Sarah Kane's 4.48 Psychosis Glenn D'Cruz,2018-02-07 Everything passes/Everything perishes/Everything falls - 4.48 Psychosis How on earth do you award aesthetic points to a 75-minute suicide note? The question comes from a review of 4.48 Psychosis' inaugural production, the year after Sarah Kane took her own life, but this book explores the ways in which it misses the point. Kane's final play is much more than a bizarre farewell to mortality. It's a work best understood by approaching it first and foremost as theatre - as a singular component in a theatrical assemblage of bodies, voices, light and energy. The play finds an unexpectedly close fit in the established traditions of modern drama and the practices of postdramatic theatre. Glenn D'Cruz explores this theatrical angle through a number of exemplary professional and student productions with a focus on the staging of the play by the Belarus Free Theatre (2005) and Melbourne's Red Stitch Theatre (2007).

The Palgrave Handbook of Theatre and Race Tiziana Morosetti,Osita Okagbue,2021-04-20 The first comprehensive publication on the subject, this book investigates interactions between racial thinking and the stage in the modern and contemporary world, with 25 essays on case studies that will shed light on areas previously neglected by criticism while providing fresh perspectives on already-investigated contexts. Examining performances from Europe, the Americas, the Middle East, Africa, China, Australia, New Zealand, and the South Pacific islands, this collection ultimately frames the history of racial narratives on stage in a global context, resetting understandings of race in public discourse.

Performing Copyright Luke McDonagh,2021-06-17 Based on empirical research, this innovative book explores issues of performativity and authorship in the theatre world under copyright law and addresses several inter-connected questions: who is the author and first owner of a dramatic work? Who gets the credit and the licensing rights? What rights do the performers of the work have? Given the nature of theatre as a medium reliant on the re-use of prior existing works, tropes, themes and plots, what happens if an allegation of copyright infringement is made against a playwright? Furthermore, who possesses moral rights over the work? To evaluate these questions in the context of theatre, the first part of the book examines the history of the dramatic work both as text and as performative work. The second part explores the notions of authorship and joint authorship under copyright law as they apply to the actual process of creating plays, referring to legal and theatrical literature, as well as empirical research. The third part looks at the notion of copyright infringement in the

context of theatre, noting that cases of alleged theatrical infringement reach the courts comparatively rarely in comparison with music cases, and assessing the reasons for this with respect to empirical research. The fourth part examines the way moral rights of attribution and integrity work in the context of theatre. The book concludes with a prescriptive comment on how law should respond to the challenges provided by the theatrical context, and how theatre should respond to law. Very original and innovative, this book proposes a ground-breaking empirical approach to study the implications of copyright law in society and makes a wonderful case for the need to consider the reciprocal influence between law and practice.
