Metu Neter Volume 6 ,2011-12-01 Your spirit is directly responsible for everything that happens in your life. Using the spirit as our chief means for achieving our goals in the world and for well being is what God intended for man. The Ancient Egyptians discovered the two elements that enable one to have full control over the operations of the spirit, 11 Divine Laws, and the words of power that correspond to the 11 chief faculties of the spirit (Ra) the Paut Neteru. This book is a full curriculum on how to use the faculties of the spirit and the 72 of their mantras (words of power) to awaken and develop the talents you need to excel in your career. You will also learn to protect yourself against spiritual attacks, unjust actions of others, unjust legal situations, theft, treachery, and so forth. This knowledge which was perfectly codified in Ancient Egypt has been kept secret by a few initiates for the past 2000 years for fear of repression, except for a few spurious publications here and there that failed to give the full explanation on how to use these words of powers. The time has come as has been announced by the advent of the winter solstice of 2012 for this knowledge to be placed in the hands of all spiritual people, that they may bring blessings to the world.

Black Theology, Slavery, and Contemporary Christianity Anthony Reddie,2010 Black Theology, Slavery and Contemporary Christianity explores the legacy of slavery in Black theological terms. Challenging the dominant approaches to the history and legacy of slavery in the British Empire, the contributors show that although the 1807 act abolished the slave trade, it did not end racism, notions of White supremacy, or the demonization of Blackness, Black people and Africa. This interdisciplinary study draws on biblical studies, history, missiology and Black theological reflection, exploring the strengths and limitations of faith as the framework for abolitionist rhetoric and action. This Black theological approach to the phenomenon of the trans-Atlantic slave trade and the institution of slavery draws on contributions from Africa, the Caribbean, North America and Europe.

The Torch Bro. Mishaal Talib Mahfuz El Bey, 2020-11-23 What is the S.E.L.F.? The S.E.L.F. is the sacred eternal life force, which is the spark that in turn gives birth to the S.O.U.L, which is the space of unlimited light. There is no man above or beneath in essence, however, there are those great Avatars who willingly descend into this Third Density for a Five-Fold Purpose: To Elevate, To Protect, To Inform, To Uplift, and To Inspire. This work was compiled for the sole purpose of helping cleanse the "Throne of God," which is your consciousness that is housed and functions via your beautiful Mind, Body, and Soul. This is not an attempt to convince or condemn anyone nor anything, except the falsehood which are the results of lower-self vibratory frequency. Love cannot be destroyed, Truth cannot be hidden, Peace cannot be disturbed, Freedom won't be caged, and Justice finds All. Wa Alaikum As Salaam and Honors to the Prophet, Sheik Shariff Abdul Ali. Transformations in Africana Studies Adebayo Oyeade, 2023-02-07 This book introduces readers to the rich discipline of Africana Studies, reflecting on how it has developed over the last fifty years as an intellectual enterprise for knowledge production about Africa and the African diaspora. The African world has always had a wealth of indigenous knowledge systems, but for the greater part of the scholarly history, hegemonic Western epistemologies have denied the authenticity of African indigenous ways of knowing. The post-colonial era has seen steady and deliberate efforts to expand the frontiers of knowledge about black people and their societies, and to Africanize such bodies of knowledge in all fields of human endeavor. This book reflects on how the multidisciplinary discipline of Africana Studies has transformed and reinvented itself as it has sought to advance knowledge about the African world. The contributors consider the foundations of the discipline, its key theories and methods of knowledge production, and how it interacts with popular culture, Women's Studies, and other area

studies such as Ethnic and Afro-Latinx Studies. Bringing together rich insights from across history, religion, literature, art, sociology, and philosophy, this book will be an important read for students and researchers of Africa and Africana Studies.

New Age Bible of Mother Africa (Volumes 1 & 2) T Lindsey-Billingsley, 2019-12-13 The author, T. Lindsey-Billingsley, has compiled a no-nonsense philosophical study guide exploring racial origins, the African origins of humanity, and prehistoric Kemetic influence throughout the world. The main focus of these studies is on the anthropological and physiological makeup of racial groups, with in-depth research into both the 'Out of Africa' theories and divine creationism myths. Billingsley supplies concrete evidence to support her conclusions on the true human experience, in lieu of, popular speculation and theory devoid of logic and sound proof. In this, and subsequent volumes, the author will establish a new perspective of thinking that will tempt you to challenge the validity of theological creationism and evolution, whilst substantiating a strong position on intelligent design and extraterrestrial intervention.
