Black Canvas Dana Aros,2016-08-15 In this map-your-destiny book, you make the decisions as Kelly Anne, who has been on various medications for her bipolar disorder since she was fourteen. Now a senior in high school and off your medication, you struggle to express yourself to old friends who fear you or don't believe you; to your dad, whose alcoholism keeps him distant; and to your stepmom, who wants to control you. You must find normalcy again by learning to navigate the roadblocks of your own mind. Black Canvas is from Dark Roads, an EPIC Press series. Some titles may contain explicit content and/or language.

Glimpses of God Mike Black,2022-11-03 Quite often, we see things only when we are looking for them. This lead me to begin looking for glimpses of God in my day-to-day life and all the things that were directly part of my life or just in the world and events around me. In the pages of this book are observations and insights from lifeglimpses of God that I only saw because I was looking for them, for him. I found insights into my heavenly Father and his relationship with me, his child, as I looked at and listened to everyday events as a father to my children. That led me to insights about us as human beings in relation to God and each other. That opened my eyes to new perspectives on scripture. I became more aware of God's presence all around us. It helped me bring God into my world. This helped me realize our successes may mean more than we think, and our failures may be of more value than we realize. You have a very personal relationship with an almighty God who knows your name, knows everything about you, and desires a very personal relationship with you. His relationship with you is different from any other relationship he has. It's special to him. Take it. Own it. Make it yours. Look for him. Catching glimpses of him day to day will change your perspective. It will change your relationships with your family, people around you, even with yourself. And it will change your relationship with God.

All Shook Up Enid Langbert,2025-07-30 This YA debut speaks to the continued interest in the teen culture of the 1950s—Elvis Presley, teenage rebellion—with a young girl embarking on adventure and music, ultimately uncovering family

secrets. Being fourteen is especially hard in 1956, when the world is changing around you. Honor student Paula Levy was born into a family of historical victims: her mother's youth was lost in the Depression and her father's was destroyed in the Holocaust, an as-yet-unnamed event about which no one speaks. But Paula has heard the new music taking hold of the nation—rock and roll—and it has given her hope. And she has two friends to get her through life's ups and downs: Holden Caulfield, hero of *Catcher in the Rye*, who shares her view of the world, and Barbara, a cool girl in her high school who unexpectedly shares Paula's view of Holden. Paula's mother is not a fan of Barbara, and she prohibits her daughter from associating with her. Paula manages to get around her mother's rule and see Barbara anyway—but when Paula asks the wrong questions about her father's past and Barbara is caught with her boyfriend, their private world of Holden, rock, and Elvis Presley crumbles. Angry with the adults in their lives, the two girls run away to find Barbara's real father, a jazz musician. Disappointingly, he does not live in a mansion or socialize with Elvis—but Paula and Barbara may find something even better.
