Early Broadway Sheet Music Donald J. Stubblebine, 2015-06-08 This work, a companion to the author's Broadway Sheet Music: A Comprehensive Listing of Published Music from Broadway and Other Stage Shows, 1918 through 1993 (McFarland 1996), provides information about all sheet music published (1843-1918) from all Broadway productions--plus music from local shows, minstrel shows, night club acts, vaudeville acts, touring companies, and shows on the road that never made it to Broadway--and all the major musicals from Chicago.

Lark and Termite Jayne Anne Phillips, 2009-01-06 NATIONAL BESTSELLER • From the Pulitzer Prize-winning author of *Night Watch*, a powerful and emotionally piercing novel (The New York Times) set during the 1950 in West Virginia and Korea, that intertwines family secrets, war, dreams, and ghosts in a story about the love that unites us all. *Lark and Termite* is a rich, wonderfully alive novel about seventeen year old Lark and her brother, Termite, living in West Virginia in the 1950s. Their mother, Lola, is absent, while their aunt, Nonie, raises them as her own, and Termite's father, Corporal Robert Leavitt, is caught up in the early days of the Korean War. Told with deep feeling, the novel invites us deep into the hearts and thoughts of Lark, on the verge of adulthood, and her brother, Termite, a child unable to walk and talk, who is filled with radiance. We are also with Corporal Leavitt, trapped by friendly fire alongside the Korean children he tries to rescue. We see Lark's dreams for Termite and her own future, and how, with the aid of a childhood love and a spectral social worker, she makes them happen. We learn of Lola's love for her soldier husband and her children, and unravel the mystery of her relationship with Nonie. We discover the lasting connections between past and future on the night the town experiences an overwhelming flood, and we follow Lark and Termite as their lives are changed forever.

NATO After Russia's Invasion of Ukraine Jason W. Davidson, 2026-01-05 A revealing look at differing threat perceptions in six key NATO countries When Russia began its full-scale invasion of Ukraine in February 2022, analysts and policymakers highlighted the unifying shock that NATO members experienced. However even before the return of US president Donald Trump, beneath this seeming cohesion lay deep-seated differences in how member states perceive and prioritize security threats. *NATO after Russia's Invasion of Ukraine* analyzes the six most influential members of the alliance: the United States, the United Kingdom, France, Germany, Poland, and Italy. Through extensive interviews with current and former policymakers and a detailed examination of public statements and policies, Jason W. Davidson delivers a unique

assessment of how divergent threat perceptions influence the NATO allies' major defense decisions, such as defense spending, and whether the alliance addresses each ally's most important threat and its view of NATO's most important challenges. With the rise in tumultuous geopolitical challenges posed by Russia, China, terrorism, mass refugee flows, and nationalism, this book provides the crucial context needed to navigate NATO's evolving role in international security. Davidson provides vital insights for anyone seeking to understand the complex dynamics shaping the future of NATO and transatlantic security. Policy professionals will find actionable intelligence, while scholars and students of international relations and political science will appreciate its rigorous analysis and extensive primary research.

Confederate Sheet Music E. Lawrence Abel, 2015-06-14 During the American Civil War, songs united and inspired people on both sides. The North had a well-established music publishing industry when the war broke out, but the South had no such industry. The importance of music as an expression of the South's beliefs was obvious; as one music publisher said, The South must not only fight her own battles but sing her own songs and dance to music composed by her own children. Southern entrepreneurs quickly rose to the challenge. This reference book is distinguished by three major differences from previously published works. First, it lists sheet music that is no longer extant (and listed nowhere else). Second, it gives complete lyrics for all extant songs, a rich source for researchers. And third, a brief historical background has been provided for many of the songs. Each entry provides as much of the following as possible (staying faithful to the typography of each title page): the title as published, names of all lyricists, composers and publishers; dates of publication; cities of publication; and if applicable, the names of catalogs or magazines in which the song appeared. Music published in Southern cities under Federal occupation is excluded.
