

# Martin Luther Ber Juden

**Andrew J. Niggemann**

**Martin Luther's Hebrew in Mid-Career** Andrew J. Niggemann, 2019-07-05 In this study, Andrew J. Niggemann provides a comprehensive account of Martin Luther's Hebrew translation in his academic mid-career. Apart from the Psalms, no book of the Hebrew Bible has yet been examined in any comprehensive manner in terms of Luther's Hebrew translation. Andrew J. Niggemann furthers the scholarly understanding of Luther's Hebrew by examining his Minor Prophets translation, one of the final pieces of his first complete translation of the Hebrew Bible. As part of the analysis, he investigates the relationship between philology and theology in his Hebrew translation, focusing specifically on one of the themes that dominated his interpretation of the Prophets: his concept of *Anfechtung*. The PhD dissertation this book is based on was awarded the Coventry Prize for the PhD dissertation in Theology with the highest mark and recommendation, University of Cambridge, St. Edmund's College in 2018.

**Luther the Anti-Semite** Alon Goshen-Gottstein, 2018-05-01 The problem of Luther and the Jews has received much attention since World War II. Many consider there to be a direct line leading from Martin Luther's later anti-Jewish recommendations to policies carried out in the Third Reich. This has led contemporary Lutheran Churches worldwide to issue apologies and to distance themselves from Luther's anti-Semitic teachings. It has also led Jews to distance themselves from Luther as a religious figure. The present work revisits Luther's anti-Semitism and seeks to understand the compound factors that informed it. Drawing on contemporary Luther scholarship, it develops a model, the Luther Model, that brings together multiple factors that help account for what went wrong, as we see it from our contemporary perspective. With that model in place, it engages in an examination of whether these factors, abstracted from the particularity of their historical context, are not also present in contemporary Jewish attitudes to Christians, as well as in broader negative relations between faith communities. By constructing the Luther Model, this work seeks to feature Luther as a teacher and a paradigm for how religion can turn violent and destructive to other religions and to draw the appropriate lessons for interreligious relations today.

Martin Luther und die Juden Walther Bienert, 1982 Keine ausführliche Beschreibung für Martin Luther und die Juden verfügbar.

**Dr. Martin Luther's Hauspostille** Martin Luther, 1826

**Jews and Protestants** Irene Aue-Ben David,Aya Elyada,Moshe Sluhovsky,Christian Wiese,2020-08-24 The book sheds light on various chapters in the long history of Protestant-Jewish relations, from the Reformation to the present. Going beyond questions of antisemitism and religious animosity, it aims to disentangle some of the intricate perceptions, interpretations, and emotions that have characterized contacts between Protestantism and Judaism, and between Jews and Protestants. While some papers in the book address Luther's antisemitism and the NS-Zeit, most papers broaden the scope of the investigation: Protestant-Jewish theological encounters shaped not only antisemitism but also the Jewish Reform movement and Protestant philosemitic post-Holocaust theology; interactions between Jews and Protestants took place not only in the German lands but also in the wider Protestant universe; theology was crucial for the articulation of attitudes toward Jews, but music and philosophy were additional spheres of creativity that enabled the process of thinking through the relations between Judaism and Protestantism. By bringing together various contributions on these and other aspects, the book opens up directions for future research on this intricate topic, which bears both historical significance and evident relevance to our own time.

**A History of the Quests for the Historical Jesus, Volume 1** Colin Brown,Craig A. Evans,2022-11-08 A comprehensive, two-volume reassessment of the quests for the historical Jesus that details their origins and underlying presuppositions as well as their ongoing influence on today's biblical and theological scholarship. Jesus' life and teaching is important to every question we ask about what we believe and why we believe it. And yet there has never been common agreement about his identity, intentions, or teachings—even among first-century historians and scholars. Throughout history, different religious and philosophical traditions have attempted to claim Jesus and paint him in the cultural narratives of their heritage, creating a labyrinth of conflicting ideas. From the evolution of orthodoxy and quests before Albert Schweitzer's famous Old Quest, to today's ongoing questions about criteria, methods, and sources, A History of the Quests for the Historical Jesus not only chronicles the developments but lays the groundwork for the way forward. The late Colin Brown brings his scholarly prowess in both theology and biblical studies to bear on the subject, assessing not only the historical and exegetical nuts and bolts of the debate about Jesus of Nazareth but also its philosophical, sociological, and theological underpinnings. Instead of seeking a bedrock of facts, Brown stresses the role of hermeneutics in formulating questions and seeking answers. Colin Brown was almost finished with the manuscript at the time of his passing in 2019. Brought to its final form by Craig A. Evans, this book promises to become the definitive history and assessment of the quests for the historical Jesus. Volume One covers the period from the beginnings of Christianity to the end of World War II. Volume Two (sold separately) covers the period from the post-War era through contemporary debates.

*Demonizing the Jews* Christopher J. Probst,2012 The acquiescence of the German Protestant churches in Nazi oppression and murder of Jews is well documented. In this book, Christopher J. Probst demonstrates that a significant number of

German theologians and clergy made use of the 16th-century writings by Martin Luther on Jews and Judaism to reinforce the racial anti-semitism and religious anti-Judaism already present among Protestants. Focusing on key figures, Probst's study makes clear that a significant number of pastors, bishops, and theologians of varying theological and political persuasions employed Luther's texts with considerable effectiveness in campaigning for the creation of a de-Judaized form of Christianity. Probst shows that even the church most critical of Luther's anti-Jewish writings reaffirmed the anti-semitic stereotyping that helped justify early Nazi measures against the Jews.

**Das Judenbild im Protestantismus des Deutschen Kaiserreichs** Wolfgang E. Heinrichs, 2000 Diese Studie versteht sich als ein Beitrag zur Mentalitätsgeschichte des Bürgertums im Deutschen Kaiserreich. Im Blickpunkt steht die Frage nach Kontinuität und Wandel von Judenbildern. Inwieweit sind Mythen und Vorurteile über Juden schichten- und epochenübergreifend? Und inwieweit spiegelt sich in ihnen ein epochenspezifisches oder gruppeneigenes Zeitbewusstsein wider? Die Kontroverse um eine sozial übergreifende deutsche Mentalität, die den NS-Massenmord erst möglich gemacht habe, wird von den Ergebnissen dieser Arbeit aus um wesentliche Aspekte bereichert.

**Deutscher Protestantismus und Judentum 1932/1933** Marikje Smid, 1990 Analyzes those elements of Protestant thought that in 1933 enabled most of the leading Protestants to accept Nazi antisemitic policy. Discusses the views of representative theologians, most of whom distinguished between the Israel of the Bible and the Jews who had rejected Christ and were cursed by God. The leaders of the Church looked forward to cooperation with the Nazis in the building of a Christian state. They were divided in their reactions only when Nazi policy infringed on the integrity of the Church. The only important exceptions were Karl Barth and Dietrich Bonhoeffer. Discusses the latter's essay on the Jewish question (March-June 1933) in which he interprets the Jewish fate not as Israel's rejection by God but as part of His inscrutable plan of

salvation.
