple layers of caste that feature directly and indirectly in Indian movies, to examine not only the many ways caste pervades Indian society and culture but also how the struggle against it adopts multiple strategies. The companion: Critiques Indian cinema production through the lens of anti-caste discourse Traces the history of films beginning from the early twentieth century, focusing on caste representations across India, including Hindi, Malayalam, Kannada, Marathi, Bengali, Punjabi, Tamil as well as silent films Makes a foray into OTT media Includes analysis of popular films such as Padmaavat, Masaan, Fandry, Sairat, Sujata, Article 15, Chomana Dudi, Lagaan, Court, Ee.Ma.Yau, Kaala, Pariyerum Perumal, Perariyathavar, among many others, to critique and problematise the idea of caste A major intervention, this book alters traditional approaches to 'caste' in Indian cinemas and society and explores new political strategies implemented through cinematic creation and aesthetics. It will be indispensable for scholars and researchers of film studies, social discrimination and exclusion studies, human rights, popular culture, and South Asian studies. It will also be of interest to enthusiasts of Indian cinematic history.

Lives of Muslims in India Abdul Shaban, 2018-01-10 The fast-consolidating identities along religious and ethnic lines in recent years have considerably 'minoritised' Muslims in India. The wide-ranging essays in this volume focus on the intensified exclusionary practices against Indian Muslims, highlighting how, amidst a politics of violence, confusing policy frameworks on caste and class lines, and institutionalised riot systems, the community has also suffered from the lack of leadership from within. At the same time, Indian Muslims have emerged as a 'mass' around which the politics of 'vote bank', 'appeasement', 'foreigners', 'Pakistanis within the country', and so on are innovated and played upon, making them further apprehensive about asserting their legitimate right to development. The important issues of the double marginalisation of

Muslim women and attempts to reform the Muslim Personal Law by some civil society groups is also discussed. Contributed by academics, activists and journalists, the articles discuss issues of integration, exclusion and violence, and attempt to understand categories such as 'identity', 'minority', 'multiculturalism' and 'nationalism' with regard to and in the context of Indian Muslims. This second edition, with a new introduction, will be of great interest to scholars and researchers in sociology, politics, history, cultural studies, minority studies, Islamic studies, policy studies and development studies, as well as policymakers, civil society activists and those in media and journalism.
