

Is The Wolf Creek Killer Still Alive

Jon Towlson

Criminological Understandings of Horror Films Walter S. DeKeseredy, Krista S. Gehring, Emily Lenning, Stacie Merken, 2024-09-05 This book examines horror films through a critical criminological lens. Each chapter considers how the genre impacts audiences and their understanding of topics like place, crime, and identity.

Global Horror Cinema Today Jon Towlson, 2021-07-28 The horror film is thriving worldwide. Filmmakers in countries as diverse as the USA, Australia, Israel, Spain, France, Great Britain, Iran, and South Korea are using the horror genre to address the emerging fears and anxieties of their cultures. This book investigates horror cinema around the globe with an emphasis on how the genre has developed in the past ten years. It closely examines 28 international films, including *It Follows* (2014), *Grave* (Raw, 2016), *Busanhaeng* (Train to Busan, 2016), and *Get Out* (2016), with discussions of dozens more. Each chapter focuses on a different country, analyzing what frightens the people of these various nations and the ways in which horror crosses over to international audiences.

Horror Films of 2000-2009 John Kenneth Muir, 2022-10-26 Horror films have always reflected their audiences' fears and anxieties. In the United States, the 2000s were a decade full of change in response to the 9/11 terrorist attacks, the contested presidential election of 2000, and the wars in Iraq and Afghanistan. These social and political changes, as well as the influences of Japanese horror and New French extremism, had a profound effect on American horror filmmaking during the 2000s. This filmography covers more than 300 horror films released in America from 2000 through 2009, including such popular forms as found footage, torture porn, and remakes. Each entry covers a single film and includes credits, a synopsis, and a lengthy critical commentary. The appendices include common horror conventions, a performer hall of fame, and memorable ad lines.

Where the Crows Fly Backwards Nancy Blacklow, Troy Whitford, 2010 National identity and the search for its defining features has been the focus of continuing debate throughout Australian history. From ideals of mateship to celebration of sporting prowess, from multiculturalism to homogeneity and social cohesion, Australian national identity has been discussed and debated for more than a century, in later years mainly by politicians and the media. At the same time, there have been many attempts to define 'rural identity' as something at the heart of Australian nationalism. Charles Sturt University, with its spread of campuses across regional New South Wales, is intellectually and geographically well positioned to ponder notions

of regional and rural identity. Its staff and students live various forms of a rural lifestyle so, in formulating this collection, it was a valid step to seek their ideas on what represents regional and rural identity. Within the School of Humanities and Social Sciences, there are a range of disciplines which bring different perspectives to the vexed question of a unique rural identity. The aim of this collection is not to provide a definitive answer to the question of what constitutes rural identity but to illustrate the many ways and forms it can be seen.

100 Road Movies Jason Wood,2007-03-31 In 100 Road Movies, each entry will offer an insightful critique in terms of aesthetics, plot structure and defining formal and thematic features, whilst also considering the title in the wider context and understanding of by what criteria a film may be considered a road movie. Full credits, including year of production, principal cast and technical crew and country of origin will also be included at the foot of each entry. There will be a selection of illustrative stills, approximately twenty-five in total. The scope is broad, a consideration of the elements that gave rise to the road movie sub-genre, how this sub-genre corresponds to other traditional genres (the thriller, the western etc) and how various international countries have adopted the road movie to reflect their cultural, social, political and geographical identities.
