What is called resignation is confirmed desperation. From the desperate city you go into the desperate country, and have to console yourself with the bravery of minks and muskrats. A stereotyped but unconscious despair is concealed even under what are called the games and amusements of mankind. There is no play in them, for this comes after work. But it is a characteristic of wisdom not to do desperate things . . . To browse the wide selection of journals from Golding Notebooks, please refer to our Amazon author page.

Echoes of Walden Henry David Thoreau, Caroline Grimm, 2019-07-02 The mass of men lead lives of quiet desperation. Henry David Thoreau, *Walden* What if you could trade your life of quiet desperation for a life of quiet inspiration? If you could sell everything you own and take to the open road in an RV, would you do it? Author Caroline Grimm and her husband, Mike Corthell did just that. In 2018, Grimm was grieving and exhausted, and longing to find more time for what mattered. Together, the couple hatched a plan to leave behind a life that left them feeling overwhelmed and unfulfilled. They sold their house and most of their possessions, bought a travel trailer, and headed out to explore the country. Grimm, a nearly lifelong student of *Walden*, Henry David Thoreau's masterpiece, drew inspiration and courage from Thoreau's enduring lessons. She insightfully strikes at the heart of the problems of modern life that leave so many feeling a sense of quiet desperation. She asks (and often answers) the questions that lay behind the modern day problems that plague so many of us. Confronting economic inequality, social ills, the American health care crisis and our individual roles in it, the illnesses caused by a lifestyle that fuels a life of fatigue and misery, and the environmental and social disaster of factory farming, she explores the underlying causes of our sense of desperation and despair. As you follow the couple's journey from sticks and bricks living to

full-time RV living, you'll get a taste for what it's like to downsize, minimize, and economize belongings to find a way to fit two humans, two cats, and a dog into 240 square feet of mobile living space. You'll catch a glimpse of the emotional toll our lives take on us through the constant work and worry and day-to-day just getting by. This is a book about What ifs. What if we walked away from a life that isn't working for us? What if we worked towards a creating a life of purpose and meaning? What if we questioned everything we've ever been taught about what life is? What if we had the courage and the dogged determination to create a life of peace, joy, adventure, and travel? From the sunrise on Cadillac Mountain in Maine to the desert of New Mexico to the splendor of the Grand Canyon, she searches for her own healing and a new sense of quiet inspiration. This is the story of their journey so far and the essential truths they discovered along the way.

*Henry David Thoreau - The Maine Woods* Henry David Thoreau, 2015-12-17 Henry David Thoreau was born on July 12th, 1817 on Virginia Road in Concord, Massachusetts. Thoreau studied at Harvard between 1833 and 1837 taking classes in rhetoric, classics, philosophy, mathematics, and science. On graduating the normal professions left him unmoved and, after a period teaching at his own school, a growing friendship with Ralph Waldo Emerson moved his career onto that of writer and observer of nature. Thoreau was a philosopher of nature and how it affected the human condition. He was deeply influenced by Nature and especially the Walden woods. Eventually his published writings were to celebrate this area and his own philosophies. A noted Abolitionist Thoreau was a man to stand by his principles regardless of the minority view he might be holding. Tragically his life and career were short. In 1859, following a late-night excursion to count the rings of tree stumps during a rain storm, he fell ill with bronchitis. His health now fell into an irreversible decline with only short periods of remission. Thoreau spent his last years revising and editing his unpublished works. In the decades that followed he would be regarded as one of America's greatest writers. Henry David Thoreau died on May 6th, 1862 at the tragically early age of just 44.

*You and I* Philip Barry, 1923 Makes intimate and personal the American dilemma of the turn of the 1920's, an age of eager but anxious pursuit of financial success and social status through commerce. Maitland (Matey) White has built an enviable life for his family by working doggedly for a soap manufacturer, having abandoned his youthful dreams to be a painter. At 43, encouraged by his wife, Nancy, he determines to take a leave from business and pick up a brush. But when their gifted son determines to give up his own artistic ambitions for financial security, just as a turn in the markets squeezes the family's resources, Matey and Nancy must face decisions they thought they'd put behind them -- this time, without the naive confidence of their youth.
